of insurance reported to the Council of the Board yesterday and the president's scheme, with few modifications, will be submitted to a general meeting of the members of the gratuity fund, which will be held towards the end of the month.

In case this report of the committee finds no favor at the meeting, an alternative will be recommended, such as: A certificate to be prescuted to each member for \$150, bearing 3 to 4 per cent. Interest during membership.

his wife, spending a few days in the city on their way to England.

Mr. and Mrs. Lofthouse have been working among the Eskimos and Indians in the country about Fort Churchill for nearly the country about Fort Churchill for nearly 14 years.

Some idea of their isolation may be gathered from Mrs. Lotthouse's statement that only once during the last nine years had she seen the face of a white woman.

When the Tyrrell biothers reached Fort Churchill in a famished and exhausted condition, after their terrific struggle down the ice-bound coast in the course of their journey through the barren lands, this missionally and his devoted wife were unremitting in their attentions to the travelers.

In relating his experiences Mr. J. W. Tyrrell palu a high tribute to the work done by both Mr. and Mrs. Lofthouse. A neat church, capable of seating 300 people, has been built, every nall in the structure having been driven by the missionary's own hand.

Mr. Lofthouse preaches in the Cree, Chippewyan and Essamo languages, and has won the unbounded affection and esteem of his people, over whom he has a powerful influence.

College-Street Baptist Choir. The service of praise rendered by the hoir of College-street Baptist Church was The service of praise rendered by the choir of College-street Baptist Church was a pronounced success. The large cnoir rendered Stainer's "What Are These?" and "Leave Us Not." in a highly credifable manner, the quality of tone being also very fine; especially was this noticeable in Gounod's "Sanctus." Miss Leonora James rendered the solo in this in a very effective manner. She also gave Lloyd's "Children of the King." A short, pointed address by the pastor, Rev. S. A. Bates, B. A., on "Music and Light," added not a little to the enjoyment of the evening.

Of those assisting, the Toronto Male Quartet, composed of Messrs. Whatmough, Booz, Davies and Booth, were somewhat put about by the absence of Mr. Booth. Mr. W. N. Shaver took his place, and the one number rendered by them, "Lead, Kindly Light," was greatly appreciated.

Mr. Ralph Williams fairly capfivated the large audience by his mandolin solos; and had to respond to encores. He was very ably assisted by Miss Bastedo, a clever young planist and accompanist. Messrs. A. L. E. Davies, Whatmough and Shaver also rendered solos. Miss E. A. Wells.

McIntyre & Wardwell (John J. Dixon) received the following despatch from Chicago to-day:

Wheat—There was an accumulation of strong news to confront a somewhat oversold wheat market this morning, and there was active competition for the offerings at the opening. The market opened strong at about 1½c advance. Rather brisk realizing by the longs checked the advance for a while, but the undertone to the market was firm, and the closing was finally at about the highest prices of the day and 2c over, those of last night. Cables were very strong all around. Liverpool was up 2d, said to be on resulting damage from frosts in Argentina. Acceptances were heavy, about 75 loads, and this kept exporters busy most of the day replacing sales made. Export demand was large, 80 loads taken at New York and outports. Seatiment seems to be bullish, with advance, and the light supplies abroad and contrasous export demand on all sorts of markets are the most talked of features. Primary receipts in this country keep large and in the Northwest particularly, Minneapolis and Duluth receiving 1190 cars to-day.

Provisions opened steady, and afterwards ruled weak and lower on free selling of January product by packers. Commission bounds and the steady. Strength in wheat prevented further decline. Hogs to-morrow 38,000.
