

CHURCH CANCELS ITS INDEBTEDNESS

Burning of Mortgage Important Feature of Hamilton Road Ceremony.

The burning of the mortgage on the manse property of the Hamilton road Presbyterian church was an important item on the program following the banquet given last night at the church under the auspices of the ladies' aid of the church. The general convenor of the event was Mrs. William Mallough.

The little ceremony of cancelling the church's indebtedness was carried out by Mrs. Frank McNall, one of the earliest members of the ladies' aid society. At its conclusion she presented with a silver cake plate as a keepsake to remind her of the occasion. The presentation was made on behalf of the society by Mrs. A. B. Stein.

Another interesting presentation was made to Mrs. E. M. Copeland, the past president, who has been energetic in her efforts towards paying off the mortgage. Her gift was a silver service, the presentation being made by Mrs. John Lindsay.

Rev. M. J. Creighton, pastor of the church, presided over an attractive program. With him on the platform were the Rev. Dr. D. L. McCrae, a former pastor, and Mrs. McCrae, Rev. James McKay, pastor of new St. James' church, gave the address of the evening. A congratulatory letter from Rev. John Smith of Cobles, Ontario, first pastor of the congregation, was read during the evening by Charles Pirie, chairman of the board of managers. The only other pastor of this church is Rev. Mr. Laverie, now of Calgary.

The program included selections from the orchestra under the direction of A. B. Stein; vocal solos by Miss June Warren, Mrs. Hugh McCormick, Miss Rose Tingey, Mr. Picard, and David Farquhar; violin solos by Miss Isobel Little, and readings by Miss Mary Denigat. A feature of the event was a home-cooking booth maintained by the C. G. I. T.

GARIBALDIANS BLAME ATTACK ON MUSSOLINI

Issue Manifesto Against Firing On Unarmed Ex-Soldiers.

Associated Press Despatch. Chiasio, Italy-Swiss Frontier, Nov. 7.—In consequence of the armistice day disorders in the Piamonte, Rome, between fascists and members of the "Italia Libera," an organization of dissident fascists, the central committee of the latter organization, as well as General "Beppino" Garibaldi, have issued manifestos protesting against what they term the unwarranted attack by the fascists on unarmed ex-soldiers, and accusing Premier Mussolini of being personally responsible.

Both manifestos were stopped by the Italian censor when the foreign correspondents in Rome attempted to cable their contents abroad. General Garibaldi's manifesto follows: "Thousands of our combatants, while accomplishing their most sacred duties today (Nov. 4), the anniversary of the victory in Rome, were cowardly assaulted, revolvers shot coming from an ambush prepared and carried out by members of the fascist militia.

"We, heirs to the Garibaldian tradition and representatives of the combatants for all liberties, denounce to the people the vile ambush, which dishonors the nation. The red shirt has always fought on all battle-fronts for the liberty of the people. It is repugnant to our thoughts that today bands of the fascist movement, knowing we were completely unarmed, surprised in baseness the past tyrannies.

"For what has taken place we consider director responsible the head of the government."

LONDON QUARTET DELIGHTS AUDIENCE IN SEAFORTH

On Wednesday evening in Seaforth Presbyterian church, a quartet, gave a much appreciated concert. Miss E. Naffel of Goderich, was the pianist; Miss Minnie Dobbyn gave readings; Miss E. Naffel, violin solo, and Miss E. Naffel, piano solo, "Rene Angeline," by Rubinstein, for which Mr. Anderson played an organ obligato, was very splendidly rendered.

Miss Naffel, Mr. Anderson and Mr. Harrison delighted in "Overture, Morning, Noon and Night," by Suppe. The members of the quartet included Mrs. Harmon Westland, Mrs. W. Barrows, A. L. Green and H. T. Clarke.

Funeral services will be held tomorrow with Rev. Archdeacon Sage of St. George's Anglican church in charge. Interment is to be made at Mount Pleasant cemetery.

Mr. Burgess is survived by one daughter, Mrs. Thomas B. Tozer, of this city, and four sons, H. J. of St. Thomas, T. A. and F. of London, and A. Burgess of Brantford.

NEW EDUCATION SYSTEM FOLLOWS YESTERDAY'S STEP

Concluded From Page 1.

The same committee plus S. F. Lawson have now the task of executing the changes following the board's approval yesterday.

The new system divides itself roughly into the board of education with legislative functions on one hand and four departments with executive functions on the other, these being public schools, collegiate institutes, technical school, and finance or treasury.

Approval is Unanimous. School trustees and officials alike are unanimous in their indorsement of the proposed changes.

Trustee A. R. Cairncross, chairman of the special survey committee, expressed his pleasure at the changes, as submitted by the survey committee after careful consideration of the Brittain report, had been adopted by the board in their entirety.

"No new positions have been created," pointed out Trustee Cairncross, "and at the same time the staff will be vastly improved. The administrative office has now a head, something which it has always lacked."

Trustee B. N. Cairncross, chairman of the board, and member of the committee, is equally enthusiastic, and believes that a great step has been taken towards greater efficiency in administration.

Trustee Dr. Alfred J. Grant, another member of the special committee, declared that he had nothing but a favorable comment to make on the Brittain report, and the action taken by the board.

"I was enthusiastic from the beginning with regard to the taking of the survey," said Trustee Grant, "and I am more than pleased with the report as submitted. Its simplicity and practical suggestions are in accord with ideas, which I have held with regard to the conduct of the board's business since I have been a member of the board. As a member of the committee appointed to follow up the board's actions in the matter, I intend to do all in my power to have these changes brought about with all possible despatch."

Will Effect Economy. Trustee George F. Copeland, fourth member of the committee, points out that these changes in position are to effect real economy, not only in the administration of its business, but also in the conservation of the time and energy of its members, to say nothing of the officials, spent in attending board and committee meetings.

The business of the board was greatly improved, declared Trustee Copeland, "by the existing organization of committees, and the withholding of initiative from all such committees with the exception of the advisory-vocational committee."

"The Brittain report," he concluded, "gives to the official charged with their responsibility of effecting the reorganization a splendid basis upon which to work."

Inspector V. K. Greer, who will be the executive head of all public school affairs, believes that the action taken by the board will be the means of bringing about a better handling of the board's business, and that a higher degree of co-operation throughout the offices will be effected. I am particularly favorable to a smaller board, and more frequent meetings," said Inspector Greer.

"The members would thus become more acquainted with all the business of the board than is the case under the present system."

"With the special committees and arrangement of officials as suggested by the Inspector Greer," the board should be relieved of a mass of detail, and at the same time better information will be supplied.

Effects Modern Methods. H. B. Beal, principal of the Technical night school, who will be chief technical executive, states that he is heartily in accord with the new system.

"A small board of education, which will act as a board of directors, will decide matters of policy to be carried out by three executive officers of the board," said Mr. Beal, "is in keeping with modern business practice. Centralization of all information in regard to education in one office will do much to co-ordinate education effort in the city."

"The new policy will make little change in the administration of the technical school," continued Mr. Beal, "since the new system of dealing with the business of the board and the system of accounting and purchasing suggested are at present in use in connection with the technical. The advisory-vocational committee is now a committee of the board in which business is initiated and reported upon to the board for final action."

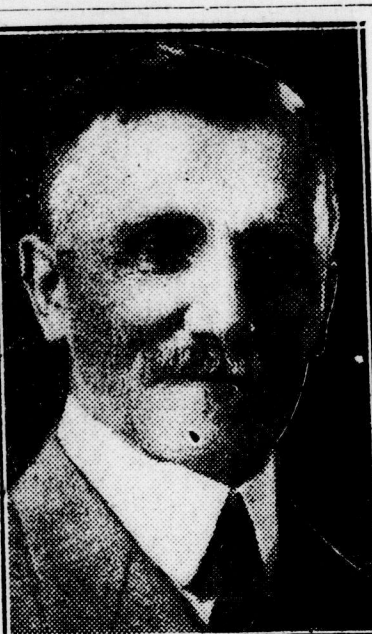

This new board is to be followed by a new board of education, which will have the business of the board, and will have the board dealing with the question twice, as has previously been the rule."

Miller Approves Plan. Principal E. A. Miller of the collegiate institute believes that the reorganization of the administrative elements of the education system of the city, as recommended by Dr. Brittain and adopted by the board of education, is right in line with the most modern ideas regarding educational administration.

The recommendations made by Dr. Brittain," said Principal Miller, "are right in line with the opinions of a number of the most prominent leaders and authorities on educational administration on the continent, under some of whom it has been my privilege to take a number of courses. Dr. Brittain's recommendations are in accord, as far as applicable, to local and provincial conditions in educational practice."

"The policy Dr. Brittain advocated would seem to be the very best possible solution for the city," concluded Principal Miller. "The co-ordination and co-operation now being adopted ought to bring about an increase in educational efficiency, a reduction in financial and educational wastage, a conservation of energy on the part of the board members and officials, and an improvement in the educational results."

INCREASED TAX. Taxpayers in Westminster township who received their papers yesterday were none too pleased to note that the amounts to be paid were considerably higher this year than last. The extra two-mill rate tacked on by the county this year is to defray increased educational expenses and reduce the county deficit are given as reasons for the increases.

W. A. TANNER, secretary of the board of education, who has been named by the new senior inspector-administrator, Mr. Tanner will probably act as purchasing agent for all the city schools.

OXFORD COUNTY WELLS SUFFER FROM DROUGHT

Farmers Forced To Draw Water From Creeks For Stock.

Special To The Advertiser.

Woodstock, Nov. 6.—Oxford county farmers are finding it necessary to draw water for their cattle from creeks and streams, owing to the long spell of dry weather which has prevailed. Within the past week wells in East and West Zorra, Blenheim and East Nissouri have been completely dried up. The ground became too dry and hard for plowing. The dry spell is almost without parallel for this time of year, as there has been no rain since Sunday, October 5.

An outbreak of scarlet fever in the village of Beaconsfield has necessitated the closing of the village church and school for ten days. The disease was first contracted by a little girl attending school.

MEIGHEN SEES EARLY END TO KING'S GOVERNMENT

Canadian Press Despatch. New Westminster, B. C., Nov. 7.—That the result of the by-election in Yale was the forerunner of the Liberal government's fall in Ottawa was the statement made by Right Hon. Arthur Meighen, leader of the opposition at a meeting held here last night.

Mr. Meighen said it was a tribute to the electors, and told his audience that Premier King had made one of his last stands in the coming election. He said that the government was facing several problems, and that the necessity of the building of a railway to the Peace River country.

He stated that he had heard that interest in the drama was waning in Canada. He had, he said, been responsible, as chairman of the English actor managers for sending out several English companies to Canada in the past five years, and said that if he found a real interest in drama on this Canadian tour that he would continue to send out English companies. Mr. Hutchison is playing this week at the Grand opera house in Sapper's war play, "Bull Dog Drummond."

BALDWIN CALLED CANADA'S FRIEND

Percy Hutchison, English Actor, Addresses Kiwanians Today.

Declaring that Stanley Baldwin soon to be the prime minister of Great Britain, was "one man ready and willing to listen to the wishes and needs of Canada," Percy Hutchison, the English actor, delivered a stirring address today at the London Kiwanis club luncheon. Speaking on "Empire Trade," Mr. Hutchison gave a resume of his experiences in South Africa, where he has lately been touring.

"The possibilities of Canadian trade with South Africa seem to me to be great," he said. "At the present time the American businessman has obtained a hold on the markets there, which has been strengthened since the war. In the motor car industry, which is one that finds a special and growing outlet in South Africa, the Americans have ousted the British manufacturer."

British Apathetic. The British manufacturer is "pathetic in his respect as far as South Africa is concerned, and so far America has sent 250,000 cars to Africa. New roads are being opened through some of the most lovely country in the world, and the opportunity for an outlet for cars there is a very inviting one."

B. N. Cairncross, chairman of the board, and member of the committee, is equally enthusiastic, and believes that a great step has been taken towards greater efficiency in administration.

Trustee Dr. Alfred J. Grant, another member of the special committee, declared that he had nothing but a favorable comment to make on the Brittain report, and the action taken by the board.

"I was enthusiastic from the beginning with regard to the taking of the survey," said Trustee Grant, "and I am more than pleased with the report as submitted. Its simplicity and practical suggestions are in accord with ideas, which I have held with regard to the conduct of the board's business since I have been a member of the board. As a member of the committee appointed to follow up the board's actions in the matter, I intend to do all in my power to have these changes brought about with all possible despatch."

Will Effect Economy. Trustee George F. Copeland, fourth member of the committee, points out that these changes in position are to effect real economy, not only in the administration of its business, but also in the conservation of the time and energy of its members, to say nothing of the officials, spent in attending board and committee meetings.

He had, he said, been responsible, as chairman of the English actor managers for sending out several English companies to Canada in the past five years, and said that if he found a real interest in drama on this Canadian tour that he would continue to send out English companies. Mr. Hutchison is playing this week at the Grand opera house in Sapper's war play, "Bull Dog Drummond."

He stated that he had heard that interest in the drama was waning in Canada. He had, he said, been responsible, as chairman of the English actor managers for sending out several English companies to Canada in the past five years, and said that if he found a real interest
