

I Avoided an Operation Appendicitis Disappeared

Dr. Chase's Kidney-Liver Pills At all Dealers. GERALD S. DOYLE, DISTRIBUTOR.

"I took a severe pain in my right side. It was very bad at times. I tried oils and tablets without gaining any relief. The doctor pronounced it chronic appendicitis. I dreaded an operation and a friend advised Dr. Chase's Kidney-Liver Pills. I used them and not only obtained relief from pain, but I believe it has completely freed me of appendicitis, as it is now over a year since I have had any of the old symptoms."

Anglo-French Agreement Hangs in Balance.

Last Effort of Entente on German Reparations -- Allies Reach Understanding on Turkish Affairs -- Ulster Remains Outside Free State -- Sir Richard Squires is Optimistic.

A MOMENTOUS MEETING. PARIS, Dec. 7. Premier Poincare leaves at noon for London to attend the conference of Allied Premiers, which is expected to reach an agreement on Germany's reparations before France sets out independently to collect in her own way. The meeting is looked upon in many ways as the most important since the armistice, involving, as it does, a continuance of friendly co-operation between France and Britain.

tonight to Italian correspondents. "What we propose to the Turks is perfectly reasonable. I hope the negotiations are successful, otherwise there will be war."

ULSTER CONTRACTS OUT. BELFAST, Dec. 7. Both Houses of the Ulster Parliament voted unanimously today to contract out of the Irish Free State, as permitted under the Anglo-Irish Treaty. Premier Sir James Craig stated in the Commons that Ulster would not appoint representation on the proposed commission to fix the boundary between Ulster and the Free State, nor would she be interested in the commission in any way.

IRISH DEPUTY KILLED. DUBLIN, Dec. 7. President Cosgrave announced to-

Llewellyn Club Lecture. "A TALE OF TWO CITIES." At the Canon Wood Hall last night, Mr. Colley delivered a lecture on "A Tale of Two Cities," to the Llewellyn Club and their friends. The lecture started at 8.15, and for an hour and a half the speaker held the closest attention of his audience. The lantern slides of both London and Paris were excellent, and Mr. Colley's graphic description of things that could not be seen in the pictures was both interesting and instructive and amusing. This is the third time, by request, that Mr. Colley has lectured on this subject. At the conclusion the President, Rev. E. C. Earp, and Hon. R. Watson, warmly thanked Mr. Colley on behalf of the Club for the very enjoyable lecture. The meeting closed at 10 p.m. with the National Anthem, to remain closed for the balance of the year. A good programme is scheduled for the coming season.

The Unloved Wife.

SIR RICHARD SQUIRES AND THE HUMBER PROPOSAL. MONTREAL, Dec. 7. Sir Richard Squires said here today that a plan will be laid before the Government of Newfoundland early in the New Year for the construction of a mammoth newspaper plant capable of producing approximately four hundred tons of newspaper daily on a property which will cost about 18 million dollars. Should this scheme be adopted, declared Sir Richard, it will revolutionize industrial Newfoundland. He explained that half the capital necessary for the construction of the mills has been promised by the Imperial Government, the balance to be carried by two issues of twenty-five year bonds in Britain or the United States. At present, he said, two hundred and fifty thousand horsespower, lying idle in water resources, were planned to utilize eighty to one hundred thousand for a newspaper plant, while the remainder will be devoted to other industries, one of which will be ore smelting. Providing Legislature approves the plan, Sir W. G. Armstrong Whitworth Coy. will attend to the hydro electric development and to construction of the mills, the output of which, Sir Richard stated, "can be sold to England or the United States without the slightest trouble."

A Man Without a Leader

MR. MACDONNELL DEPRECATES PRESS COMMENT ON HUMBER DEAL. (Western Star.) I belong to no leader and no party, stated James R. MacDonnell, Member of House of Assembly for St. George's District, to a representative of the Western Star in an interview on Monday last. He stated that he was opposed to the present government, but that he favored development on the Humber. Regarding the present Humber project, however, Mr. MacDonnell thought that too much was being said until such time as details of the proposition became public. The merits and the demerits of the scheme could not be intelligently commented upon in the absence of such information. He thought that the press should drop debate on the project until all particulars were available for presentation. The West is our heritage and it will become those of elsewhere to do what might impede its development. "We do not want your interference," stated Mr. MacDonnell.

Goss Trial at Harbor Grace.

VERDICT "NOT GUILTY." The case of the King vs. Josiah Goss was heard before Judge Johnson and a special jury at Hr. Grace yesterday. The charge arises out of some fish transactions on Labrador, during the Fall of 1921, and much interest was centred in the case. The trial lasted all day, many witnesses being examined. Mr. E. Leo Carter was the Prosecuting Attorney, while W. J. Higgins, K.C., appeared for the defendant. The address of Mr. Higgins to the jury was one of the best in his career, and he was complimented by Mr. Justice Johnson. The jury retired at 10 o'clock last night to consider a verdict, and after one and a half hours deliberation they filed back into the court room and reported their finding as "Not Guilty." Mr. Higgins returned to the city by the noon train today.
