THE WEEKLY TRIBUNE,

The Paper of the People.

The TRIBUNE aims to be pre-eminently a Newspaper. Its correspondents traverse every State, are present on every important battle-field, are early advised of every notable Cabinet decision, observe the proceedings of Congress, of Legislatures, and of Conventions, and report to us by telegraph all that seems of general interest. We have paid for one day's momentous advices from Europe by Cable far more than our entire receipts for the issue in which those advices reached our readers. If lavish outlay, unsleeping vigilance, and unbounded faith in the liberality and discernment of the reading public, will enable us to make a journal which has no superior in the accuracy, variety, and freshness of its contents, THE TRIBUNE shall be such a journal.

To Agriculture and the subservient arts, we have devoted, and shall persistently devote, more means and space than any of our rivals. We aim to make THE WEEKLY TRIBUNE such a paper as no farmer can afford to do without, however widely his politics may differ from ours. Our reports of the Cattle, Horse, Produce and General Markets are so full and accurate, our essays in elucidation of the farmer's calling and our regular reports of the Farmers' Club and kindred gatherings, are so interesting, that the poorest farmer will find therein a mine of suggestion and counsel, of which he cannot remain ignorant without positive and serious loss.

THE TRIBUNE has been, is, and must be a zealous advocate of Protection to Home Industry. Regarding habitual idleness as the greatest foe to human progress, the bane of human happiness, we seek to win our countrymen in masses from the ensnaring lures of Speculation, of Traffic and of always over-crowded Professions, to the tranquil paths of Productive Industry. We would gladly deplete our over-crowded cities, where thousands vainly jostle and crowd in misguided quest of "something to do," to cover prairies and plains with colonies absorbed in Agriculture, Mechanics and Manufactures, and constantly projecting into the blank, void wilderness the homes and the works of civilized Man. Holding the Protection of Home Industry by discriminating duties on imported Wares and Fabrics essential to the rapid, beneficent diffusion of Production in all its phases and departments, and so to the instruction of our people in all the gainful arts of Peace, we urge our countrymen to adhere to and uphold that policy in undoubting faith that the true interest, not of a class or a section, but of each section and every useful class, is thereby subserved and promoted.

We sell THE WEEKLY to Clubs for less than its value in dwellings for waste-paper; and, though its subscription is already very large, we believe that a Half Million more farmers will take it whenever it shall be commended to their attention. We ask our friends everywhere to aid us in so commending it.

IOWA AND NEBRASKA LANDS FOR SALE

On 10 Years' Credit, at 6 pr. ct. interest,
No part of Principal due for two years from purchase, and afterwards only one-ninth yearly.

Products will Pay for Land and Improvements.

The Liberal Credits given: Free Passes allowed; small annual payments required; the current market value of money, and profits on stock raising, prove these terms cheaper, easier and better than to buy U. S. land within railroad-land-limits at \$2.50 per acre, while our prices range generally from 4 to 5, 6, 8 and 10 Dollars per acre. Quality and local advantages rule the price.

On these Generous Terms the industrious and competent can buy and pay for a good Farm and Home. In beginning, it is necessary to have money enough to pay six per cent. interest on the land, obtain provisions, build a cabin, buy a team and agricultural implements till crops are raised, which can be done the first season, by commencing in early Spring.

CIRCULARS giving full particulars are supplied gratis, and any wishing to induce others to emigrate with them, or to form a Colony, are invited to ask for all they want to distribute.

A SECTIONAL MAP, showing exact location of Lands for sale in Iowa, is sold for 30 cents, and a similar Map of Nebraska Lands is sold for 20 cents.

GREGORY'S

Illustrated Catalogue

OF GARDEN AND FLOWER SEEDS.

Having in former years introduced to the public the Hubbard Squash, American Turban Squash, Marblehead Mammoth Cabbage, Mexican sweet Corn, Plumtree's Water Melon, Brown's New Dwarf Marrowfat Pea, Boston Curled Lettuce, and other

NEW AND VALUABLE VEGETABLES, with the return of another season I am again prepared to supply the public with Vegetable and Flower Seeds of the purest quality. My Annual Catalogue is now ready, and will be sent free to all. My customers of last year will receive it without writing for it. It abounds in fine engravings, many of which were taken from photographs of the vegetables themselves. It has not only all novelties, but all the standard vegetables of the farm and garden, (over one hundred of which are of my own growing,) and a careful, fully selected list of Flower Seeds.

All my seed is sold under three warrants,—1st: That all money sent shall reach me. 2d: That all seed ordered shall reach the purchaser. 3rd: That my seeds shall be fresh, and true to name. I invite all to send for catalogues, both for themselves and their friends.
