

LOCAL AND OTHER ITEMS.

A crowd of about 100 persons has been gathered at the Hotel...

The Municipal civil election takes place on the 11th inst.

J. H. HERRICK, Architect, of South East has resigned to John McLean.

Trains will be up about the 11th inst. in order to close business.

Three men last night were received on Friday, Monday and last evening.

Mr. Joseph H. HERRICK died at his residence in this city, Thursday evening, aged 60 years.

Mr. HERRICK was member of the first boat club on the St. John's River.

A case of diphtheria of a virulent type exists in the family of Mr. Mother Dyer of South Street.

The case is of a virulent type and is due with the disease. He only recently returned from Maine, where he had been employed.

The father is now away working in Nova Scotia.

John A. Segan sends the St. John Sun the following receipt for diphtheria and scarlet fever, and adds that it is a new one for those diseases and is a new one.

There is no need of disinfecting the powder in water until the disease makes its appearance.

The receipt is: For dry granules, capsules of Soda, dissolve in half a wine glass of cold water; one capsule every four hours.

Mr. Herbert L. Hall, of this city, intends having a pamphlet on the advantages of this Province as a summer resort.

An edition of about 50,000 will be issued for free distribution in the United States and Canada.

It is the intention to illustrate the publication with the best views of Island summer scenery obtainable.

Parties having established relations do well to communicate with Mr. Hall.

Three years old boy of Mrs. John Fawcett, of Foxfield, N. B., was burned to death last Wednesday.

While the mother was absent from the house it caught fire in some way, and her little child, who had been playing in the building, perished in the flames.

The fire had made much headway before being discovered that it was impossible to remove the body of the child until after the house had burned down.

McKENNAN, the fact that A. O. McKennan, of Truro, was acquitted by the coroner jury of the murder of James Fraser at Los Angeles, Cal., is to be proved against the charge of murder.

Mr. McKennan, it is said, has been to fight which shows that Fraser had no connection with him, and that McKennan, and therefore the shooting was not self-defense.

Fraser was a member of the Brotherhood of Engineers of California, and that body and a brother of Fraser, who is in Halifax, have taken the prosecution of McKennan as a matter of course.

A large number of the industrial business men of Halifax have elected a committee to present a memorial to the Governor in relation to the proposed extension of the Grand Trunk Railway in the community, its starting character and efficiency, and expressing an earnest wish that it might be continued in its present position under the new management.

Another memorial has been in circulation asking for the appointment of Howard Clark to the position, but at the Halifax meeting it was decided to appoint Mr. H. H. Pitts, M. P., proprietor of the Fredericton Reporter has been served with a writ of habeas corpus in an action instituted by Major Hines, of Boston.

Mr. Hines alleged to have been contained in an article printed in the Reporter in connection with a rumor respecting the killing of Mrs. Hines on the Tynesburg river.

The article in question said that Hines had been shot in the back of the head, and that the person who is serving a sentence for the crime, had been guilty of the shooting.

In the following issue the paper voluntarily corrected the report and explained that it had appeared without the author's knowledge.

The reporter has been ordered to pay a fine of \$100 for the article.

The January number of the Lake Magazine which has just been issued, is one of the best ever presented to the public.

From beginning to end it is full of matter which is not only interesting and amusing but instructive as well.

A well written article on Mexico, with accompanying illustrations, occupies the first position on a striking article on the case of Katherine McManis; a political article by Knapp, dealing in a masterly way with the question of the day, Canada and Imperial Federation; and a number of short stories and sketches.

The Lake Magazine is published by The Lake Publishing Company, Toronto, for 15c a number.

A Toronto man named Napoleon Gallant, son of Daniel Gallant, of Grand Rapids, Ont., has recently received \$2000 for his services in connection with the New York and New England railway.

The young man left home about three years ago and went back to the shore some time since.

Some time ago he was involved in a quarrel, and taking refuge in his life left his wife and children in a state of destitution.

He brought to the attention of the railway and the company, paying over the amount and effecting his job for life.

He, however, some time ago purchased the farm of Mr. Geo. Perry, at Amherst, N. S., and will turn his attention to farming.

Mr. Gallant is to be married on Monday night to a Miss King of Halifax.—Monmouth Times.

A servant girl who recently arrived in Halifax, from her home in Ireland, who is a respectable looking woman, has been arrested on suspicion of having stolen a watch from the house of a gentleman in the city.

The girl, who is about 18 years of age, was taken to the police station, and is now being held in custody.

The girl's name is Mary Ann, and she is from the county of Kerry, Ireland.

She is a very pretty girl, and is well educated.

She is a very good worker, and is well liked by her employers.

The New North Dairying Company. The annual meeting of the New North Dairying Company was held in the New North Schoolroom, Tuesday, the 17th inst.

The President, Mr. J. H. HERRICK, presided, and the following Directors were elected for the ensuing year:—President—Cyrus Shaw (re-elected); Secretary—John Hamilton (re-elected); Treasurer—James Gordon (re-elected); Directors—John Hamilton, P. J. D. Edmonds, Wm. O'Leary.

After considerable business was transacted, the meeting was brought to a close by a unanimous vote of thanks being tendered to the late Board of Directors for the manner in which they discharged their duties during the past year.

JOHN HAMILTON, Secretary.

The people of this island, of the northwest coast of Ireland, are dying by dozens of typhoid fever. The cause of the disease and its virulence are due to the introduction of the people, who have been suffering from typhoid fever for many months.
