The Proposed Early Shop Closing.

A meeting of those interested in having the shops closed at an earlier hour on Saturday evening was held Friday afternoon in Victoria Hall. Most interesting reports were given by those who have canvased the city on behalf of this object. It is evident from present information that the majority of the merchants are heartily in sympathy with the retorm. A meeting 1881 one Hanover mortgaged cer

An Old Engineer Dead.

The death occurred at Port Rowen on Thursday of Mr. Wm. Irwin, a well-known G. T. R. engineer, formerly of Stratford. He removed to Port Rowen about four years ago, but he has been eff duty for six or seven years. He was one of the oldest engineers running out of Stratford. The funeral took place from the residence of his son-in-law, Mr. John Cooper, 506 Horton street, this city, this afternoou at 3 o'clock.

Western Ontario Oil Devolepments.
Contradictory reports from Holmesdale, the new scene of wild-catting operations are about the only occurrences of interest this week. A rumor reached town on Monday that the usual "duster" had been found, but a correspondent from that aspiring burg announces the startling information that oil—the genuine liquid petroleum, without any flies on it—has been struck at a depth of 514 feet. The correspondent adds, "To those operating in Petrolea and Oil Springs this may seem strange, but considering the depth we had to go before reaching the lower time—440 feet—the reason of our going so much deeper than at Petrolea is explained." He further adds that a pump will be procured and the hole "jerked" for all there is in it. The well was drilled on the precurve of Mr. R. F. Mather, not for Western Ontario Oil Developments. will be procured and the hole "jerked" for all there is in it. The well was drilled on the property of Mr. B. F. Mather, not far from the M. C. R. A few days will no doubt reveal the prospects of the territory, but at present operators in this district do not appear to take much "stock" in the matter. Further wild-catting operations will be commenced in a district a few miles southwest of Petrolea shortly.—[Petrolea Topic. Where is Angus Frasor?
