NEW LINERS FOR DOMINION

Chicago Gossip.

Ennis & Stoppani wired to J. L. Mitchell:
Wheat—The principal feature in wheat
to-day was December lightdrion, which
while not heavy at an owest feeling energily at the light of the light of the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year, and
cash bids to the goal than last year,
the first week and the certainly does not
appear to be anything on the horizon at
present that would forestiadow a demand
for our No, 2 red sufficient to raise prices.
It was thought that part of the eastern
holdings of December wheat came out to
day, while the balance was transferred to
May, General interest was lacking, and
the market closed rather tame.

Corn and oats were quite active, with
a general trade. Shorts in December corn
manifested nervousness and covered rather,
freely. The tone was firm, especially in
view of the weakness in wheat.

Provisions opened strong, but realizing
sales caused a setback.

Liverpool Grain and Produce.

Liverpool, Nov. 28.—Wheat—Spot steady:
No. 2 red western winter, 5s 11½d. Futures firm; Dec. 6s 3¾d, March 6s 5¾d,
May 6s 5¼d.
Corn—Spot firm; American mixed, 4s 4¼d. Futures firm; Dec. 4s 4½d, Jan. 4s 1¾d.
Bacon—Curbonical Bacon—Cumberland cut steady, 51s 6d; short rib steady, 54s 6d; long clear middles, light, steady, 54s 6d; long clear middles, heavy steady, 54s; shoulders, square, firm, 42s 6d.

Lard—Prime western quiet, 48s.

John Woodhouse and Walter Hines were tried yesterday for nighway robbery, hines was dismissed, but Woodhouse got 60 days for stealing Robert Pollard's watch while the three named were walking along Te-raulay-street Tuesday morning. New York, Nov. 28.—Flour\_Receipts, 15.062 barrels; exports, 20.226 barrels; sales, 2700 packages; market dull and unchanged, Rye flour firm, Buckwheat flour steady. Buckwheat—Steady. Cornmeal—Steady.

kidney trouble, but do not suspect it.

Some of the symptoms are: A feeling of weakness in the small of the back, sharr pains in back, puffiness under the eyes, and swelling of the feet and ankles, urinary troubles such as supressed urination, excessive urination, cloudy, thick or highly colored urine, etc.

Cheese Markets.

London, Nov. 28.—In Manchester the market demand for Canadian cheese continues quiet. Early-made cheeses are gradually being used up, and on this class of goods the holders are meeting the buyers. September is firmly held, and it looks like all being wanted on higher prices. Quotations on September are 63s to 64s; earlier made, 60s to 62s, according to quality.

Ored urine, etc.

Mr. J. L. Whiting, Osnabruck Centre, Ont., writes: "I suffered for two years with kidney rouble.

I suffered for two years with kidney and legs. I could not sleep and had a poor appetite, I took four boxes of Doan's Kidney Pills to anyone suffering from kidney trouble.

Yesterday morning's fire at 126 Farley-avenue caused \$5000 damage. It is claimed to have been due to incendiaries.

Doan's Kidney Pills are 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

COBALT MERGE

NO PERSONAL LIABILITY

\$3,000.000 **Authorized Capital Stock** Shares, Par Value \$1.00 Each Treasury Reserve 500,000 Shares

THIS CORPORATION is the result of the merging of the Major Morrison and the McCormack Silver Cobalt properties - agreements having been closed and deeds deposited in escrow with The Trusts & Guarantee Company of Toronto for the purchase and merging of same into the above Corporation.

NO. 1—The Major Morrison claim, containing twenty-eight acres, five veins have been located and uncovered upon the property; one almost solid metal Cobalt silver vein from ten to twenty inches wide has been uncovered for a distance of four hundred and ten feet. The same vein crosses the Rightof-Way into the Government Reserve where it has been located and uncovered and Prof. Miller, Ontario Government Geologist, has had a gang of men sinking upon and developing same. Another calcite silver vein from six to sixteen inches wide has been uncovered two hundred and twenty five feet. J. B. Woodworth, one of the foremost and most reliable mining engineers, and one of the pioneers of Cobalt camp, gives this opinion in writing—"I consider the Major Morrison claim is about the best available one I know in the camp and has great possibilties. I examined it about two months ago."

By referring to plan it will be seen that adjoining on the east is the Rightof-Way and the Government Reserve (for the mineral right of which it is reported \$15,000,000 has been offered). To the northeast is the Nipissing, and McKinley-Darragh and to the north The Silver Queen, the Temiskaming, and Hudson Bay Company's properties. Par value of which shares were one dollar each now selling for over one hundred dollars each.

To the northwest and south are also some properties which may soon be heard from. Already it is reported the Guggenheims have purchased The Gleason property adjoining the Major Morrison to the southwest.

No. 2—The McCormack Silver Cobalt properties containing ninetytwo acres. As will be seen by referring to the plan of the Camp these properties are situate in the very heart of the richest part of Cobalt Camp, some of the bestknown and richest shippers forming almost a complete circle around them, viz: University, Foster, Lawson, Kerr Lake (or Jacobs). Hargreaves, Badger; while a little further south lie the Temiskaming, Beacon and other good shipping properties. On the McCormack properties some three thousand feet of work has been done, uncovering about seventeen veins. On one vein a shaft about twenty-five feet has been sunk, showing at bottom a strong, positive calcite vein fourteen inches wide. Certified assays of this surface work have been filed in the Government Department of Mines, showing values running from two hundred to four hundred and forty one ounces of silver [only], no assay having been made for any other mineral. On the property are the usual camp buildings, in good condition, together with necessary tools, etc., for operations.
