That Tired Feeling

That extreme tired feeling which is so distressing and often so unaccountable in the spring months, is entirely overcome by Hood's Sarsaparilla, which tones the whole body, purifies the blood, cures scrofula and all humors, cures depends are an appetite, rouses the torpid liver, braces up the nerves, and clears the mind. We solicit a comparison of Hood's Sarsaparilla with any other blood purifier in the market for purity, economy, strength, and medicinal merit.

Everybody needs and should take a good spring medicine, for two reasons:

1st, The body is now more susceptible to benefit from medicine than at any other season.

2d, The impurities which have accumulated in the blood should be expelled, and the system given tone and strength, before the prostrating effects of warm weather are felt.

Hood's Sarsaparilla is the best spring medicine. A single trial will convince you of its superiority. Take it before it is too late.

To the Sporting Editor of the Advertiser:
BUFFALO, N. Y., May 31, 1891.
Dear Sir,—I am getting in good shape for my match with Richardson, and if he beats me again I will be satisfied that he is the better man. I think that the intense heat and luck favored him that night. I am very much obliged to you and the people for the kindness I received while in London. Yours respectfully. Yours respectfully,
Dennis Gallagher.

DENNIS GALLAGUER.
Gallagher is expected in the city to-day, and will finish his training here. Richardson is also trimming up in Dorchester, and with both men so confident the Grand Opera House on the evening of Tuesday next, June 9, should be the scene of a splendid struggle for supremacy.

CRICKET.

On the county ground at Taunton, England, a remarkable cricket match was played the other day between the Somerset and Glastonbury clubs. The Glastonbury men went first to the bat, and were disposed of in an hour for 86 runs. The Somersets got 656 runs for nine wickets. The feature was the work done by Nichola, the Somerset professional, who carried out his bat for 311. Going in with the first wicket down he remained till the call of "time" at 6 o'clock. His hits included 39 four, 10 threes and 21 twos. He took five wickets for 17 runs. Gerald Fowler made 121, and then purposely knocked his wicket down. down. BASEBALL.

The London and Port Stanley Lease to be Considered Separately—Orangemen Ask a Grant—Crown Attorney Hutch-inson's Warning—A Batch of Business.

Both hands of the clock were nearing the hour of midnight when the city fathers emerged Monday from the Council Chamber, and most of them felt as if a hard evening's work had been their lot. For the first time the detailed nature of the proposed agreement with the G. T. R. regarding the establishment of the car shops in this city, and the cause of so many deputations, communications and ruminations, was openly discussed and allowed to be made public. Full reports of this and other husiness matters handled are appended.

THE ORANGEMEN'S REQUEST.

Among a batch of communications, that of F. H. Wright, on behalf of the Orangemen of London District, No. 1, asking a grant of \$200 towards the intended celebration on Monday, July 13, was singled out for immediate consideration at the request of Ald. Mr. Wright, Maurice Baldwin and others of the committee were heard in support of the petition, and Ald. W. W. Fitzgerald moved that the request be granted. Previous grants had been made, he said, to bring people into the city, and the proposed celebration would bring more to London than those whom the Council had recently assisted. Ald. Taylor seconded the potion.

After some discussion regarding the merits and demerits of the locality specified in the second clause, the former portion of it was laid over, and so amended was sent back to No. 1 Committee to confer with the County Council.

THE CAR SHOPS AGRERMENT.

Then came the biggest item of the evening, the Council going into committee of the whole, Ald. Judd taking the chair. The following, addressed to the Council, explains itself:

Gentlemen,—The undersigned, in company with W. R. Meredith, one of the city solicitors, met the general manager and solicitor of the Grand Trunk Railway Company, and after a full discussion of the subject of the proposed agreement as to the erection of the company's car shops at London, a basis of the agreement, substantially in the terms of the annexed memorandum, was proposed by the company's representatives to be submitted to your honorable body for its consideration and approval. An informal discussion at to the London and Port Stanley Railway matter also took place, the result of which is embodied in the memorandum. All of which is respectfully submitted.
