Phipps said there were four persons in Philps who know his course and he at privy council of England, has soiemnly decided that the provincial government is, under the British North America act, the source of power and the regularly constituted authority for the administration of the license system. We know more, too, that if the applicants for licenses are disposed to rest upon the McCarthy act, that the Ontario legislature has the power to raise the fee for a license issued by the dominion government to such a price as to virtually prohibit such licenses being taken out. There is no question—there is no dispute concerning the fact that the Ontario government can place just what price they please upon a license which the dominion commissioners may see fit to grant. And if Sir John Macdonald is determined to force the fighting on this legislation he has seen fit to pass, it will be the duty of the local legislature, in defense of its rights, and to meet such disreputable tactics, to use the power they are acknowledged on all hands to have, in virtually restricting the issue of such licenses by the imposition of a prohibitory fee.
