ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It cools the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

MEETINGS OF PRESBYTERY.

LANARK AND RENFREW.—In Zion Church, Carleton Place, on Monday, May 24, at seven p.m.
LINDSAY.—Next regular meeting at Cannington, on Tuesday, May 25, at eleven a.m.
WINNIPEG.—In Knox Church, Winnipeg, on Monday, May 17, at half-past seven p.m.
GUELPH.—In Chalmers Church, Guelph, on Tuesday, May 18, at ten a.m.

COUGHS.

From E. J. LASCELLE, Watchmaker and Jeweller, Dunnville, Ont.: "I beg leave to say that I have used **WISTAR'S BALSAM OF WILD CHERRY** for many years, and pronounce it a capital remedy for Coughs, Colds, and all affections of the throat and lungs, having experienced relief from it many times. In fact, I would not care to be without it."

JOHN F. SMITH, Druggist, same place, says: "I can heartily recommend **WISTAR'S BALSAM** from my own experience and cases coming under my notice."

JAS. H. FLEMING, Druggist, St. George, Brant Co., Ont., writes that he has sold **WISTAR'S BALSAM OF WILD CHERRY** ten years, that from personal observation he considers it equal to any preparation he has seen used for the cure of Coughs, Colds, etc., and he does not hesitate to recommend it.

OUR BREAD IN DANGER.

Among recent important discoveries by the food analysts is that by Prof. Morr, U. S. Government Chemist, of large amounts of lime and alum in the cheap baking powders. It is a startling fact that of over one hundred different brands of baking powder so far analyzed, comprising all those sold in this vicinity, not one, with the single exception of Royal Baking Powder, was found free from both lime and alum.

The use of alum is to produce a cheap baking powder. It costs less than two cents a pound, whereas pure cream of tartar costs forty. Its effect upon the system has been ascertained to be poisonous, and overdoses have been attended with fatal results. Lime is the most useless adulterant yet found in baking powders. It is true that when subjected to heat a certain amount of carbonic acid gas is given off, but a quicklime is left, a caustic so powerful that it is used by tanners to eat the hair from hides of animals, and in dissecting rooms to more quickly rot the flesh from the bones of dead subjects.

The effect of lime upon the delicate membranes of the stomach, intestines and kidneys, more particularly of infants and children, and especially when taken into the system day after day, and with almost every meal, is pernicious in the extreme, and is said by physicians to be one of the chief causes of indigestion, dyspepsia and diseases of the kidneys. Chemists have found 12 per cent., or one-eighth of the weight, of some of the baking powders prominently sold in this vicinity, to be lime. The wickedness of this adulteration is apparent.

The absolute purity and wholesomeness of the Royal Baking Powder—now affirmed by every chemist and food analyst of prominence, and conceded by all manufacturers of other brands—arises from the exclusive use of cream of tartar specially refined by patent processes, which remove totally the lime and all other impurities. These facilities are possessed by no other manufacturer. The Chemist of the Department of Health of Brooklyn, N. Y., in which city the works of the Royal Baking Powder Company are situated, after recent numerous experiments, reports:

"I subjected several samples of the Royal Baking Powder, purchased from dealers in Brooklyn, to chemical analysis, and I take pleasure in stating that this powder has attained a most remarkable purity. I am unable to detect the slightest trace of lime tartrate in it, while all its constituents are pure and of the highest quality. The 'Royal' is a baking powder undoubtedly of the greatest leavening power, and perfectly wholesome.

"DR. O. GROTHE,

Chemist Department of Health, Brooklyn, N. Y."

WHAT IS CATARRH?

Catarrh is a mucopurulent discharge caused by the presence and development of the vegetable parasite amoeba in the internal lining membrane of the nose. This parasite is only developed under favourable circumstances, and these are:—Morbid state of the blood, as the blighted corpuscle of tubercle, the germ poison of syphilis, mercury, toxomoea, from the retention of the effete matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat, causing ulceration of the throat: up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death. Many attempts have been made to discover a cure for this distressing disease by the use of inhalants and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucous tissue. Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers—*Toronto Mail.* Messrs. A. H. DIXON & SON, 305 King St. West, Toronto, Canada. Inclose stamp for their treatise on Catarrh.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills makes a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for \$1. Sold by druggists everywhere, or sent by mail.
