Special to Evening Telegram.

LONDON, To-day.

Lord Minto died at four o'clock this morning.

JUAREZ, To-day.

The committee to-day was prevented from proceeding to Chihuahua to examine the Benton body by rebel orders. Col. Ayala, military commander here, declined to permit them to board the regular passenger train which was waiting.

LONDON, To-day.

Bomb outrage attributed to suffragettes occurred at the Church of St. John the Evangelist at Westminster shortly after the conclusion of evening service last night. A loud explosion was heard just after the church had been closed. Investigation found the front gallery, pulpit, several windows and a number of pews destroyed. The Vicar, Archdeacon Wilberforce, is Chaplain of the Commons.

ELPASO, Texas, To-day.

The trip of the Benton Investigation Commission to Chihuahua was suddenly postponed or abandoned to-day shortly before the Commissioners were about to take train. Those concerned said any explanation must come from the State Department. Refugees who are deeply interested in the situation were at a loss to account for the new turn of affairs. Several refugees said they thought Carranza's attempt to use Benton negotiations as a lever to obtain recognition of the Rebel Government and dispatches from Washington indicated the State Department is already satisfied it has the correct version.

LONDON, To-day.

Back to South Africa was the keynote of the great Labor demonstration at Hyde Park yesterday in support of the nine deported labor leaders. In case this undertaking will be found impossible, it is proposed that nine English labor leaders be sent to take the places of the evicted nine. One Mann has already volunteered to go. A hundred thousand persons attended the gathering. Vigorous speeches were made denouncing the action of the South African Government. A resolution was passed, condemning the proclamation of martial law and the subsequent actions of the Government demanding repatriation of the deported leaders.

City versus Progressives.

The Halifax and City teams will play their final game at the Prince's rink to-night. Preceding the match there will be a three mile race, as already mentioned between Messrs. Patterson, Evans and Squires.

Yesterday afternoon the visiting and city teams were entertained at Donovan's hospitality.

What a Lady in Ontario says.

"When the temperature falls below zero, or when a snow blizzard comes along, I bring out my OXO, and with the aid of a few soda biscuits for sandwiches, and my stove to boil the water, I make a meal fit for any weather."

At Rossley's.

There will be shown at Rossley's every day the most up to date collection of pictures ever seen in St. John's, newly arrived from England all the latest features, historical, science and comedy. There will be a matinee every day during Lent, until Holy Week when Rossley's will close down for preparation for great Easter show.

C. C. C.—The regular weekly parade for Nos. 1 & 2 Companies is postponed until Friday night, at 8.15. By order, M. F. SUMMERS, Adjt.—mar 2, 11.

REMAINS COMING.—The corpse of the late Mr. W. Marshall is now on board the Allan Liner, Hesperian, which left Liverpool on Friday last for Halifax, en route to St. John's for interment.

REMOVED TO HOSPITAL.—A man named Edward Sparkes who had been undergoing treatment at the General Hospital was transferred to the Fever Hospital on Saturday last, as he was found to be suffering from erysipelas.

A swindler now under indictment in the United States advertised, "Throw away your glasses." Those who sent him five or ten dollars received in exchange a small box of tablets which the United States mail officials found could be manufactured for twenty-five cents per thousand.

There is no medical, chemical or mechanical means of restoring to normal an eyeball which is irregular in shape for such is the condition in most cases when glasses are worn for constant use. Hypermetropia, myopia, and the various forms of astigmatism are simply cases where the cornea, or clear front portion of the eyeball, is not absolutely spherical, and there is no other known means of overcoming such defect excepting by adjusting glasses. It is to be hoped that none of our Newfoundland friends have been duped by the swindler referred to above. You are always safe in consulting R. H. Trapnell, Eyeglass Specialist, St. John's, when your vision requires attention.—feb 27 eod, 11.

Almeriana's Long Trip.

The S. S. Almeriana, Capt. Merick, arrived here from Halifax, Saturday night, bringing about 300 tons of cargo and the following passengers:—Messrs. Tibble, Smith and Peterson.

She left Halifax Sunday, February 22nd, and made a good run to Cape Race but on Tuesday evening became jammed in the ice off the Cape, and was carried about by the ice until Saturday when she was able to make

for this port. One night the ship was near being driven ashore, and only by skilful management was she brought clear.

The ship was six days on the trip from here to Halifax, and during the passage encountered heavy westerly gales, accompanied by sleet and snow. On arrival at Halifax the ship was coated with heavy ice. She sails again to-morrow for Liverpool.

Destructive Fire.

House Razed to the Ground. The house owned and occupied by Edmund Russell, Newtown Road, was totally destroyed by fire on Saturday evening last.

The fire was supposed to be caused by defective stove funnelling and gained headway rapidly, so that the occupants barely escaped with a few belongings.

No alarm was sent in, owing to the distance from the city, and if the fire companies had been called no water was available. There was no insurance on the house, and the loss to Mr. Russell is a heavy one.

B. I. S. Meeting.

The adjourned annual meeting of the B. I. Society was held yesterday morning, the chair being occupied by the President, Hon. J. D. Ryan.

The following were appointed as members of the L. and A. Committee: Messrs. W. J. Higgins, C. J. Fox, J. Carey, J. M. Darcy, T. J. Power, J. H. Dee, P. J. Grace, R. Allison, A. Summers, W. J. Harris, M. J. O'Hara, E. J. Ring, E. J. Brophy and P. R. Devine.

The question of holding a parade on St. Patrick's Day was discussed, but was postponed for final discussion at next Sunday's meeting.

T. A. Juveniles Meet.

The regular monthly meeting of the Juvenile Branch of the T. A. and R. Society took place yesterday, and eight candidates were elected to membership. During the meeting the prize donated by President Ellis was awarded to Master Wallace for having brought in the greatest number of candidates during 1913. A similar prize has been offered for this year, and great enthusiasm prevails.

A MODERN INSTANCE.

It was something like a ringworm on his head, or rather at the back of the neck, just below the hair, and seemed inclined to spread. Washing with antiseptic solutions, and the use of common ointments scarcely availed to prevent its getting larger. He was puzzled. Then he saw an advertisement of Zylex and Zylex Soap, and decided to use them. Procuring a box of Zylex and a cake of Zylex Soap he washed the part carefully, and applied the ointment freely. The result was marked almost from the first. In a few days the spot had disappeared, and everything was as well as ever. Now he uses Zylex Soap regularly and keeps a box of Zylex always handy.

Have you such spots? Then use Zylex. You will soon forget that you have had any skin troubles. At all druggists. Zylex, 50c. a box; Zylex Soap, 25c. a cake.—feb 26 eod, 11

Stock Heavy

Demand Limited.

The Board of Trade received the following from Lind and Coats, of Ontario, on Saturday:—"The stock of British codfish now here is very heavy and the demand continues very limited. We look for some improvement as Lent approaches but prices cannot be maintained."

BILLIARD TOURNAMENT.—Mr. W. Phelan won the prize offered in the B. I. S. handicap tournament. Arrangements for the annual billiard dinner are now being made.
