

*Business of the House*

**Mr. Deputy Speaker:** Hon. members have heard the order and the remarks of the Minister of Agriculture (Mr. Olson). It would seem to me the references to the month of June might call for an amendment. However, if hon. members are agreed that the proposed order be presented as drafted, subject to the remarks of the hon. member for Peace River and the hon. member for Winnipeg North Centre, I will put it on that basis.

Is it agreed that an order be made in those terms?

**Some hon. Members:** Agreed.

**Mr. Deputy Speaker:** It is so ordered. It being five o'clock p.m., pursuant to Standing Order 58(11) the proceedings on the motion previously before the House have expired.

At five o'clock the House adjourned, without question put, pursuant to Standing Order.
