

The Great Blood Purifier.

A Word to the People. "Truth is Mighty, and will prevail."

THE remarkable effects and most satisfactory results, in every variety of disease arising from IMPURITIES OF THE BLOOD, which are experienced and made manifest from day to day, by those who have taken NORTHROP & LYMAN'S VEGETABLE DISCOVERY, for complaints which were pronounced incurable, are surprising to all. In many of these cases, the persons say their pain and sufferings cannot be expressed, as in case of Scrofula, where apparently the whole body was one mass of corruption.

This celebrated medicine will relieve pain, cleanse and purify the blood, and cure such diseases, restoring the patient to perfect health after trying many remedies, and having suffered for years. Is it not conclusive proof that if you are a sufferer you can be cured? Why is this medicine performing such great cures? It works in the BLOOD, the Circulating Fluid. It can truly be called the

GREAT BLOOD PURIFIER.

The great source of disease originates in the BLOOD, and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention. When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, NORTHROP & LYMAN'S VEGETABLE DISCOVERY will renew the blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body.

The conviction is, in the public mind as well as the medical profession, that the remedies supplied by the VEGETABLE KINGDOM are more safe and more effectual in the cure of disease than mineral medicines. The Vegetable Discovery is composed of the juice of most remarkable roots, barks and herbs. It is pleasant to take, and is perfectly safe to give an infant. Allow us to ask you a candid question:—Do you need it? Do not hesitate to try it. You will never regret it. All druggists have it for sale.

Mr. JOHN C. FOX, Olinda, writes.—"Northrop & Lyman's Vegetable Discovery is giving good satisfaction. Those who have used it say it has done them more good than anything they have ever taken."

IN ITS WORST FORM—Miss JULIA A. PILSWORTH, Toronto, writes.—"I had Dyspepsia in its worst form for over a year, but after taking three bottles of Northrop & Lyman's Vegetable Discovery, a perfect cure followed. I take great pleasure in recommending it to anyone suffering from Dyspepsia."

Mr. W. THAYER, Wright, P. Q., had DYSPEPSIA FOR TWENTY YEARS. Tried many remedies and doctors, but got no relief. His appetite was very poor, had a distressing pain in his side and stomach, and gradual wasting away of flesh, when he heard of and immediately commenced taking Northrop & Lyman's Vegetable Discovery. The pains have left, and he rejoices in the enjoyment of excellent health; in fact he is quite a new man.

AN EXPENSIVE COMMA.

A new tariff bill was introduced in the United States Congress about twenty years ago, which contained an error in punctuation. There was a section enumerating what articles should be admitted free of duty. Amongst others specified were "all foreign fruit-plants." The clerk in copying the bill unfortunately changed the hyphen in the compound word, "fruit-plants," to a comma, making it read, "all foreign fruit, plants," etc. The consequence was that for twelve months oranges, lemons, guavas, bananas, and other foreign fruit were admitted duty free. This mistake cost the United States Government about 2,000,000 dollars.—*Birmingham Mercury.*

LAPUS MEMORIA.

Miss Antique—"Why, how do you do, Mr. Globetrot. I am delighted to see you back. Of course you remember me." Returned Traveller (wrestling with his memory)—"Of course, of course. Delighted to see you looking so well. And how are the dear children?" Miss Antique—"Children!" Returned Traveller—"I mean to say, how is your family meaning, of course, your husband." Miss Antique—"My husband! I never had a husband, sir." Returned Traveller—"Er—of course not; just a little pleasantry of mine, you know. I meant, of course, your brother, whom you love as much as anyone could love a husband." Miss Antique—"I never had a brother." Returned Traveller—"Um—er—of course not; just joking, you know. How is your—your—r—. Did you ever have a mother?"—*Birmingham Mercury.*

What is that terrestrial object that is above all human imperfections and equally protects the wisest, the weakest, the best, and worst of mankind? The hair of the head.

MARY—"Mebbe I'm ugly now mum but in me day I've broken a great many hearts."

Mistress—"Well, Mary, if you handled hearts the way you do my best china, I believe you."

A strong-minded woman, who applied for a situation as a cab-driver, on being asked if she could manage mules, scornfully replied: "Of course I can; I've had two husbands."

The owner of Loose Hill, a picturesque height in North Derbyshire, has affixed at the summit a notice-board announcing that "trespassers will be prosecuted." The beauty of the joke is that the trespasser does not see the notice till he arrives at the top of the hill.

The following is said to be the shortest sentence in the English language containing all the letters of the alphabet: "Pack my box with five dozen liquor jugs."

When a young man sits in the parlour talking nonsense to his sweetheart—that's capital. But when he has to stay in of evenings after they're married—that's labour.

A STRANGE VERDICT. HAVE THE JURY ARRIVED AT AN CORRECT CONCLUSION?

There can scarcely be any doubt that the investigation of Dr. Koch the German Specialist, will lead to radical changes in the treatment of tuberculous diseases. That the eminent physician has discovered a specific for certain forms of skin diseases, the Medical fraternity have already admitted, but that he has made any advance in the treatment of pulmonary affections, they are not prepared to certify to, nor are they willing to believe that disintegrated tissues can be restored by the mere process of subcutaneous injection. On the other hand, the people at large have rushed wildly to Berlin with the firm conviction that Koch's lymph will stay the progress of advanced consumption and lend them a new lease of life. Some have been benefitted—not cured—for the very simple reason that the entire nervous system is overlooked in the treatment. No character of disease that assaults the vital organs can be successfully treated without reaching the nerve centres. In this very particular, the public appears to have rendered a strange verdict in favour of Dr. Koch, strange for this reason:—for many years the remedies discovered by Dr. T. A. Slocum of New York, now manufactured at 186 Adelaide street West, Toronto, have been supplied to the afflicted and so far have proved unflinching as curative agents. They have been introduced into hundreds of thousands of households free of cost, have been given grateful testimonials from numberless thankful hearts, have been publicly endorsed by successful practitioners and are to-day the indispensable articles of the family medicine chest. With such a record the hazardous verdict of the people in favour of Dr. Koch does indeed seem strange. Dr. Slocum's treatment has been common property for years, has given incalculable relief, and is still administering its generous, life-giving nourishment to stricken humanity. Consumptives or those disposed to pulmonary complaints, should consult Dr. Slocum's pamphlet and make immediate and methodical use of his remedies. Address a letter to T. A. Slocum, M. C., 186 Adelaide st. West, Toronto, and you will receive by Express two free sample bottles with full information regarding lung troubles and their proper and successful treatment.
