MINARD'S LINIMENT FOR HEAD

## B. P. O. E. of Grand Falls Hold Big Entertainment

The Elks of Grand Falls heard the echo of their winter barrage reverberate to their credit on April 22nd, when in the Town Hall one of the most enjoyable and successful dances ever participated in by that town was held under the auspices of Lodge 59, B.P.O.E.

The hall, artistically decorated in the Elks colours with its waxed floor and miniature forest of spruce, decorated with coloured lights at the lower ends, presented an alluring temptation to those who delight in a dance in a grand hall. The music, of a very high order, was supplied by a Jazola orchestra, some fourteen instruments and piano, under the able direction of Bro. Prof. Goss. The dance programme featured waltzes, fox trots, one steps and lancers and commenced with a Grand March. Exalted Ruler Bro. J. Turner, leading, while in progress paper headgear bearing the emblem of the order was distributed.

Credit for the success of the affair is due Bro. "The Original" Pop Dean and Bro. A. Crawley, Newfoundland's premier bassist, who did much to complicate the fact that an Elk is primarily a "good fellow." Elksdom seeks to make life sweeter, men better and the world happier, and its establishment in the larger centers of Newfoundland will materially assist in the building of a better citizenship whose delight will be to help those who cannot help themselves. Our local bard says:

For a man's good deeds are the only things that remain forever to mark  
His path through life when the last sup sets and he goes out into the dark.  
Far better a monument built of love than of sculptured and graven stone  
When we sail out over that unnamed sea to that land that is all unknown.

Grand Falls, April 30, 1924. L.M.

## Germans Again Blame America

Berlin, April 6 (A.P.)—American prohibition is responsible for the high price of coffee in Germany, in the opinion of many contributors to local newspapers. Since the Americans cannot have alcoholic drinks they use more coffee, it is argued; hence the high price of coffee in Germany.

Germany now uses only about 25 per cent. of the amount of coffee she used to drink. Coffee which cost 1.60 marks before the war now costs 3.20 marks.

## Canadian Veteran in Mexican Prison

WINNIPEG, April 22.—(Canadian Press)—Languishing in a Mexican prison in Vera Cruz, under conditions described as horrible, is a young Winnipeg ex-soldier, with a distinguished war record, condemned to serve a term of twenty years. His name is Arthur Patrick Helliwell. Mrs. A. Helliwell, the boy's mother, who resides in this city learned of his condition through the good offices of a kindly woman who saw young Helliwell on board ship, bound for prison.

According to Mrs. Jennie Ackerman, stewardess of the steamer "Monarchy," a passenger boat running out of New York harbour, Helliwell was sentenced for having shot and killed a man at Tampico, Mexico. His plea was that of self-defence. In her letter to the boy's mother, Mrs. Ackerman stated that Helliwell's plight enlisted the sympathies of those on board. Despite his terrible fate he had remained uncommunicative and at first had been too proud to divulge his real identity in order that efforts might be made to secure his release. He is known to his guards as "Jack Burnham."

Mrs. Ackerman warns Helliwell's mother that her son may be permitted to attempt escape after a year or two of incarceration in order that some valid excuse be given the guards to shoot him down. This, she points out, is the Mexican way of avoiding the expense of keeping prisoners. Negotiations have been opened with Hon. E. M. McDonald, Minister of National Defence, Ottawa, and an attempt has been directed to the Department of Justice urging that proceedings be immediately instituted to bring Helliwell back to Canada. Veteran organizations are also lending their assistance in the matter, while communications have been sent to the British consul and Governor of the state of Vera Cruz requesting their intervention.

## Everest Expedition Hopeful of Success

IN REACHING SUMMIT.

CALCUTTA—(A.P.)—"If we don't get to the top of Everest this time it will not be our fault," was the smiling assurance of General Bruce when he landed in Calcutta as the head of the new expedition to climb the world's highest peak. "I seldom felt fitter in my life, and all the members of the party appear to be in similar condition."

"What we are all praying for is a late monsoon. The question of whether we are successful or not will depend largely on this. If the monsoon comes early, our chances will be greatly reduced. On the other hand, if it keeps off until well in June it will do us an infinite amount of good." As may be expected, an excursion of this kind must inevitably depend on luck in various forms, but particularly in the shape of propitious weather.

The general plans are similar to those of previous expeditions. The start is to be made from Darjeeling. Much care has been expended in the selection of equipment, numerous im-

provements having been made on the basis of former experience.

"The present expedition," continued the leader, "is intensively anxious to meet the Tibetan Government in every possible way. Every care will be taken not to go against the least detail of its wishes. We appreciate the kindly attitude of the Tibetans on this and on past occasions. On the last trip we could not have been better treated."

General Bruce stated that the scientific work of the expedition would be similar to that of previous years, except that on this occasion it was hoped to intensify observations and to secure a better photographic record. "We are as keen as mustard to be off," he said, "for all its hardships there is fun in it."

home, bonds, real estate or automobile on installments were extended by a waiter in a restaurant here to cover the purchase of a painting in the Chicago Art Institute.

This waiter had no cultivated gift of sensing high art, but his native eye became delighted at a half-length figure of a young girl painted in the costume worn in the south before the Civil War. It was his first visit to the institute and the picture was one of hundreds on exhibition.

He asked the price and found that it was marked at \$175. It was reasonable, but he drew only a small salary. Approaching the sales agent he said: "I like that picture. I would like to own it, but I cannot pay for it now."
