This day at Three o'clock, his Excellency Lord Gosford came down in state from the Castle of St. Lewis, and the Assembly being sent for, His Excellency was pleased ther the starr of Michigan or Texas, has jet to prorogate the legislature and close the Session with the following SPEECH :--

MICHIGAN has refused to become one of the UNITED STATES. At a convention held at Ann Arbour on the 27th Sept. it was decid-

ed. by a vote of 28 to 20, to reject the provision made by the Congress of the United States for receiving Michigan into the Union. The ostensible cause assigned for this step, is the proposed interferance with their south? erp and southeastern Boundary, which would deprive Michigan of all jurisdiction over the waters of Lake Erie, and give to Ohio exclusive jurisdiction from the line of Pensylvania

to the mouth of Detroit River. So that neis been added to the banner of their Union.
