About the beginning of February, he expects to have it in perfect working order; and—that being accomplished—he will, afterwards, issue Hazzard's Gazette TWICE a seek, of the same size as that in which it is at present published, and, to Subscribers, at the same price. The advantages which, from this Liberal Abranders, will accrue to Subscribers and Advertisers, are so apparent, that they require no comment, and a due appreciation of it, by the public, will, it is hoped, appear in the increased patronage bestowed upon the Paper.

DISORDERED STONACH, INDIGESTION AND DETERMINATION OF BLOOD TO THE HEAD. Copy of a Letter from Mr. John Lloyd, of Erw-ven, near Harlech Merionsthaire.

To Professor Holloware.

Sta, —I avail myself of the first opportunity of informing you, that, for a very long period, I was afflicted with a dangerous giddiness and frequent swimmings in the head, attended by itse of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length it became so alarming that, I was really affraid of going about without an attendant. In this melanchely condition, I waited personally upon Mr. Haghes, Chemist, Harlech, for the purpose of consulting him as to what I had better do; he kindly recommended your Pills. I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any was may think proper.

PLAINT, WITH INDIGESTION AND VIOLENT
HEAD-ACHES.

Extract of a Letter from S. Goven, Chemist, of Clifton, near Bristol, dated July 14th, 1862.
To Professor Holloway,
Dear Sir.—I am requested by a Lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years herself and family suffered from continual bad health, arising from disorders of the Liver and Stomach, Indigestion, leus of Appetite, violent Head-aches, pairs in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result; at last, she had recourse to your invaluable Fills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further she desires me to say, that she has witnessed their extraordinary virtues in those complaints incidental to children, particularly in cases of Mensles and Scarfatina, having effected positive cures of these diseases with no other remedy.

Dean Sim.—I have made pleasure in handing to

acquainted was affected for a long time with violent
spasmodic pains in the stomach and liver, arising from
frequent colds, smells of paint, and the efficts of a
stooping position which he was obliged to assume in
his business. The spasms were of an alarming character, and frequently laft him. In a weak and debilitated condition. At length he hieard of the isalutary of effect of your invaluable Pills, and was induced to give
them a trial. The first dose gave him considerable
relief, and by following them up in accordance with
your directions, they have acted so wonderfully in
cleaning the liver and stomach, and strengthening the
digestive organs, that he has been restored to the enjoyment of good health.
I remain, dear Sir, yours faithfully,
