

September 26, 1925.

Professor Vladimír Uehla;
Coastal Laboratory,
Carmel, California.

Dear Professor Uehla :-

I have heard with pleasure from Professor Lloyd that you are expecting to spend a little time with us at McGill this autumn in completion of the research upon which you have been working during the present year.

We shall be very glad if the resources of McGill prove to be of service to you in your work, and we shall look forward to seeing you here.

Yours faithfully,
