## Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrobila, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous varties. Disorders of a scrobilous type, and affections which are merely nee of scrobilous matter,

scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cared in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tennt of the organism undermines the constitution, and invites the attack of encebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the Sarsaparilla as a preventive, advisable.

It is a mistake to suppose that so long as no cruptions or humors appear, there must be no scrofulous thint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Lear light in the liver indirection foul air light in the liver.

common error, also, that scrollals is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanliness, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringueorm, Sore Ears and Eyes, and other cruptive or visible forms of the diseases caused primarily by the scrofulous infection, the Sarsaparilla is so efficient as to be indispensable. And in the more concealed forms, as in Dyspepsia, Dropsy, Heart Disease, Fits, Epllepsy, Neuralgia, and other endections of the muscular and nervous systems, the Sarsaparilla, through its purifying power, removes the cause of the discouler and produces a ston-

Disease, Fits, Epilepsy, Neuralyia, and other affections of the muscular and nervous systems, the Sarsaparilla, through its purifying power, removes the cause of the disorder and produces astonishing cayes.

The savisaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, Syphilis or Feneral and Mercurial Diseases are cared by it, though a long time is required for subdaing these obstinate maladies by any medicine. Leavertheae or Whites, Uterine Uterations, and Female Diseases in general, are commonly soon relieved and ultimately cared by the invigorating and purifying effect of our Sarsaparilla. Rheumatism and Gant, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. For Liver Complaints, torpidity, inflammation, abcess, etc., caused by ranking poisons in the blood, we unhesitatingly recommend the Sarsaparilla.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are Lauguid, Listless, Despondent, Sleepless, and filled with Nervous Apprehensions or Feurs, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for General Debillity, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose fountains of life were always sterile, acknowledge their obligations to it for an obvious change.

# Ayer's Ague Cure,

For Fever and Ague, Intermittent Fover, Chill Fever, Remittent Bover, Bumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

marsh, or miasmatic poisons.

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zine, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ugue districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratifled by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly fulled.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For Liver Complaints, arising from twrpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.
