MILLINERY OPENINGS.

Immense Throngs Attended the Various Houses Yesterday.

All day yesterday the milliners were arriving from all parts of the province. The weather in some parts delayed a great many, but from morning until evening the employes of the millinery firms were busy showing the new styles and booking orders. For the most part the day was devoted to display; it is expected that the buying will be done extensively in the next few days.

Mr. McMaster of McMaster & Co. said that while the number of visitors to his warehouses yesterday had been large, he anticipated a much larger turnout to-day. A great many had been snowed up. The outlook for spring purchases he had found to be excellent. His firm carries a large and beautiful stock of millinery staples, and booked heavy orders yesterday.

At Messrs. Wyld, Grasett & Darling's, Mr. Grasett said that the amount of business in millinery staples and the departments akin thereto had been very large yesterday, and would increase as the week went on. There is a great demand for laces of all kinds, both for hat and lace trimmings, and the milliners are likewise making very considerable purchases of dress goods, the demand being for serges and tweeds of quiet patterns.

Thomas May & Co.'s, warehouse at 10 Wellington-street west was like a beehive all day long. On the ground floor an immense stock of flowers was displayed in all the lighter shades. They will enter very largely into the spring styles in hats and bonnets. Upstairs a choice stock of French models, with an exquisite stock of silks, ribbons and spangles and other buckles of silver and gold.

Messrs. John Macdonald & Co. were very busy all day yesterday with a deputation of retailers from Nova Scotia and New Brunswick, they having passed by the great firms of Montreal to come to do their buying in Toronto. The firm predict a large business this week in laces, silks and all the millinery and staples.

Samson, Kennedy & Co.'s display of millinery is of the very finest quality. The firm deals only in the staples and not in trimmed goods. In lace, ornaments, silks, etc., their stock is of the very finest quality, and embraces all the fashionable novelties. Like the other firms, they anticipate that the big days will be to-day and to-morrow.

Alexander & Anderson.

43 Front-street west, were showing a large and attractive stock of general drygoods. Their fine display of dress goods contains the latest British, French and German novelties. The firm are also showing a splendid assortment of capes, cloaks and jackets for the early spring and summer trade, all of their own manufacture, and which embrace the very latest New York, Continental and English styles. Mantle buyers should certainly visit the mantle department of Alexander & Anderson. We believe this department to be the only establishment of its kind in Canada, and it is certainly second to none upon the continent.

Women always prefer Dr. Price's Baking Powder. It's absolutely pure.

Charged With Theft From His Employer.

Samuel McConkey, aged 20, employed as a clerk by Charles Stark, Court and Church-streets, was arrested yesterday, charged with theft from his employer. The pilfering has been going on for some time. McConkey is a brother of the man under arrest on a charge of setting fire to several boarding houses.

Messrs. Northrup & Lyman Co. are the proprietors of Dr. Thomas' Eclectric Oil, which is now being sold in immense quantities throughout the Dominion. It is welcomed by the suffering invalid everywhere with emotions of delight, because it banishes pain and gives instant relief. This valuable specific for almost "every ill that flesh is heir to," is valued by the sufferer as more precious than gold. It is the elixir of life to many a wasted frame. To the farmer it is indispensable, and it should be in every house.

Handsome Furniture.

A representative of this paper having stepped into the salesroom of Messrs. Dickson & Townsend yesterday was surprised to see the magnificent display of furniture which they have on view, and which they advertise for sale to-day, Tuesday, and following days, Wednesday, Thursday and Friday. This sale certainly gives those who are furnishing an excellent opportunity to secure articles at their own figures. There are also some very fine carpets, Wilton, Brussels and tapestry; these are the contents of a large private residence removed to their rooms for convenience of sale.

Worms derange the whole system. Mother Graves' Worm Exterminator deranges worms, and gives rest to the sufferer. It only costs 25 cents to try it and be convinced.

EPPS'S COCOA
BREAKFAST—SUPPER.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided for our breakfast and supper a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escap emany a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in packets by grocers, labelled thus:
