MAIL ORDERS
We solicit out of town orders which
receive our personal attention. The
length of time taken to fill orders is
governed very largely by how busy we
are in the department of our factory
which the particular goods are
made. While we have exceptional
facilities for promptly turning out
goods, it is important a place orders
as far ahead as possible. Orders are
filled by us in the rotation in which
they are received, and customers can
always depend on our doing everything
in reason to give prompt dispatch.

REGULAR MEETING OF TOWN COUNCIL

Small Amount of Business For
The Attention of the City
Fathers on Tuesday

A meeting of the Town Council was
held in the Council Chambers on Tues-
day evening, His Worship Mayor An-
drew presiding. At the beginning of
the session there were present Coun-
cillors Patterson, Miller, Alexander
and Goss.

The minutes of the previous meet-
ing were read and confirmed.

The minutes of the previous meet-
ing were read and confirmed.

The following reports from the
standing committees were received
and adopted:
Public Property and Streets \$233.78
Finance 26.54
Water and Sewerage 1142.51
Fire Protection 42.62
Police and License 110.32

Councillor Patterson from the Pub-
lic Property and Streets Committee
presented the following report with
regard to complaints on the dumping
ground.

The Public Property and Streets
Committee respectfully submit that
they have had under consideration the
communications from the Fishery Of-
ficers re dumping ground and Council
report that they had interviewed Mrs.
Nelson with regard to securing extra
ground from her, and she has agreed
to give the town a fourteen foot strip
of land along the entire frontage of
her lot for a roadway to allow of us-
ing the shore for a dumping ground,
which will serve for a number of
years to come. On account of this
extra ground, no crib work will be
necessary. We would recommend that
this offer be accepted, and that the
Town Solicitor be instructed to draw
an agreement to be signed by Mrs.
Nelson and the Mayor and Town
Clerk.

The report was received and adopt-
ed.

With regard to the above report the
clerk was instructed to write the Fish-
ery Officers stating what steps had
been taken to meet their wishes.

In reply to a question Councillor
Patterson said that he was afraid ow-
ing to the scarcity of money, the ques-
tion of raising the sidewalk on Ger-
ard Street would need to lie over for
another year.

A request was received from the
Electric Light Committee for a shed
for the use of the manager and the
department for storing supplies, etc.
This would only cost in the neighbor-
hood of \$200 and was now required as
all the supplies had in the past been
kept in the old power house, which
was now dismantled. The matter was
left in the hands of the committee to
procure a suitable building.

Councillor Alexander brought up
the matter of the claim of Mrs. John
Ward against the town for damages
owing to the flooding of her cellar last
winter. According to a ruling in law
the Town Solicitor stated the town
was not liable in damages, but the
Committee felt that there was certain-
ly some damage done, and they were
willing to offer Mrs. Ward the sum of
\$80. The Town Solicitor drew up a
resolution embodying this offer, which
was in no way a precedent, and the
resolution was adopted by Council.

For the Convention of New Brun-
swick Municipalities which will be held
this year, His Worship the Mayor, and
Councillor Alexander were appointed
delegates.

In reply to Councillor Goss, the
Town Engineer stated there were two
sewer pipes going in on Lansdowne
Street, the large 16 in. pipe being the
storm sewer and was not in his opin-
ion too large for the volume of water
which is drained from this district.

In reply to Councillor Alexander's
question regarding the proposed in-
crease in the fire insurance rates, His
Worship stated that he had written
the Secretary of the Board of Fire
Underwriters asking him to call the
matter off, owing to the war, but he
had received no reply so far.

The Council then discussed the mat-
ter of raising the sidewalk on Gerard
Street, but as the Committee had not
had an opportunity of looking over the
plans prepared by the Town Engineer,
nothing was done in the matter.

Council then adjourned.

GERMANS GAINED GROUND ARE ENTERING BRUSSELS

Report Says They Have Switched Their Attack From
the South Which Was Strongly Guarded and
Are Pushing on Towards the North.

(Special to the Graphic).

St. John, Aug. 20. (2 p.m.)—
Reports were received here to-
day from Belgium that the Ger-
mans lost 6,000 men in engage-
ment near Charleroi.

A report has been received
here that the Germans entered
Brussels this morning, but this
has not been confirmed.

London, Aug. 20.—It is official-
ly reported here that the Ger-
mans have crossed the River
Meuse with a large force, at a
point between Namur and Liege,
and that the French troops are
advancing to meet them along
Selle River. Last night the
French advanced as far as Del-
mon on one bank and Mor-
bigne on the other.

Brussels, via Paris, Aug. 20.—
The Germans have gained
ground on both banks of the
Meuse and are in contact with
the allied forces. German ad-
vance guards discovered routes
to the south strongly guarded
and finding opening to the north,
they pushing their advance that
way. This will cause a change
of tactics probably on both sides.

(Special to the Graphic)

St. John, Aug. 20th.—From reports
here it would seem that yesterday was
a good day for the Germans in Bel-
gium, but no particulars of fighting
have been given out.

Louvain, twenty miles north of
Brussels is still held by the Belgian
army, while the allies hold the
line from this point South to Namur.
Germans claim a victory in Russian
Poland, and an advance of from forty
miles to the eastward.

The governor of Kiau-Chau is pre-
paring for an early attack by the Ja-
panese troops.

London, Aug. 19.—The German ad-
vance began in force last night along
the entire battle front from north of
Louvain to Dinant south of Namur, on
the left bank of the Meuse.

The German cavalry and artillery
attacked at Dinant, and were beaten
back.

The German artillery at Tirlemont
covered the advance of huge masses
of infantry, but the Belgian forces left
their entrenchments and drove them
back.

The result around Louvain is un-
known, but it is believed the Germans
there were also held in check by the
Belgian army.

The Belgian Legation at London of-
ficially denies the report that the Bel-
gian capital has been taken.

The French army of the Lorraine
has occupied Saarburg and Pfalsburg,
eight miles northwest of Saarburg,
German divisional point west of
Strasbourg.

The French now command the Ger-
man lines of communication between
Strasbourg and Metz, on the north-
west, and threaten the rear of the
German armies of the Moselle and the
Meuse.

The Germans have fallen back upon
Zabern, which commands an important
pass through the Vosges mountains to
Strasbourg.

The French army of the Vosges is
continuing its advance northwards
through upper Alsace towards Strass-
burg, and is steadily forcing back the
German defense.

Paris, Aug. 19.—A rumor has reach-
ed the war office that the Belgian
army is retreating from Louvain and
Brussels to Antwerp.

Paris, Aug. 19. (10.50 a.m.)—An of-
ficial announcement this morning says
the retirement of Belgian troops to-
wards Antwerp is rumored, but not
confirmed.

London, Aug. 19.—The Belgian leg-
ation denies the report of the fall of
Brussels. A heavy battle is going on
just east of the Belgian capital.

BELGIAN POSITION STILL GOOD
Brussels, Aug. 19.—"Brussels has
not fallen, but heavy fighting is now
proceeding east of the capital and the
guns can be heard here in one contin-
uous roar. It is evident that the Ger-
man centre is making an attack in
force on the allied lines guarding the
frontal. No indication of the trend of
battle is yet available, but the allies
are offering a desperate resistance, it
is stated, and there is complete confi-
dence here in their ability to hold back
the German advance."

Brussels, via Paris, Aug. 19 (12.45
a.m.)—It is officially announced that
the situation of the Belgian army con-
tinues excellent. While it is impos-

ible to indicate the position of the
troops, says a statement from the War
Office, it may now be said that there
is no chance of any incursion towards
Brussels. No Germans are in or
around Laden. German cavalry camps
are in the Gembloux region, but there
is no movement of troops in that dis-
trict.

PUSHING BACK ADVANCE POSTS

London, Aug. 19.—(2.30 p.m.)—
A despatch to the Reuter Telegram
Company from Brussels says the Ger-
man advance posts, covering the re-
gion between Gembloux and Jodogne,
are being gradually pushed back be-
fore the advance of Belgian and
French forces. The Belgian and
French are now in close conjunction
and in contact with the advance lines
of the German army.

London, Aug. 19 (1.20 p.m.)—The
Central News publishes a despatch
from Rome saying that the German
gunboat Vaterland has been forced to
disarm at Nanking, China.

BIG DEMAND FOR GOV'T PUBLICATION

Requests Received From all
Quarters for Valuable People's
Railway Publications

Included in the large mail that
reaches the General Offices at Mon-
cton, requests for the various pub-
lications issued by the Railway bulk
large these days. So insistent has
been the demand that a reprint of this
year's issue of "Storied Halifax," "St.
John, the City of the Loyalists," "The
Garden of the Gulf" and "Bras d'Or
Lake," has been necessary.

Requests have been received from
many quarters of the globe, the Brit-
ish Isles, India, China, from nearly
every state of the Union and every
Province of the Dominion, and some of
these letters are not without their
amusing and occasionally pathetic side.

One applicant went to the trouble of
actually reproducing the Railway's
magazine advertisement in detail, even
to the drawing of the Moosehead trade
mark, and the various rules used to
make an attractive display. Another
excused himself for writing with pen-
cil as he had been an invalid for years
and could not use a pen. But here is
the gem of the season, written by a
young lady to her mother. Reminis-
cent of Pickwick papers in its frequent
reference to the inner man, and Alfred
Jingle in its method of description; it
also recalls Oliver Twist and his al-
leged insatiable appetite:

"Summerside, P. E. I.
Dear Mamma: Arrived here safely
Monday night. Boat very late, not
the least bit seasick. Ate a big sup-
per on the boat, and then ice cream,
lobsters and chocolates on land.

This is a swell place. Am just dying
to get home to tell all about it. Were
out to four fox ranches this morning.
I got a date with a caretaker to take
some snaps of the foxes at feeding
time.

There is a family here from Ontario
Classey, educated, money, Nice, but
with the greatest thirst for informa-
tion I ever saw. Tell Papa for good-
ness' sake to send over some of that
I. C. R. literature. The father would
simply devour it, the girls go into
spasms, and the mamma would say
very lovely."

We were out to an Island tea about
six miles from here this afternoon.
Fellow took us out. Name, "Ben
Bol." He stayed for tea, but we could-
n't be bothered with him after the
drive was over, so left him in the par-
lor with the "Missus", and are in our
rooms writing letters. Am enclosing
stamps for the literature. I have
told him all I know and need assis-
tance. Needless to say the railway
rendered first aid.

The following was overheard dur-
ing the checking of tickets on a big
excursion train in the East of Scotland
the other day.

One of the collectors was much im-
pressed by the numbers of excursion-
ists travelling with a special brand of
juvenile ticket. Most of them appear-
ed to him to be considerably over the
age limit, but in the haste there was
no time to call for birth certificates.

At length he came to one case he
thought he could hardly pass, a "raw
lump of humanity" extending to some-
thing like six feet.

"You should have an adult ticket?"
"No he's just an apprentice," broke
in some of the others from the South.
"Dear me," said the collector, with
resignation, "I was going to ask if he
had the wife with him!"

FORMER QUEEN WHO WILL
NURSE ENGLISH SOLDIERS

A PICTURE OF THE BEAUTIFUL
QUEEN AMELIE OF PORTUGAL.

Queen Amelie, of Portugal, has vol-
unteered her services to the British
government and will serve as a nurse,
her offer having been accepted. It is
probable that the widow of the slain
Portuguese ruler will be attached to
the staff of Devonshire House.

VOUNTEERS WILL RETURN TONIGHT

Men of F. Coy. Accepted For
Foreign Service Will Return
on Tonights Limited

F. Company of the 73rd Regiment
can hold up its head with any of those
in the province. A large proportion
of the Company all volunteered for
active service, as well as the officers
and the following names are those
who have been accepted.

James Fraser,
Ed. Sargent,
Claude Farrer,
E. B. McLachy,
Ernest Adams,
Louis Gagné,
Harry Young,
Jerry Philpott,
James Meehan,
Chester Fairley,
Arthur O'Keefe,
Gordon McLean,
Ernest Munro,
Arthur Poirier,
Ernest Guimond,
James Gallant,
Frank Merriweather,
Clarence Duncan,
Edward Turner,
Frank Peterson,
Leslie Dewar,
Chas. Tyler,
Harry Murray,
Odon Gaudry,
James Bremner,
John Harquail,
James Harris.

The first ten left on Tuesday by the
Limited for Chatham and all the vol-
unteers will return tonight on the
Limited, breaking their journey here
and going on to Quebec by the Limited
tomorrow, Friday night. A spirit of
splendid enthusiasm and earnestness
prevades all the company and as a
body will give a good account of them-
selves. All the officers of F. Coy.,
Capt. LeBlanc, Lieuts. Lockhart, Fer-
guson, and Archer have volunteered
for service as well as Capt. McKenzie,
Adj. of the regiment, but it is not
known yet how many of the officers
have been accepted, although it is un-
officially announced that Lieut. Lock-
hart will go in command of the com-
pany.

In addition to the names given
above

Guy Lutes
Alfred Gillis
and a number from Dalhousie will al-
so be on the roll of honor, and at this
time we think that these men deserve
a little more of this town than a mere
word of thanks. They have volunteer-
ed for the defence of the empire and
incidentally for the safety of our own
Dominion, our own province, and our
own town, and the time is not inop-
portune to extend to these valiant
souls the freedom of the town. Some
celebration should be gotten up for to-
morrow afternoon and following the
lead of other towns, make them a pre-
sentation of some kind. They could be
entertained by the Council to-mor-
row afternoon and presented with a
sum of money, or could be made a
burgess of the town which carries
with it freedom from taxation for all
the time they may reside here, or some
other scheme could be made to show
the appreciation of the people for the
self sacrificing spirit shown by these
volunteers. Perhaps the Mayor and
Council would move in this matter
first, and there is no doubt but the
citizens would gladly fall in with any
proposal by them.

LUMBER MILLS ARE CLOSING

(From the Gloucester Northern Light)
The effect of the war upon the lum-
ber trade is noticed in the report that
some of the St. John mills will be shut
down in a day or two because of no
market offering for the lumber. It is
reported that the Miramichi mills are
also closing.

HEADED OFF

"Did you tell her when you proposed
to her that you were unworthy of her?
That always makes a hit with them."
"I was going to, but she told it to
me first."
