

Yachting Cup Stays In Rochester

SENECA WINS IN STEEP BREEZE ADELE MEETS WITH ACCIDENT

Challenger Ahead Once on First Leg—Defender Opens Gap on the Reach and Run—Official Figures for Three Races.

CHARLOTTE, Aug. 12.—(Special).—The last race of the Canada Cup series went to Seneca, the defender, to-day making the third consecutive win for that boat, and the trophy therefore remains with the Rochester Yacht Club for another year. If the conditions of the two previous events were taken and monotonous weather to-day made excitement enough for all. With a stiff breeze from the southwest blowing at the rate of ten miles, which increased to a heavy gale at the finish, to the accompaniment of a heavy sea, there was every opportunity for testing the sailing powers and seamanship of skippers and crews. The start was at 11.15. Both boats made a very good start, Adele getting away slightly in the lead and with the windward position. The official time at the start was: Adele, 11.15.10; Seneca, 11.15.13. The course was a triangle of seven miles each side, the first leg being a beat northwesterly. From the weather buoy there was a reach northeast by east a half east to the eastern buoy, and the last leg was a run to the starting point.

Adele made the start under a single reefed mainsail with small jib and stay-sail. The defender carried the usual three parts of the first leg had been covered Seneca gained very little. At 12.40 the Seneca had opened up a small lead, round the first half at 12.42.40, Adele following at 12.52.14. Adele had behaved so well on the windward work that, with this favorable start, she was expected to win. However, when they saw Seneca's performance on the reach for the eastern buoy, the defender was over six minutes before the challenger, the official time being: Seneca, 1.38.19; Adele, 1.45.34.

At 2 p.m. the wind was 30 miles an hour and Seneca was forced to take a reef in her mainsail. The defender was continually increasing her lead, and at 2.31.30 she crossed the line over a mile ahead of Adele, which did not finish the race. Adele was hopelessly out-distanced in every respect, and it was every advantage she has gained must with justice be ascribed to the abilities of her skipper, Commodore J. B. Bell. The boat for all she was worth.

Adele's Spreader Breaks.
To-day Adele's spreader broke, and she wanted a trifle more, too, for she carried a single reef in her mainsail, but even at that in her haste to get the strain, and on the final leg home her starboard spreader broke, and any possible chance of a comeback was lost. Skipper Jarvis immediately rounded up, lowered Adele's mainsail, and then after a moment's stay on the water, she headed back on the line, with only the head of her mainsail and the head canvas carrying her.

Five minutes later she decided to nurse Seneca along and scolded her mainsail, i.e., lowering his peak. He topped her boom up on the lift, thus bagging her mainsail up and reducing the strain. Then, crying "only heads of her mainsails," the two racers crept on towards the finishing mark. Ten minutes later Adele's spreader broke, and she was unable to retain the slight lead that she gained at the start and again at the turn.

Satisfactory Race.
ROCHESTER, Aug. 12.—The Herreshoff boat, built for the Rochester Yacht Club, to defend the Canada Cup against Adele of the Royal Canadian Yacht Club, won the third and decisive race of the series, crossing the finish line at 2.31.30, official time, and more than a mile ahead of the challenger.

The result was not a surprise to spectators who watched the two previous races, for Seneca had proved herself faster in practically all kinds of weather. On Saturday, over a triangular course, with a breeze never stronger than eight or nine miles, and at times a head wind, the Seneca defeated her opponent. On Monday, on the lake nine miles and return, the defender again showed herself the faster, and also the weather was more brisk, with good breeze and rougher water, for which the Canadians had hoped, the challenger was unable to retain the slight lead that she gained at the start and again at the turn.

To-day, with the wind blowing from nine to ten miles an hour at the start, and growing stronger until it was 12 to 15 miles and later a 20 mile gale at the finish, the Seneca ran across the finish line more than a mile in the lead.

Adele did not attempt to finish, but left the course after seeing the puff of the gun denoting that Seneca had won. Adele sailed straight to her moorings. In many respects the race to-day was the most satisfactory of the series, from the point of view of the spectators.

C.L.A. Decides Some Protests

BEAVERTON, SUSPENDED IT IS UP TO TALAGOS

Of Newmarket to Show Reason Why They Shouldn't Be—Other Doings.

The C. L. A. executive committee met last night at the Iroquois, every member being present but Secretary Hall, who is on his holidays. His place was taken by Charles Querrie.

The room was packed to suffocation by lacrosse enthusiasts from the city and outside.

President Cameron was in the chair, and those present were: Councilors Krausman, Kelley, Regan, Doyle, Eby, Green, Tegar, Irvine, McEachern, Forsyth, and C. L. Querrie, acting secretary.

The Brantford fracas came up, and was shelved until the report of Referee Hall is received, when the matter will be taken up fully.

Jack was reinstated to play with the Young Torontos. He signed with them early in the season and afterwards was named with the Mimico Stars.

Mr. Cameron took exception to the manner in which he had been criticized by the press in regard to his appointing the judiciary committee, which tried the Young Toronto-Beaverton protest, but in the course of his remarks he overlooked telling the meeting that two of the three members appointed had already committed themselves in favor of the Beaverton side of the case at a meeting of the committee.

When the matter of the Newmarket protest against Beaverton came up, the president vacated the chair, and Councilor Irvine was elected to occupy same.

Before Mr. Cameron vacated the chair he suggested that Mr. Doyle and Mr. Green, who are interested in the Newmarket case, also vacate their chairs. This they did.

Before the matter was taken up, Councilor Irvine asked permission to place a broad nature to vote at a committee meeting who were not called by himself. On motion the committee decided that any member who happened to be at any meeting is entitled to vote, whether he has been called by the president or not.

T. Herbert Lennox, M.L.A., appeared for Newmarket in the protest against Beaverton.

J. R. Robinson appeared for Beaverton. The charges against Beaverton were of a broad nature, and the whole Beaverton team had signed a newmarket certificate before he signed with Beaverton, and he was named with the Beaverton Newmarket Club will be asked to show in return why they should not be suspended.

In the matter of signing two certificates, the committee ruled that the president had not the power to issue two certificates, and all players who have signed a newmarket certificate will only be allowed to play with the first named club.

The following motion was carried: "That the players on the intermediate and junior teams give an affidavit to show they have not received any remuneration for any games taken part in this year."

The case of granting a certificate to Green of Maitlands was declared ineligible, and he will therefore be barred from future intermediate games.

Small Crowd at Buffalo.
BUFFALO, Aug. 12.—Newark never had a larger crowd in the history of the game, being easily beaten by the score of 8 to 2. It was a lullaby affair, and the Buffalo crowd could find anything to rave over. Murray's hitting was most timely. Score: B. H. O. A. E. Newark, 8; Buffalo, 2.

PORT ERLE TRACK, Aug. 12.
First race, maiden 3-year-olds, 7 furlongs—Convey K. 102 (J. Murphy), 7 to 10; (Chester), 3 to 1; 2 to 1; 3 to 1; 4 to 1; 5 to 1; 6 to 1; 7 to 1; 8 to 1; 9 to 1; 10 to 1; 11 to 1; 12 to 1; 13 to 1; 14 to 1; 15 to 1; 16 to 1; 17 to 1; 18 to 1; 19 to 1; 20 to 1;
