## ALL READY TO ADVANCE

Fifty-Nine Thousand Men and Ninety Guns Mobilized.

### BIG TROOPS IN SPLENDID SHAPE.

Some of the Tribes Want to Submit, but Most of Them Desire to Fight.

Fort Gullistan is Still Hard Pressed—The Garrison Made a Sortie and Captured Three Standards—Trouble in Getting Stores and Transport Animals to the Front—Railway Blocked for Lack of Engines—Colonial Governors Report on Trade With the Colonies—The Nile Expedition—General Cable News.

Sims, Sept. 14.—There are now 59,000 men and 90 guns, including Maxim, mobilized on the frontier and in the garrisons. Everything is ready for the advance on Shakkard. The men are in splendid condition.

The lower Mohmands on the border are anxious to submit on any terms, but the main body is still determined to fight. It is reported that the Mullah of Huddah has failed to raise the gathering he expected, and will retire to Tirah. Fort Gullistan is still hard pressed by the enemy. In a sortie the garrison succeeded in capturing three standards. The column of Gen. Yeatman Biggs was due to arrive there this morning. The principal difficulty which the Mohmands punitive expedition has encountered thus far is in getting stores and transport animals to the front. The railway between Peshawar and the front is practically blocked from lack of engines. Long lines of loaded trucks are waiting to be forwarded. All the available trains are being used to hurry the troops to the front. Sir Perath Hingh, Maharajah of Patiala, has arrived at Peshawar.

Gen. Biggs' Advance. Sims, Sept. 14.—General Yeatman Biggs, advancing along the Samana Ridge to the relief of Fort Gullistan, found the enemy entrenched in the gorge. The 3rd Gurkha Regiment stormed the position. One Sepoy was killed and five were wounded. General Yeatman Biggs has relieved Sagar, one of the posts on the Samana Ridge, which had been held by the enemy. The garrison made a sortie and captured a standard. A mounted messenger was sent on by General Yeatman Biggs to inform the garrison at Fort Gullistan that relief was coming. The commander also sent guns to the foot of the hills near Fort Gullistan, which shelled the enemy, and to some extent diverted attention from the main force.

The enemy is visibly strong in force at Saraghar, and it is feared that, flushed with their success in the capture of that police post, they may attack Fort Gullistan so fiercely that the small garrison will be unable to hold out until General Yeatman Biggs arrives.

FAST LINE CONTRACT. Diligently Experienced by Petersen, Tate & Co. in Making Arrangements.

London, Sept. 14.—(Telegram Cable).—Despite the statement that the Petersen and Tate company have not abandoned the fast steamship contract, it is believed here that the present attempt to get the line of the line will fail. The greatest difficulty has been experienced in obtaining definite information from the contracting firm whether the deposit to bind the contract has been paid, one partner referring the enquiry to Lord Othello. Many believe that Lord Othello and other directors of the Canadian Pacific Railway are behind the contracting firm. The opinion is held that it would be difficult to make the line pay.

BRITISH MANUFACTURES Are Still Leading in the Colonies, So Say the Colonial Governors.

London, Sept. 14.—A blue book has been issued giving the replies of the Colonial Governors to the despatch of the Secretary of State for the Colonies, Mr. Joseph Chamberlain, in 1895, sent with the view of ascertaining the effect of the displacement of British goods by foreign goods. The main conclusions arrived at are that the British manufacturer is still supreme in the best classes of goods, with the exception of machinery and tools of certain patterns, in supplying which the United States is most successful, although Canada is often a successful competitor in these lines.

PROGRESS ON THE NILE. Four Gunboats and Egyptian Troops Have Reached Berber.

Cairo, Egypt, Sept. 14.—Major-General Humer, with four gunboats and the Egyptian troops, has reached Berber, which was occupied about ten days ago by the Sudanese, who are friendly to the British, on the evacuation by the Sudanese, who retired in the direction of Metemma.

THEY CAN SETTLE NOW. Ambassadors Authorized to Accept Lord Salisbury's Proposals.

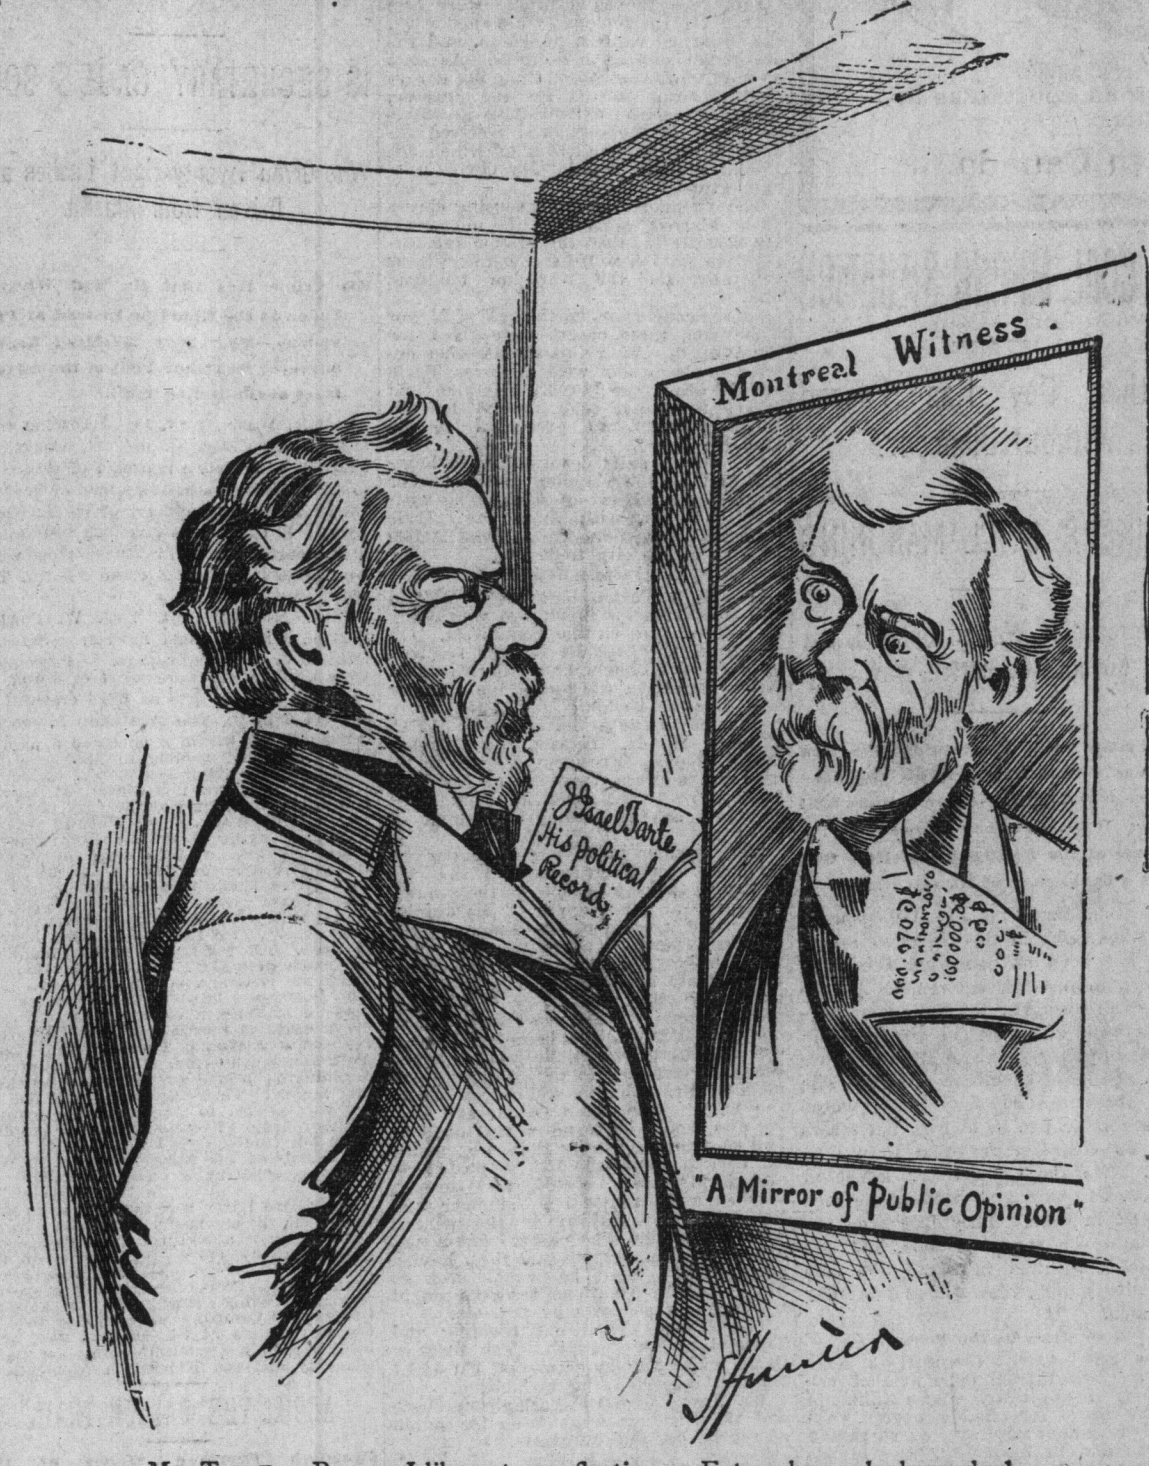

London, Sept. 14.—The morning papers contain despatches from Constantinople asserting that the Ambassadors are now in receipt of instructions enabling them to come to a full agreement on the basis of Lord Salisbury's proposals for the constitution of an international commission representing the six powers, which Greece will guarantee the payment of interest to the holders of old bonds, as well as payment of the indemnity loan.

## PABST MARRIED AGAIN.

The Divorced Husband of Margaret Mather Weds Miss Eliza Lemp, Daughter of the St. Louis Brewer.

Ventnor, Isle of Wight, Sept. 14.—Col. Gustav Pabst, a son of the Milwaukee millionaire brewer, was married to-day here to Miss Eliza Lemp, daughter of the millionaire brewer of St. Louis. The ceremony took place at noon. The bride wore a Worth dress of white satin and Brussels lace and a full veil. She carried a handsome shawl bouquet. Miss Lemp was given away by her father. Miss Eliza Lemp was previously married to Margaret Mather, who was divorced from her.

The Good Trade Signs. The spirited way in which trade in fine new style fall hats and fur garments to order keeps up at Dineen's temporary premises, 81 Yonge-street, heralds the long-looked-for good times, and proves that the stocks and attention this firm serves its patrons is leading the way in the processing of success.

Bombay, Sept. 14.—Gangadhar Tilak, the native member of the Legislative Council, has been arrested by the police on the charge of inciting the natives to disobedience. He was sentenced to 18 months' rigorous imprisonment. He was the printer of the paper, which was the printer of the paper.

Von Hahnke's Funeral. Berlin, Sept. 14.—The funeral of Captain von Hahnke, the chief of the Emperor William's Military Cabinet, who met his death by drowning in July last, while accompanying His Majesty on his trip to the Northland, took place to-day with full military honors and in the presence of large numbers of military and naval officers. The ceremony, which was most impressive, was witnessed by a large number of people. Beautiful wreaths were sent by the Emperor and the Empress and by Prince Leopold of Prussia.

Rich Men and Poor Men. Most men, rich and poor alike, live up to their income, and if they do not cut them off before they have been able to make provision, their families are generally left to shift for themselves, unless the public comes to their assistance.

Something that will come to their assistance quickly, and effectively in an "Economic" and "Social" policy. The police are free from conditions and the extended insurance or a paid-up policy after two years, or a cash value after five years. Rates and full information sent on application.

## HOWLED FOR TONIGHT.

Village of St. Vincent de Paul in Terror.

CONVICTS IN PENITENTIARY Kept Up a Dismal Chorus All Day and Well Into the Night.

The Acting Warden and His Staff Could Not Stop the Mouths of the Men Whose Supply of the Soothing Word Had Been Cut Off. The Music Stopped at 10 p.m.

First Reception of Archbishop Bruchesi—Burglars Sent Down—Montreal News.

Montreal, Sept. 14.—(Special).—The Village of St. Vincent de Paul is in terror to-night, fearing a revolt and general jail delivery in the penitentiary. The convicts have been howling in chorus all day, and at intervals reports are keeping in.

The authorities are reticent, but I learn that the shutting off of the tobacco supply was the immediate cause of the outbreak, which the acting warden and his staff are powerless to quell.

They claim, however, that there is no danger of a revolt. It seems that a few years ago it was decided to do away with tobacco gradually, convicts coming in after May, 1895, to receive none. Since July 1, 1897, there have been no funds available for purchasing the weed, and the oldtimers felt this as a hardship. Besides, of late, the authorities have refused to allow friends to send any in, hence the present dolorous sounds from the walls of the prison. It is an open secret here that discipline has been lax since the commission began to enquire into the administration of the prison, as the convicts were summoned as witnesses against the authorities. On Sept. 3 a sensational break for liberty was made by seven convicts confined to the hospital. They had garaged and bound all the trustees and cut a hole through the ceiling, when a falling piece of wood gave the alarm to the guards. These men are to be tried in the Court of Queen's Bench.

Later—The convicts ceased their outcries about 10 o'clock.

Archbishop Bruchesi's First Reception. Archbishop Bruchesi held his first reception to-night at the Palace, which was attended by a large number of the most prominent citizens, both French and English. He was assisted by Vice-Grand Master of the Grand Orient of Montreal, and the members of his household. Many Protestants attended, among them His Worship Mayor William Smith.

Burglars Sent Down. The noted Pine-avenue gang of burglars, James Farley, Albert Douglas and Joseph Clarke, were to-day given fire years each in St. Vincent de Paul by Mr. Justice Quince, the charge being having dynamite and burglary tools in their possession. These are the men who committed many burglaries at Highways Springs last July.

The first case from New York. They conducted their own cases.

## THAT LAURIER RECEPTION.

Toronto Liberals Kicking Over the Narrow Action of Some Self-Advertisers.

Considerable ill-feeling exists over the preparations for the reception to be accorded Sir Wilfrid Laurier in Toronto. The general opinion is that the function should be a non-partisan affair, and it is therefore considered that the "executive" of the Reform Association, which is in deciding to make it a party occasion.

The view of a great many in the premises was last night expressed to The World by a well-known Liberal. Said he: "That meeting at the Reform Club rooms was a hole-in-the-corner affair, and did not at all represent the better elements of the party. The offer of the Board of Trade to participate in the welcome demonstration only to be shut out from the Premier went to England, not as a Liberal merely, but as the representative of all classes of Canadians."

The so-called compromise under which by Reform houses, is to be held by no means satisfactory. Conservatives are not going to participate in an outside demonstration only to be shut out from the banquet. You might as well ask people to a wedding and leave them out at the feast.

The whole trouble is that a few Young Liberals want to shine on the day, and at latest reports are keeping in.

The authorities are reticent, but I learn that the shutting off of the tobacco supply was the immediate cause of the outbreak, which the acting warden and his staff are powerless to quell.

They claim, however, that there is no danger of a revolt. It seems that a few years ago it was decided to do away with tobacco gradually, convicts coming in after May, 1895, to receive none. ## FOR WAR WITH SPAIN.

U.S. Navy Department Considering a Plan of Campaign.

### WILL REQUEST THE FREEDOM OF CUBA.

Uncle Sam's Government Will Insist On Its Right to Intervene.

Minister Woodford's Message Recounts the Evident Inability of Spain to Maintain Order in the Island and Points Out Constant Destruction of American Property and Violation of Treaty Rights—No Spanish Ministry Would Dare to Accept Minister Woodford's Proposals—A Crisis Approaching.

New York, Sept. 14.—Don Ferdinand Rodriguez cables to The Journal from Madrid as follows, dated Sept. 13:

It is useless to attempt to conceal the fact that Minister Woodford's message to the Spanish Government will bring about a crisis. I am now in a position to speak frankly about the purposes of my mission, although I am obliged, for obvious reasons, to reserve some of the details.

The Government of the United States will for the first time insist upon its right to intervene in the Cuban affair. Although the message to be delivered by the American Minister is written in fair and courteous terms, it is in substance a declaration that the war in Cuba must come to an end, and that the Government of the United States cannot remain passive or indifferent while its interests and the interests of civilization are trampled upon.

Cleveland's Message. It will be remembered that President Cleveland, in his message to Congress, asserted that the time would come, when less Spain demonstrated her power to maintain order in the island, when the United States would be compelled to act. Those who followed the facts closely will also be able to recall the fact that, only last January, Hainley Taylor, the United States Minister in Madrid, who to-day presented his letters of recall, informed the Spanish Minister of Foreign Affairs, in writing, that the United States should confer upon Cuba such rights and liberties as would satisfy public sentiment in America before President McKinley assumed the reins of Government, all questions of autonomy or reform would disappear and the United States would be the question of absolute political independence for Cuba.

Spain's Liability to Keep Order. Minister Woodford's message recounts to the Spanish Government, the evidences of Spanish inability to maintain Spanish sovereignty in the island, and points to the constant destruction of American property, the constant violation of our treaty rights, the enormous losses to our commerce, and the needless suffering inflicted upon vast populations.

YELLOW JACK'S RAVAGES. People Are Leaving Jackson and Mobile as Fast as They Can.

Jackson, Miss., Sept. 14.—The people here have continued to be greatly excited over the fever outbreak. During the last night and to-day people continue to leave the city. The chief interest centered in the city was the report that Dr. Purnell, the fever expert, last night reported three suspicious cases out of a total of thirty. The report was surrounded on all sides by an armed guard, and the utmost vigilance prevailed. The fears of the people were greatly justified by the receipt of an official report from the Mayor of Edwards, saying that an epidemic of dengue was raging, but there were no yellow fever cases.

Yellow Fever in the South. Washington, Sept. 14.—Surgeon-General Wymann to-day received a despatch from Dr. Gutierrez, the Government expert at Mobile, Ala., concerning the yellow fever situation there. He reports two cases as suspicious and one new case at Berkeley. The Surgeon-General ordered by telegraph two hundred wall tents, to be shipped immediately from St. Louis to Surgeon Young at Memphis, Tenn., there to be held till further orders.

New Cases at Mobile. Mobile, Ala., Sept. 14.—Three new cases of yellow fever were officially announced to-day by the Board of Health. The announcement caused much more alarm than did the discovery of the first case, which was regarded as sporadic. The people who can be leaving for points of safety. Louisville and Nashville trains are leaving crowded, as are the trains on the Mobile & Ohio.

At New Orleans. New Orleans, La., Sept. 14.—At night fall the boards of the Board of Health showed that there had been reported to the Board for investigation twenty-six cases, while the attending physicians considered suspicious. Of these thirteen cases had been found suffering with harmless fever. Five cases were regarded as suspicious but necessary to be further investigated before a definite report could be made. There were reported at four cases, and four cases had been pronounced genuine yellow fever.
