Good Attendance on the Last Day of the First Victoria Summer Exhibition. Besults of the Races and Lacrosse Match—Plenty of Sport for Everyone. "Last, but not least," would have been a good motto for the closing day of the first summer fair ever held under the manage ment of the B. C. Agricultural association. The show was in progress for the best part of a week, with, first-class attractions every day, but according to the verdict of the crowd the most enjoyable part of the pro-gramme came at the end. The weather was fine and warm, with perhaps a little too much wind to suit the average spectator, but not so much as to be really uncomfort-able. The track was in good condition, and able. The track was in good condition, and speech. ECHOES OF THE EXHIBITION.

the races generally were well contested. "C" Battery band was stationed in the grand stand and played a choice pro-gramme, which was much enjoyed, between the different events. The first race called was for express horses, in which there were five statters, Messrs. Salam, Terl, W. King, J. Bennet and Saninger. The prizes were \$25 for first horse and \$10 for second, and the race was looked forward to with keen interest by the visitors as well as by the expressmen. The infe in four minutes, which was not bad time, at all, for them. Saninger's horse procession.

won, with Terl's second ; the others in a procession. The Victoria Cross race brought out C. W. Ward with Prunella, R. D. Harvey with Mack, and Lieut. C. E. Collard, R.M. L. I., mounted on Kangaroo. The firing party, which was to have come up from "C" Battery, failed to connect, for some reason or other, and a big drum and several small boys had to do duty for them. At the quarter, where the dum-mies, which had to be picked up and carried home, were located, C. W. Ward was ahead, with Harvey second, but C. E. Collard would have had a good show only that his tired borse didn't like the looks of the dummies and the rider lost about a minute in making a necessary for-mal introduction. R. D. Harvey was also a little late in re-mounting with his "rescued comrade," the result being that the home-ward quarter run had the nature of a pro-oession in which C. W. Ward led with R. D. Harvey second. The pony race for boys under 15, was one of the most exciting events of the day. It was a half mile dash with six entries, viz.: G. Wurkey W. L. Carmeron Stapler

of the most exciting events of the day. It was a half mile dash with six entries, viz.: was a half mile dash with six entries, viz : G. Worlock, E. J. Cameron, Stanley Cameron, R. Byrne, Winters and R. D. Harvey. The start was a standing one and the boys got away in good shape at the fall of the flag. Worlock's mount set the pace till nearly the quarter, but when coming home Young Harvey rode like a major, and whip-ping all the way down the stretch, won by a good neck. The feature of the race was Harvey's riding, which was admired by everyone.

everyone. Five good old plugs started in the slow race, the winner making the half mile in three minutes and a half, or a trifle slower Trace, the winner making the half mit is to reach that outputs and shalf or a triffe slower, and should have been awarded both.
AD. BRAGO held that the Council ahould have been awarding on the resonable of the

ing event that pleased everyone. After a very good start in which Keown got slightly the best of it, the horses got speed up and made for the first hurdle which both Ward and Keown took but Lt. Cullom's horse preferred the end and went around that way. Ward was the only one to take the second hurdle and be reached the turn first, but was delayed in drinking the bottle of soda water and Keown came back first, but the race went to Ward who was the only one to take all the hurdles. Lt. Cul-lom was unfortunate in receiving a nasty blow on the face from a stirrup. He came in with his face all cut up and be spattered with freely flowing blood, but Three bluejackts started in the Navy Trace—King, Bragkett and Gore. This was a half mile dash, and like the others had by about three lengths. The others had equally good horses, but Brackett was the enter the starte and the privilege of gaining the same amount of information at his office an another. sport, which he seemed to enjoy keenly despite his injuries. Three bluejackets started in the Navy race—King, Brackett and Gore. This was a half mile dash, and like the other events was hugely enjoyed. Brackett won handlij by about three lengths. The others had equally good horses, but Brackett was the only one of the lot with any pretension to being a rider. as another. MAYOR BEAVEN said he thought it would ing a rider. The lacrosse match between the intern The lacrosse match between the interme-diate teams of Vancouver and Victoria be-gan at 4 o'clock and held the crowd to the last. It was won by Vancouver after a good game, in which there was much hard work and occasionally brilliant play. Ketchum officiated as referee with Morphy and Simpson behind the flags. The first game lasted only one minute. Almost before the boys were warmed up Rolph made a lucky throw on the Victoria goal and scored. Without taking the ten minutes rest gen-erally allowed, play was resumed. The second game lasted an hour and five min-utes and was as good an exhibition of genu-MAYOR BEAVEN said he believed Engineer Wilmot did what he considered his duty, but he, himself, did not think it was just the proper thing to do. ALD. MUNN, referring to the tenders, said they were not in legal shape and a con-tractor could not be bound to carry out the requirements therein contained. Mr. Parr, connected with the City En-gineer's office, was also called in and ex-plained to the Council that he had given the contractors the information so that they would be enabled to figure on a correct basis. erally allowed, play was resumed. The second game lasted an hour and five min-thes and was as good an exhibition of genu-ine amateur lacrosse as was ever seen in the Province. Time and time again the Vio-toria goal was stormed, but Sam Norman's cool, efficient work saved it. The boy played a splendid game all through and re-ceived the applause he so much merited. Pat Smith, Schnoeter, Spencer and Jackson put up a great game and if the whole play of the team had been up to theirs, the result might have been different. But the Viotoria's home was conspicuously weak, and time and again when there was a good ohance for a goal, Quann, of the Vancouvers, would get the rubber and send it flying down the field again. After about 17 min-tres play Smith got an ugly blow on the head and the game had to be stopped for three minutes while an injured optic was bandaged. When play was resumed there were several lively sortimages near the Viotoria goal. At critical moments fine play helped these out and gave the home some play in which Frank Cullin showed up well with weak support. J. Sprinkling and C. Tite also distinguished themselves but McNetll and Fairall were noticeably weak. The game was finally won by J. Miller, who made a neat throw on the Van-couver flags and scored the only game for the home team. The third game was a short one, lasting Dasis. MAYOR BEAVEN was in favor of
