### "COULD NOT STAND UP STRAIGHT"

Cornwallis, Jan. 23.

"About a year ago I was suffering from a dreadful lame back and hips, so much so that I could not stand up straight by spells. A friend told me about **Gin Pills** for the kidneys. I got a box; they helped me immediately. I have taken about 12 boxes. The pains in my back and hips are all gone. I cannot speak too highly of the wonderful effect of your Gin Pills. You may use this if you see fit to."

Sincerely yours,  
E. G. David.

All druggists sell Gin Pills at 50c. a box, or 6 boxes for \$2.50. Sample free if you write to **NATIONAL DRUG & CHEMICAL CO. OF CANADA, LIMITED** Toronto, Ont. 64

#### Fur Production in Canada

Canada's rich resources in fur-bearing animals formed her earliest commercial attraction, and, through generations of energetic exploitation, the fur industry has occupied an important position in primary production. Of recent years it has become increasingly evident that the permanent preservation of this source of wealth demands the much more rigorous protection of fur-bearers. One of the essential requirements is the collection of accurate statistical data of fur production from year to year, as a reliable index to the increase or depletion of our resources. Such a system is already enforced in several provinces, where trappers and fur dealers are licensed and com-

pelled to make annual returns as to their operations. Similar measures should apply to every to every important fur producing region of the Dominion.

All mothers can put away anxiety regarding their suffering children when they have Mother Graves' Worm Exterminator to give relief. Its effects are sure and lasting.

We usually know what is best for us to do, but the trouble to persuade ourselves to do it.

In washing expensive tortoise-shell or very good silver-back brushes, use borax instead of soda, lest any of the strong soda-water should by accident touch the back of the brush.

When a sponge gets the least bit slimy let it soak in strong ammonia, and water for several hours, wring it out now and then, and afterwards rinse in cold water, and dry in the sun.

#### TRAVEL AS AN EDUCATOR.

Seeing the World and its Wonders Broadens the Mind.

Millions of people never travel. Rising day after day, they look out upon the same scenes, go through the same daily tasks and tumble into the same bed again at night, no different than they were the day before.

Each year thousands are traveling for the first time, not only the wealthy, but the middle class and even the poorest. They are coming to view travel not as an extravagance, but as the price of comfort, health, experience and knowledge. Ocean liners are veritable floating hotels, with ballrooms, promenades and conservatories, while trains are the last word in comfort with their thickly upholstered seats and handsomely appointed dining cars with up to the minute service.

The educational value of travel is beginning to have the greatest weight. Boys and girls who have been to the best schools help complete their education by seeing the world or such parts of it as their time and circumstances will permit. The grown up who is wise realizes the broadening influence of travel and counts each day well spent that brings him new experiences in foreign fields. No one can fail to be uplifted by seeing some of God's masterpieces or the handiwork of man in picture, sculpture, cathedral and splendid public edifices. Nor is it necessary to leave one's own country. There is plenty to be seen and learned in our home land if we will only go in search of it.—Kathleen Hills in Leslie's.

#### STANDARD TIME.

The Railroad Confusion That Existed Before Its Adoption.

Prior to 1883 time differences caused especially confusing complications on railroads in the United States. It was formerly customary for a road to use throughout large sections of its territory the local time of one of the principal cities through which it passed.

The result was that when two railroads met in some smaller town it frequently happened that they were running under widely different time systems. As many as five different kinds of time were thus simultaneously in use in a single town.

It was the need of an international standard of time that led to the prime meridian conference at Washington in 1882. This recommended the use of the Greenwich civil time, reckoned from zero up to twenty-four hours.

In accordance with this resolution and to remedy the aforementioned difficulty the United States and Canada selected a series of standard meridians differing in longitude from that of Greenwich, England, by exact multiples of 15 degrees.

On Oct. 18, 1883, a convention was called by W. F. Allen, secretary of the general railway time convention, which decided on the introduction of standard time, to take effect on Nov. 18, 1883, and on that day the change to the present system was made without any difficulty.—Pittsburgh Chronicle-Telegraph.

A Remedy for Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for the doctor. Dr. Thomas' Electric Oil offers a simple remedy. A few drops on a piece of lint or medicated cotton and placed in the ear will work wonders in relieving pain.

An Ounce of Prevention. For the third time in one afternoon the lady found her new maid fast asleep in the kitchen easy chair.

"What, asleep again?" she said. "When I engaged you you said you were never tired."

"I know I did," the maid answered, "but I should be if I didn't sleep."—New York Times.

Didn't Feel Comfortable. So great was the indignation of the American colonists in 1765 against the stamp act that the Connecticut stamp officer rode into Hartford on a white horse to deposit his resignation, with a thousand armed farmers riding after him, and said he "felt like death on a pale horse with all hades following him."

His Pet. Barker—Think I'll try to sell old Stuff some pet dogs. Barker—Useless job. All he thinks about is eating. Barker—Hasn't any four legged friends, eh? Barker—Only one, and that's the dining room table.—Chicago News.

The best and highest thing a man can do in a day is to sow a seed, whether it be in the shape of a word, an act or an acre.

A Safe Pill for Sufferers.—There are pills that violently purge and fill the stomach and intestines with pain. Par-melee's Vegetable Pills are mild and effective. They are purely vegetable, no mineral purgative entering into their composition and their effects are soothing and beneficial. Try them and be convinced. Thousands can attest their great curative quantities because thousands owe their health and strength to the timely use of this most excellent medicine.

#### A Spring Tonic

Substantial Proof by a Canadian Witness.

Beechmont, Ont.—"I feel it my duty to tell what Dr. Pierce's remedies have done for me. When I commenced taking them I was completely run down. I have taken altogether nine bottles of the 'Golden Medical Discovery' and 'Favorite Prescription,' together with the 'Pleasant Pellets' and can truthfully say that I feel like a new woman. I would certainly recommend these medicines to any one suffering as I did."—Mrs. Wm. Plumley, Beechmont, Ont.

An imitation of nature's method of replacing waste of tissue, enriching impoverished blood and increasing nerve force is when you take an alternative extract of herbs and roots made with pure glycerine, without the use of alcohol, like Dr. Pierce's Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, or rather takes from the food just the nutriment the blood requires.

Pure blood is essential to good health. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and enriches the body with an abundant supply of pure, rich blood. It thus cures scrofula, eczema, erysipelas, boils, pimples and other eruptions that mar and scar the skin.

Write Dr. Pierce, 'Invalids' Hotel, Buffalo, N. Y., for free medical advice or for free booklet on blood.
