THE ABERDEEN RANGE.

Brantford Ladies said:

"The Range has given splendid satisfaction. It bakes very rapidly, the oven being of exceptional merit. It roasts meats to a turn, while potatoes are baked in half-an-hour, and with small consumption of fuel."

This was said of "THE ABERDEEN RANGE" used in the Culinary Department during the recent Southern Fair, Brantford.

A Hamilton Lady said:

"It is a beautiful Range, and my cook tells me she never used a more perfect baking oven, and in her experience has not known a range where the two back holes can be used for cooking as on 'The Aberdeen.'" In fact, she is delighted.
