

YOUNG GIRL SHOT DOWN.

Toronto Young Woman Victim of Young Man's Spite.

Fired at Girl While She Was Walking in Street.

Claimed That Girl Had Labeled Him to His Sweetheart.

Toronto, Nov. 5.—Within a stone's throw of her father's house, which she had just left to take a walk with two young men and a girl friend, Esther Hazell, a pretty young girl of 19 years, was shot three times in a most cowardly manner last night and is lying in Grace Hospital in a serious condition.

The shooting was done about 10 o'clock by George Neilson, of 737 King street west, whom the police captured shortly before midnight at the home of his sweetheart, 885 Queen street west. He gave up without resistance, admitting the whole thing, and was locked up at No. 3 police station.

The shooting was a result, it appears, of the things Miss Hazell had said about Neilson. She was a friend of Alma Tucker, aged 17 years, of 885 Queen street west, with whom Neilson was keeping company. Miss Hazell repeated time and again to her friend that Neilson was a bad man and that she should not go about with him.

Last night Miss Tucker went up to Miss Hazell's for tea and there was joined by Miss Hazell's father, a man by the name of Richard Howarth. The three were going out for a walk shortly before 10 o'clock, when Neilson came along and they all stopped and chatted a while. They then started off for a walk, and Mrs. Hazell, the girl's mother, who was standing in the doorway, told Howarth that she was hanging back, to go along with them.

Mr. Asquith, in a brief speech closing the debate, said that it was incumbent upon those who objected to the Government's taxes to provide some alternative scheme to meet the nation's necessities. Where was this scheme? asked Mr. Asquith.

Sooner or later Mr. Balfour must show his hand, and it would have to be a hand that would suit the game of tariff reformers.

The Government, continued the Premier, might well be content to rest themselves in patience. There were only two issues before the House—the taxes proposed by the budget or tariff reform.

The division was then taken, and the announcement of the vote, showing the Government's majority to be larger than had been expected, was greeted with prolonged Ministerial cheering. The Conservatives had counted upon a score of Liberal abstentions, but apparently only two Liberals joined the Nationalists in not voting.

WON'T COME.

Ontario Government Cannot Extradite W. L. Russell.

Cleveland, Ohio, Nov. 4.—W. L. Russell, mining promoter, of Lima, Ohio, who was arrested last September on extradition proceedings, brought by the Ontario Government, was released this afternoon by United States Commissioner Walker. Russell was one of the partners of Law & Company, mining promoters, doing business in Toronto, Canada.

The Ontario Government claimed that the concern altered a report of a mining engineer so that it applied to its mines, and charged Russell with obtaining money under false pretences.

Russell claimed that the property described in the engineer's report did belong to his company, and that the whole affair was the result of a desire of a former employee of the company to get even for being discharged.

The Provincial Government were notified yesterday that the decision in the case had gone against them. Pending the arrival of the text of the judgment it is unlikely that any further action will be taken.

Avoid Taking Cold

If people would only use ordinary precautions, the toll of disease and death directly traceable to neglected colds would not be nearly so heavy. Learn to breathe properly—don't expose the person needlessly to sudden changes of temperature, dampness and draughts.

FINANCE BILL

Passed by the House of Commons by Big Majority.

New Up to the Lords to State Their Position.

London, Nov. 4.—The House of Commons to-night passed the third reading of the finance bill by a vote of 379 to 149. The scene in the House was a memorable one. Seldom has there been a larger attendance of members and Peers, and the diplomatic galleries were crowded to their utmost capacity.

The Government, continued the Premier, might well be content to rest themselves in patience. There were only two issues before the House—the taxes proposed by the budget or tariff reform.

The division was then taken, and the announcement of the vote, showing the Government's majority to be larger than had been expected, was greeted with prolonged Ministerial cheering.

PREMIER ASQUITH.

to-morrow, and the debate on the second reading, which will determine its fate, will be on November 22nd. The Liberal papers this morning are pleased that the budget has left the House of Commons, backed by a solid majority, representing the whole strength of the party, including the Labor members.

The abstention of the Nationalists is a declaration of war against the House of Lords, when the struggle is carried into the country at the general election.

At their meeting the Nationalists also refused to call upon the Government to reject the amendments made in the House of Lords to the Irish bill.

In connection with the idea that the Lords had decided to reject the budget a mysterious paragraph appears in The Daily Telegraph, a strong Unionist organ, declaring that nothing has yet occurred that can be taken as defining the Lords' attitude. On the contrary, says the statement, the Peers will approach the consideration of the bill unpledged and untrammelled.

MRS. R. H. VAN DEMAN, FIRST AMERICAN WOMAN TO FLY.

Washington, D.C., Nov. 4.—When any officer's wife has a lot of money—and a good many of them have—it's great fun to put it all over the rest of the army wives with a new sensation, social or otherwise.

In her girlhood in the west, Mrs. VanDeman gained the title of "Lady Jack." That's what the army folks call her now.

ATTACK ON A WOMAN.

Negroes Bind Husband and Abuse Wife Before His Eyes.

One of Them Shot Down in Small Store.

Gassaway, W. Va., Nov. 4.—Every precaution is being taken to-day to prevent the lynching of two negroes under arrest here in connection with the fiendish attack made upon Mrs. Albert Lockhold, a white woman. Three negroes committed the assault and one of them was run down last evening by an infuriated crowd and riddled with shot.

Word from the Lockhold home at Exchange, near here, is that Mrs. Lockhold will recover.

Although it has not been definitely decided whether or not the two negroes in custody were implicated in the assault, the residents of this part of West Virginia are greatly excited.

One of the prisoners protests his innocence. He is John Robinson, of Exkins, W. V. The other one is silent and refuses to talk.

The assault on Mrs. Lockhold was most brutal. After breaking into the house the three negroes tied the husband hand and foot and, before his eyes, mistreated his wife. Soon after the negroes departed Lockhold freed himself and summoned aid among the farmers.

CAN GIVE MEN.

Hon. Frank Oliver Speaks on Naval Defence.

Winnipeg, Nov. 4.—Hon. Frank Oliver addressed a rally of city Liberals this evening. His views on the naval question were crystallized in the following expressions:

"While it might be quite proper for either Australia or New Zealand or South Africa to make direct contribution in money or ships to the United Kingdom, it does not follow that that

HON. FRANK OLIVER.

would be the best procedure in the case of Canada. First of all, of course, the value of the contribution by any overseas dominions to the Imperial navy, either directly or indirectly, is its moral effect in demonstrating to the world the unity of the empire as a fighting force.

"A contribution of money or of ships is important, as establishing the unity of the empire, but the contribution of money and ships and men is surely very much stronger evidence of the unity and strength of the empire as a fighting force. Canada is in a position to contribute men as well as ships and money, as Australia, South Africa, and New Zealand are not, for the reason that these dominions have not anything like the same extent of maritime population and maritime traditions. Canada on her eastern seaboard has an essentially maritime population, a population which for seamanship and general capabilities on the sea is not equalled in the world.

GIRL'S SUICIDE.

Plunges From Ninth Storey Window to Fearful Death.

Cleveland, Ohio, Nov. 4.—Cecilia Duboistein, 19 years old, who was despondent because she fancied that her sweetheart in New York was attempting to evade marrying her, jumped to death to-day from a window of the ninth floor of the Card building.

Miss Duboistein last night received a letter from her fiancée asking her to be patient and wait a while longer, and to-day she went to a shirt waist factory, where she was employed, and drew her earnings with the avowed intention of going immediately to New York.

Later she returned to the factory and asked to be re-employed. The busy foreman waved his hand, meaning, he says, for the girl to wait a minute. It is supposed, however, that she thought his action meant she would not be employed again, and, mounting the ninth floor, she broke a small window, crawled to the ledge and dropped head foremost 115 feet below into an excavation for a new building.
