Cotton Strikers

Consent to Truce

Will Return to Work While
Grievances Are Being Investigated
—Rejecting Is General.

MANCHESTER, Eng., Jan. 16.—(Can.
Press).—The prevailing opinion to-
night is that the cotton conference will
on Friday confirm the agreement for
a truce between the cotton mill owners
and the operatives along the lines out-
lined at a conference to-day, at which
the cotton mill owners, representing the
board of trade, was present. The em-
ployers have demanded, and the men
apparently are willing to give, a
truce that there will be no further
strike on the non-unionist question,
within a stated period. It is expected
that the mills will resume work on
Monday after three weeks' idleness.

The operatives are beginning to feel
the pinch, and the news of a probable
truce has been received every-
where with rejoicing, while the em-
ployers are almost equally anxious to
put an end to the disastrous state of
affairs, which has already entailed a
loss of several million pounds.

The Spinners' Federation met to-day
and decided to limit the system to
three days' cessation of work each
week.

WANT POWER FROM CANADA

Commercial Interests of United States
Would Lower Bar Altogether.

WASHINGTON, Jan. 16.—The develop-
ment of more water power at Niagara
Falls, the admission of unlimited
power from Canada and the protection
of American power houses, were urged
upon the House Foreign Affairs Com-
mittee to-day by representatives in
congress and commercial representa-
tives from Buffalo, Niagara Falls, In-
dianapolis and other cities.

Limitations on the use of the water,
from the falls expire March 12, and
new regulations must be drawn under
the International Treaty of 1855. The
power companies and public interests
want the limit of division of water
on the American side raised from the
present 12,000 cubic feet per second
to the maximum of 20,000 feet authorized
by the treaty. They also seek the re-
moval of the present limitation of 100,
000 horse-power that may be imported
from Canada.

QUEEN MARY DISLIKES AMERICANS.

NEW YORK, Jan. 16.—(Can. Press).
—The Tribune's London correspondent
to-day says: The startling proposal is
made that you are in danger of lack
of money, of which the Republic is re-
cognized, when their hands will sell. Gov-
ernment recognition should come as
quickly as possible, status quo should
be maintained. When hope expires, awful
anarchy will result.

INMATE FOR 50 YEARS

One of the deaths reported at the monthly meeting yesterday of the House of Industry was that of a woman named Anne House, who had been an inmate of the institution continuously for 50 years, being admitted in the year 1851, when but 5 years of age.

She was paralyzed from 2 years of age. December reports showed that 502 families received assistance, 608 being assisted during the month of December.

Coal given was 268 tons; bread, 2412 large loaves and 3304 lbs. of groceries. Casuals sheltered during the month 885, a total of 1840 nights, and received 5034 meals. Stone broken, 233 tons. Inmates in home, 185—31 females and 154 males; 15 were admitted, 1 left and 4 died.

MONEY CHINA'S NEED.

MANILA, Jan. 16.—(Special Cablegram).—The International Bible students' investigating committee is here.

Pastor Russell, interviewed, says thousands of Chinese are starving in the interior. The revolution is popular.

There is grave danger for lack of money, of which the Republic is recognized, when their hands will sell. Government recognition should come as quickly as possible, status quo should be maintained. When hope expires, awful anarchy will result.

Piles, fissures, etc., successfully treated without operation. Write for free booklet and references Dr. Hawke, 21 Wellesley-st., Toronto.
