though the roads were in bad hape last week, the amount of busiiess transacted was fully up to the average. The supply of hay and oats in the latter part of the week was small. This week the supply has been large, and prices, as a consequence, are lower. Grain-The price of oats have fluctuated considerably the past six days, as on Saturday \$1 30 per cwt, was the top figure, while at Tuesday's market as low as \$1 18 was paid. Present prices are \$1 20 to \$1 '23 per cwt. Barley is selling at \$1 05 per cwt, and wheat at 70c per bushel.

Hay and Straw-Prices have varied coniderably; on Saturday as high as \$14 50 per ton was paid; owing to the large delivery the past three days, the same quality of hay sold at \$12 to \$13 25 per ton. Straw is a rather slow sale, at \$6 and aceasionally \$6 50 per ton.

Butter and Eggs-The supply of butter has increased considerably of late, and while there is no reduction in prices, the dealers are confident that the market will be weaker shortly; sales are made at 4e to 25c for choice crocks and 25c for the best pound rolls. Eggs are lower, at 15c to 16c for crate and basket lots. Potatoes-The demand is fair, at 80c to

Apples-The demand is slow, as the market has been over-supplied during the winter months; prices are steady, at \$1 75 to 52 50 per barrel.

Poultry-The demand has slackened off a little; the supply, however, is light; April, 98 3d.
