Honourable Walter Mitchell,

Insurance Exchange Building,
M o n t r e a l .

Dear Walter,

The attached memorandum sets forth the story of the grants concerning which we spoke over the phone this morning.

I was wrong when I told you that Mr. McMaster had not answered my last letter. It went to Mr. Glassco's file direct and I did not see it.

The real "nigger in the fence" is Dr. Parmelee - and what is the matter with him I don't know.

Yours faithfully,

Principal.
