

Garments For Gentlemen

FIT-REFORM garments—in style, fit, quality, workmanship, are absolutely the best, regardless of price.

There is no merchant tailor in Canada today, who is able to reproduce Fit-Reform values at Fit-Reform prices—nor equal Fit-Reform styles and tailoring at any price.

Nowadays, when a tailor wants to praise his own work, he says it is "just as good" as Fit-Reform.

The illustration shows two new creations in novelty styles for fall—in superb Worsteds and Cheviots—\$22.

Why Stanfield's Make Underwear

UP to 20 years ago, most everyone considered that all Underwear—no matter how well cut and made—would shrink and harden.

In those days, the makers were working on the wrong idea. They were trying to find a way to *finish* Underwear so that it would not shrink, instead of trying to find a way to get the shrink out of the wool before the yarn went to the knitting machines.

The late C. E. Stanfield—who knew wool as only a man can know it who studies it from the sheep's back to the wearer's back—gave his attention to the problem for years.

Living in Nova Scotia, he soon realized that woolen underwear, and the best of pure woolen underwear, was the only kind that would and could protect the Canadian against the rigorous Canadian Winter. He found that as underwear was then made, he could not make woolen underwear that would not shrink, mat and harden. He devoted himself to this problem and after many years of experimenting, he finally discovered a method by which he could take the shrink out of the wool before the garments were knitted.

This method, improved and perfected, has made possible the immense business of Stanfield's Limited, with a larger output of their special classes of Underwear than any other factory in Canada.

The Stanfields make underwear today because Canadian people find Stanfield's Underwear the most comfortable, the most durable, and the warmest for its weight.

The Stanfields are making more underwear every year because the buying public demands more of it. Popularity is a good test of quality.

In a standard weight—Light (Red Label), Medium (Blue Label) and Heavy (Black Label) and 17 other weights and qualities to suit the needs and requirements of every man and woman.

The best dealers everywhere handle Stanfield's Underwear. Catalogue showing styles, and sample of fabric, sent free for your address.

WHEN SALMON LEAP

(From Forest and Stream)

The falls have a drop of about 40 feet, though of course, not in one sheer cascade, but broken up by the ledges of rock, with small pools here and there.

There is no ladder and the salmon having made up his mind to reach the upper waters, must start by bounding from the deep black pool at the foot to the top of the lowest ledge right above and then by nimble leaps, scrambles and flounders, make the summit by slow and laborious efforts.

The first leap would be for beyond the power of any champion athlete to attempt and the whole ascent has to be accomplished in the face of a tremendous weight of water by reason of the height and quantity of water coming down.

One cannot describe what an intense interest it is to watch these plucky fish, as, with backs like bows, they spring from out the bubbling, foaming pool, and after falling several times to clear the ledge, at last 'grit and go' wins the day.

We frankly admit that no jumping of five barred gates by a smart youth or clearing of hurdles by a clever huntsman ever gave us one half the pleasure which we often enjoyed at the salmon leap on the Bush.

LITTLE PABOS

Seeing no notes from our charming village for quite a while, I thought I would send a few, and I hope Mr. Editor, you will find room for them in your interesting paper, and not count them to the waste basket.

Weather has been very disagreeable during the past few days.

The services of Mr. P. X. Boase C. S. were called into requisition on the 14th inst. when he united in the sacred bonds of matrimony, Miss Ella Keays, daughter of our esteemed and popular townsman, Mr. John Keays to Mr. Bob Hays, son of Mr. James Hays, both of this parish. The bride wore a pretty costume which was very becoming. After the nuptial knot was tied the parties drove to the residence of Mr. John Keays, father of the bride, where they partook of a sumptuous repast. At 3 p.m. they drove to Mr. Jas. Hays' father, where they were supper and at 7 they all left their future home in Little River West where they danced to their hearts' content. The bride was the recipient of many rich and valuable presents. She has always been a great favorite in and around Pabos, so that Mr. Hays' good fortune in choosing so judicious a partner will now prove a decided loss. They have the best wishes of their many friends.

Mrs. Michel Suttup and her son, were visiting her sister, Mrs. H. Sullivan in Shigawake.

Mr. Alex McCallan drove to Newport on Sunday.

Miss May Chouler, who has been home visiting her parents, is returning to Boston on the 17th inst. to resume her duties.
