DAY.

RNS.

Rev. Dr. Campbell, the following was the order of business:

Petitions.

Mr. Oliver presented a petition from A. Ohlson, secretary of the B. C. Association of Nurserymen, asking for amendments to the Horticultural Board Act.

Mr. Tanner introduced a bill to regulate the manufacture, inspection and storage of explosives.

The Finance Minister introduced a bill to aid the city of Nelson.

The Premier introduced a bill to carry out an agreement respecting the incorporation of the city of Fernie.

Mr. Oliver moved that an order of the House be granted for a return of copies of all correspondence between the government, or any member thereof, and the municipality of Coquitlam, or any officer thereof, in respect of taxes upon lands acquired by the government in connection with the establishment of a farm in connection with the insane asylum at New Westminster.

Hon. Mr. Green promised to bring down the information called for.

Hon. Mr. Green moved the second reading of the bill to amend the Bridges Act, explaining that it was designed simply to make the act more workable. The motion passed and the bill was committed, Mr. Macgowan in the chair. It was reported complete without amendments. Hon. Mr. Green promised to bring down the information called for. The motion carried Questions.

Mr. Oliver asked: What authority had the government to convey lands in Burnaby to E. Pohlman in exchange for lands in Coquitlam?

The Hou tomorrow.

Burnaby to E. Pohlman in exchange for lands in Coquitlam?

Hon. Mr. Wilson replied: By authority of section 3, chapter 160, of the Revised Statutes, 1897, being the Public Works Act, and by an order in council, approved on the 11th of May, 1904.

Mr. Evans asked: Is it the intention of the government during the present session to introduce a bill dealing with the superannuation list, according to promise made last session?

Hon. Mr. McBride replied: The government is considering the question of introducing legislation with respect to the provincial civil service. This would include the matter of superannuation.

The municipal committee met yesterday morning, Mr. Macgowan in the chair. Representations were heard on behalf of the city of Victoria from Mayor Barnard and the city clerk with reference to a large number of suggested amendments sto the Municipal Clauses Act. One amendment asked was that the city of Victoria might be given power to vote a sum of money to the Tourist Association, and another provided that the voters' lists should be printed a week earlier than the date now fixed for the greater convenience of the ratepay.

Another suggested amendment had reference to the settlement of claims.

hey are fortun-aving them re-OUR. Heavily With

cv. but it was not claimed on bokalf of the measure that either of these objects would be thereby conserved. In a word the government said it was up to the people to seek efficiency or economy as they chose. This was an indefensible principle. The government should keep in view the greatest good of the commonwealth. In the case for better terms, special treatment was asked of the Dominion because of the peculiar conditions obtaining in this province. Yet in relation to the school system now yet onesed, the government took no cog-

TROUBLE EXPECTED SATURDAY. Anniversary of Emancipation of Russian Serfs May Witness Revolt.

FOUNDERED AT SEA.

New York, March 1.-Captain J. A

St. Petersburg, March 1.—Next Saturday being the anniversary of the emancipation of the serfs, rumors have been in circulation that the day has been selected for notable events. According to some of these rumors the workmen are planning an immense revolutionary demonstration, while according to other reports, the government intends commemorating the anniversary by issuing a manifesto establishing some form of representative legislature. It was stated positively, however, on competent authority that there is no intention on the part of the government to signalize Saturday by any special manifesto; and plans for a demonstration of workmen, if there are any, have not yet reached the men or the liberal leaders. On the other hand it seems certain that the recently revived council of ministers, at its weekly session, is considering the all important question of reform and evolving governmental alterations of a momentous character, but what form

Rossland, March 1.—The annual meeting of the War Eagle Consolidated Mining and Development Company was convened in Toronto today, only to adjourn for one month. The report of ex-Manager Kirby is, however, now available and in the hands of the shareholders.

During the year 1904 the War Eagle made an excellent showing, and fully sustained its reputation as one of the great producing mines of the world. This, too, was done under untoward conditions. Circumstances militated against very large shipments of ore. The management devoted most of the time to developing the property and placing it on its present excellent footing. Nevertheless 61,064 tons were extracted and disposed of at a profit of a trifle over \$80,000. The average value per ton was \$12.45.

The War Eagle is now in a position

Manitoba crisis was a prominent factor in that great political contest.

Hopelessly insolvent.

The P. R. Cumming Mfg. Co. of Renfrew, according to the admissions of its directors, is hopelessly insolvent. The company is capitalized at \$75,000. The liabilities exceed \$70,000. The company is capitalized at \$75,000. The liabilities exceed \$70,000. The company was formed to manufacture wood-enware.

Harry Hughes, fourteen years old, was crushed to death by the elevator in the new warehouse at R. Brock & Co.'s that, which was unfinished. The elevator in the new warehouse at R. Brock & Co.'s the down and jammed his head. The elevator came down and jammed his head at the company is capitalized at \$75,000. The liabilities exceed \$70,000. The company is capitalized at \$75,000. The liabilities exceed \$70,000. The company is capitalized at \$75,000. The liabilities exceed \$70,000. The company is capitalized at \$75,000. tracted and disposed of at a profit of a trifle over \$80,000. The average value per ton was \$12.45.

The War Eagle is now in a position to more than double its output of last year. Since the last annual report 2,220 feet of headings have been driven. New shoots of high-grade ore have been discovered and blocked out in many directions and old slopes have been opened with highly satisfactory results. There are today few mines in the West that can show handsomer ore reserves than the War Eagle.

It is interesting to note a few statisficts in connection with the development of the War Eagle since it was first worked in 1894. Then the mine produced only '48 tons. From first to last it has yielded 297,225 tons of ore worth \$5,843,396.64. Only in the year 1899 did it ship more ore than last year, the output then being 73,936 tons.

DELEGATE WELL SATISFIED.

Mr. J. A. Harvey, of Fort Steele, who is here as the representative of the Kootenay Associated Boards of Trade to lay certain matters before the gov-ernment, as already outlined in the Colonist, had an interview with the ex-

ecutive yesterday.

Mr. Harvey expressed himself to a

Mr. Harvey expressed himself to a Colonist reporter last evening as being very well satisfied with the hearing accorded him. As to the matters concerned in his interview, he said that he found that several of them had already been removed from the realm of controversy. For instance, the request that East Kootenay should be made a separate judicial district, had been ment to the County Courts Act in the House.

With reference to the suggestion of encroachment by the C. P. R., in appropriating blocks 4,590 and 4,589 granted as deficiency hands in comection with the B. C. Southern railway, Mr. Harvey said the government extended a courteous hearing to representations made, and promised to see that the survey was sufficiently verified. From information he had received since arriving in the city, he was inclined to the belief that the delimitations were not being improperly over-run, and that the idea arose through a misunderstanding of technical cell in the county of the results of the Russians are inclined to the belief that the delimitations were not being improperly over-run, and that the idea arose through a misunderstanding of technical cell in connection with the matter.

Incidentally Mr. Harvey expressed

at its weekly session, is considering the all important question of reform and evolving governmental alterations of a momentous character, but what form these changes are to take it is impossible to ascertain with positiveness. Presumably the council is discussing the means of bringing the government and the people in closer touch. According to current reports, the decision has been reached that the Zemsky Sobor would be an unsatisfactory agent for doing this and that the ministers are now considering other measures looking to the same end. A definite announcement of their decision as to the nature of the proposed reforms is not expected for some time.

day with surprise and sorrow, to which was added horror when it was learned that probably she had been poisoned. Her brother, Charles G. Lathrop, who is treasurer of the Leland Stanford junior university, refused to believe that her death was due to other than natural causes, and her attorney, natural causes, and her attorney, natural causes, and her attorney, natural causes, and her attorney.

that her death was due to other than natural causes, and her attorney, Mountford S. Wilson, positively declined to discuss the report that an attempt to poison her was made in this city. Mr. Wilson is awaiting advices from the Honolulu officers before taking any action regarding the business affairs of Mrs. Stanford, which are intimately connected with those of the great university, which she and her husband founded at Palo Alto. This institution has already been endowed with \$38,000,000 in property and coin, to which may be added about \$10,000,000 from Mrs. Stanford. ate of soda bears the label of Charles Fells & Co., 60 King William street, Adelaide, but it is believed that it had been refilled since purchased. Secretary Makes Statement.

Secretary Makes Statement.

Miss Bertha Berna, Mrs. Stanford's secretary, says that the previous attempt on the life of her employer was made January 14 last at her home on "Nob Hill." San Francisco, when strychnine was found in a bottle of Poland mineral water. Miss Berner said to the correspondent of the Associated Press: "We went to a picnic yesterday and were planning to go to Halelwa, a suburban resort. Our luncheon yesterday consisted of the ordinary cold dishes prepared at the Moana hotel, and there was nothing in it of the canned variety. Mrs. Stanford attempt wery heartly. She expressed great enjoyment in her trip and said she felt very well.

"We returned to the hotel at 4 o'clock and Mrs. Stanford retired to her room for a rest. Later she dressed for dinner. When the soup was served she said that would be sufficient as she was not hungry.

With \$33,000,000 in property and coin, to which may be added about \$10,000, 600 from Mrs. Stanford.

Two weeks ago the following despatch was sent out by the Associated Press: "San Francisco, Feb. 18.—The Bulletin today says that an attempt was made to murder Mrs. Jane L. Stanford in ler California street mansion within the last month by placing poison in a bottle of mineral water. Mrs. Stanford drank three the first and been used in such large quantities that it acted as an emetic. Mrs. Stanford was taken violently ill. The contents of the bottle from which she had taken three doses was diagnosed by a physician. It was found strong enough to kill a dozen people if " had been used with any judgment. Mrs. Stanford has gone to Japan. Several servants, it is said, are being closely watched."

The above report was contradicted at the word of the ordinary stream of the bottle of mineral water. Mrs. Stanford trank three forms of the bottle of mineral water. Mrs. Stanford trank three forms of the bottle of mineral water. Mrs. Stanford trank three forms of the bottle of mineral water. Mrs. Stanford trank three forms of the bottle of mineral water.
