CONDITIONS OF SALE.

The above limits will be adjudged to the highest bidder on payment of the purchase price in cash or by cheque accepted by a duly incorporated bank. Failing payment they will be immediately re-offered for sale.

The annual ground rent of three dollars per mile, with fire tax, is also payable immediately.

Those timber limits, when adjudged, will be subject to the provisions of all timber regulations now in force or which may be enacted hereafter.

Plans of limits offered for sale are opened for inspection in the Department of Lands, Forests and Fisheries, in this city, and at the office of the Crown Lands and timber agents in the different agencies in which said limits are situated, up to the day of sale.

N. B.—No account for publication of this notice will be recognized, if such publication has not been expressly authorized by the department.

G. A. NANTEL,
Commissioner of Lands, Forests and Fisheries.

LAND SALES.

Quebec, 15th May, 1897.

Notice is hereby given that the water powers hereinafter mentioned will be offered for sale at public auction, in the sales room of the Department of Lands, Forests and Fisheries, in this city, on TUESDAY, THE 15TH OF JUNE NEXT, AT HALF PAST TEN A.M., at the upset price hereinafter mentioned

The "water power" formed by that portion of the river Ottawa, opposite the township of Onslow, at the rapids and falls called Des Chats, together with the islands lying therein situate within the limits of the Province of Quebec, at a distance of four miles from Quyon Station Pontiac Pacific Junction Railway. Upset price: $35,000

The water power formed by the river Ottawa, situate in front of lots 14, 15 and 16, 1st range of township Litchfield, at the Grand Calumet falls, with the adjacent islands the whole lying at a distance of three and a half miles from Clarke Station, P. P. J. Railway. Upset price: $6,900.

The water power formed by the river St. Maurice, at the Great Shawenegan falls, with the islands lying therein and being within a distance of one mile from the line of the Great Northern Railway. Upset price: $10,000.

The sale of the water power of Des Chats is to be subject to the following reservations, that is: That the Upper Ottawa Improvement Company will retain the enjoyment and possession of all the works, slides, dams, piers and booms which they have constructed for the purpose of floating logs and timber at the Sturgeon Falls and the use of the north Channel of Black Chute, with the right to repair and have access to the same when required.

The whole as designated on the plans deposited for the information of intending purchasers, in the Department of Lands, Forests and Fisheries, Quebec, and at the agent's office at Hull.

The upset price as above is based on valuation derived from special inspection and study.

CONDITIONS OF SALE.

The above water powers will be adjudged to the highest bidder on payment of the purchase price in cash or by cheque accepted by a duly incorporated bank. Failing payment, they will be immediately re-offered for sale.

N. B.—No account for publication of this notice will be recognized, if such publication has not been expressly authorized by the department.

CURRENT TRADE CONDITIONS.

ONTARIO

Business in the lumber trade is less active at the present time than earlier in the month. Some lumber is being shipped to the United States, but since the passage by the Senate Committee of that country of the tariff bill imposing a duty of $2 per thousand on lumber, the trade has been somewhat unsettled. Buyers on the American side invariably ask for quotations delivered at certain points across the border, and unless the stock is shipped immediately, the Canadian dealer leaves himself liable to pay the duty. This has a tendency to confine business to such orders as can be filled at once. Trade in the Ottawa district is reported to be fair, all the available barges being engaged. The logs are making good progress in the rivers, and very few, if any, are likely to be hung up. Along the line of the Ottawa, Arnprior and Parry Sound Railway operations are brisk, and the cut of timber this season has been very large. A recent visitor to Long Lake and Canoe Lake estimates the output in the vicinity of the road at five hundrek million feet, but this we believe to be an excessive calculation.

QUEBEC AND NEW BRUNSWICK.

Shipping is now very active at the ports of Montreal and Quebec, and every effort
