HOSPITAL DAY FITTINGLY OBSERVED IN THE TWO CAMPBELLTON INSTITUTIONS

Tuesday A Busy Day At Both Hospitals—Many Visitors Take Advantage of This Opportunity To Become Better Acquainted With Hospital Work Here—Different Events Of Both Very Successful.

Tuesday, May 12th, National Hospital Day was fittingly observed in Campbellton, and both local hospitals made special preparations in order that all visitors might find the day an interesting one. That this was accomplished is evident from the large number of visitors who called at these institutions throughout the day.

At the Soldiers' Memorial Hospital Tuesday was a busy day. The Hospital was open to visitors and scores of people took advantage of this opportunity to visit the sick and to become more intimately acquainted with the work there. Pupil nurses were in attendance and courteously showed all visitors through the building.

The Alumnae Association of the S. M. Hospital put on a Tag Day, the badges used being arranged in the victory colors of red and white and marked "Let Us Forget." In the afternoon tea was served at the Linmac from 3 to 5.30. The taggers were out bright and early, Messrs S. S. Harrison, W. H. Miller, G. A. Wallace and L. Sullivan placed their cards at the disposal of the Association and the taggers were enabled to cover all parts of the town in a short time. The day being fine, many people were about and all proved interested and generous in their contributions. As a result the fine sum of over two hundred dollars was realized and this will be placed toward hospital improvement.

The afternoon tea at the Linmac proved a great attraction and the sum of \$43.75 was secured. The tables were decorated with dainty dished dolls in doll clothes, while the girls who red and wearing tiny Red Cross veils. A double attraction was the good music furnished by the Linmac Orchestra. This was much enjoyed by all present.

At the Hotel Dieu a Hospital Day was equally busy and at the Hotel Dieu. The Hospital had "open house" from 9 to 6 and in the evening from 8 to 8.30. It is estimated that about 300 people visited the hospital. The interior of the large building was pleasantly decorated with cut flowers, ferns and flags and music, echoed softly through the corridors during the afternoon and evening when the Linmac Orchestra rendered many fine selections in their most approved style.

Visitors to Hotel Dieu were much interested in the Food Exhibits, showing the different diets required in sickness and in health. X-Ray and Laboratory demonstrations were also given and visitors were conducted through all departments of the hospital. Tea was served by the ladies to all visitors from 2 till 5 o'clock and although there was no charge for this a fine sum was received in voluntary contributions. Hospital literature especially prepared for the occasion and souvenir buttons were distributed. Another successful event on the Hotel Dieu Hospital Day program was a Bean Supper and entertainment in the Campbellton Catholic Club Rooms on Tuesday evening. The Club put on its regular entertainment for the benefit of those attending and an appetizing spread and good music combined to assure a particularly pleasant evening.

The object of Hospital Day is to educate the public at large in the splendid work being carried on by our institutions for the care of the sick. That this day should prove so successful here is indeed gratifying in view of the splendid work being done here by our two fine up-to-date hospitals.

FRANCE WILL PAY UP DEBT TO U. S.
Paris, May 12.—The anxiety caused by newspaper despatches from the United States to the effect that the United States was about to prevail upon France to settle her war debts has been allayed by corrections issued in Washington and Paris.

The explanation of the commotion appears to be that the new French Finance Minister, M. Caillaux, is continuing the negotiations started some time ago by his predecessor, M. Clemenceau, but in a more practical and efficient manner.

There is less talk now of an event to be held in the United States to be repaid to the United States. It is stated in diplomatic circles that the Herriot Government, which preceded the Poincare Ministry, abandoned

NEW BUILDING OF ACADIA UNIVERSITY, WOLFVILLE, NOVA SCOTIA. The central building, the largest of its kind in Maritime Canada, will be opened on May twenty-four in connection with the sixtieth anniversary of the university. The gymnasium, shown in the foreground, is said to be the largest building used for gymnasium purposes only in Canada. Acadia University is situated in the heart of the Evangeline country.

MUSICAL REVUE PROMISES WELL

Tonight's Bill At The Opera House One That Theatre Patron Should Not Miss

When a theatrical entertainment is staged in Campbellton by local talent theatre patrons can always expect something good. This expectation is not a misleading one in the case of the Musical Revue which will form the full bill at the Opera House tonight.

In making this statement the writer is not basing his assertion on hearsay for we secured a peep behind the scenes last night when the performers had their dress rehearsal at the Opera House.

The program is one of generous length and ample variety. Besides two decidedly interesting plays, which are particularly well acted, there is a wealth of music and monologues. Besides this the spirited chorus of two dozen voices is a feature of the bill.

The different players as well as those who make up the Chorus have all proven their ability in the past and their work on this occasion is still nearer perfection. All those who have neglected to reserve a seat for this evening should take a rush seat rather than miss what promises to be a memorable entertainment of its kind.

London, May 13.—The British Labour party has decided to accept the official Russian invitation to send a deputation to Russia this summer. Its purpose will be to study the possibilities of an improvement in Anglo-Russian trade.

NO PARKING

After spending seventy-five thousand dollars in paving our main business thoroughfare we would suggest that the "No Parking" bylaw be put into operation. At times Water St. is congested with traffic, and the indiscriminate parking of cars along both curbs, morning until noon, and from noon until evening does not help matters, and besides detracts from the appearance of the street.

Of course if a motorist has business in a store or office parking should be allowed for a limited time. Business men ride to business should park their cars on side streets or vacant lots near their places of business. We think that the police should be instructed to enforce the bylaw at once.

LUMBERJACKS SLIP FROM LOGS AND GO TO THEIR DEATH

Quebec, May 13.—Damas Gauthier and Arthur Villeneuve, two residents of Ste. Anne de Chateauguay, met death by drowning yesterday while they were engaged in floating logs near Lynton Junction on the Jonette River between Quebec and Lake St. John.

Several people saw the men go under when they slipped from the logs into the river but by the time they were reached it was too late to help them. Villeneuve's body was recovered.

John J. Shuley, of Hyannis, has an Irish terrier Patsy, which is very fond of salmon and knows a salmon can as far as he can see it. When he feels a hankering for a feed of salmon he hunts up an old salmon can and carries it to his master as a gentle hint that he would like some of that sort of provender for dinner.

BIG FORTUNE COMES FROM DREAM

An extraordinary story of a dream comes from Rome. A young woman wrote to her mother, living in a neighboring town, to buy three tickets, of which she gave the numbers, in a big lottery, adding that her husband, who had just died, had the numbers revealed to him in a dream and gave them to her on his death-bed.

He can sell such pirated records much cheaper than the phonograph companies, who have to pay a big fee to the singer for his services.

WAGER \$100 ON THE JEWETT CAR

Local Dealers Bet \$100 That Jewett Excels As A Hill-Climber

An announcement that should interest many local motorists is made this week by the Jewett and Paige car dealer here, Messrs. J. E. Boudreau & Co. They are offering a wager of One Hundred Dollars to the owner of any car that can excel the Jewett in a fair test of hill climbing.

The Jewett is known as a great hill climber but there are many other car-owners who believe they have the best hill climbing car on the market. This announcement will likely cause considerable discussion and probably a contest that will be interesting to watch.

WORLD'S GREATEST MONUMENT

It is indeed a soulless people who evince no desire to perpetuate, by some means, the memory of those who have performed signal services to their race. It is a dirty which the living owe, not only to the memory of honored men and women, but as an example to the generations of the present and the future.

Mount Edith Cavell, a glorious monument to a glorious woman. As long as the hills stand, it will remain, its snow-plumed crest rising high above the Athabasca Valley in Jasper National Park, Alberta, to meet the skies in an eternal trust. Eleven thousand feet and more it towers above its sister peaks, truly emblematic of the solitary majesty of that heroic figure, who alone, one morning walked to her place of execution, a martyr to unswerving loyalty to her land and devotion to her calling.

On the site of Mount Edith Cavell rests a glacier. At Jasper Park Lodge it is mirrored in the opalescent waters of Lac Beauvert. It is a great angel with outspread wings, hovering in benediction over the magnificent monument to a woman whose heroism will always be a golden page in the history of a nation of many valiant deeds.

Jasper National Park is situated on the Canadian National Railways between Edmonton and Vancouver, and there is accommodation at the Lodge for 350 guests; horseback riding, motor, swimming and golf are the popular diversions. Many travellers to the Pacific Coast find this a delightful break in their journey. Low tourist fares are put into effect each year on May 15th by the Canadian National Railways which provide for stop-overs at Jasper and other points.

Illustrated literature and information as to fares, etc., can be obtained from the General Passenger Department of the Canadian National Railways at Moncton, N. B.

THE GREAT TAKU GLACIER

There are many notable sights to be seen by the tourist who has the opportunity to visit Alaska, but none more impressive than the famous Taku Glacier, which lies between Wrangell and Juneau. This is one of the largest ice fields in the world, where the ice breaks off in great bergs that fall into the sea with a roar like a peal of thunder.

The glacier is one wide and from there it extends ninety miles back into the heart of the mountains that girdle this rich and beautiful land. It is one of the great advancing glaciers left in North America and it is a sight which impresses itself deeply upon those who are privileged to view it. That number will be greatly increased this summer by the inauguration of a steamship service by the Canadian National Railways from Vancouver and Prince Rupert as far north as Skagway, Alaska, with ports of call enroute at Ketchikan, a typical Alaskan town built at the foot of the mountains. Wrangell, a city where bejewelled ladies of the Russian Court danced in rustling silks when other belles were threading the mazes of the Minuet in towns on the Atlantic Coast; Juneau, the modern and attractive capital of this northern outpost of the United States and Skagway, the portal to the famous White Horse with the great gold-rushes where men gambled their lives for the sake of hidden gold.

Alaska in summer is a land of surpassing beauty and great riches of color. It is a land where a holiday is adventure and whose memory will linger long after others have faded away.

Low tourist fares to the Pacific Coast and Alaska, with liberal stop-over privileges, will go into effect on the Canadian National Railways on May 15th.

Illustrated literature may be had by writing the General Passenger Department of the Canadian National Railways at Moncton, N. B.
