material be admitted free of duty. Working the raw material into the finished product would give employment to our skilled workmen. The reduction of tariff staxes to the minimum upon the necessaries of life is important to all of our people; it would prove of inestimable value to the unilions who earn their bread by daily toil. To you the tariff is the all-important question. The question is not how much of your earnings shall be given to the support of the Government, but how much shall under the forms of law be seized by the favored—the "protected" classes.
