## PIMPLES BROKE OUT ALL OVER FACE, ARMS AND NECK

Pimples are a sure sign that the blood is not in its proper shape. While the skin is the seat of the irritating, unsightly pimples, the real disease is in the blood.

Medicated lotions and powders may delay the itching and irritation, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and the skin permanently injured by their use. The disease is more than skin deep; the entire circulation is poisoned.

Burdock Blood Bitters quickly and effectively cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions.

Miss E. M. Davidson, Daysland, Alta., writes: "Last summer I was troubled with pimples breaking out all over my face, arms and neck. I was advised to try Burdock Blood Bitters, and after taking two bottles the pimples had almost all disappeared. I shall always recommend this remedy to anyone afflicted with skin troubles."

## In for Life!

Every Bristle that enters a RUBBERSET BRUSH is imprisoned in hard vulcanized rubber for life—it can't get out!

Bristles are mighty slippery customers. Putting them in glue is no sentence at all—water lets 'em right out! Pitch holds 'em until a good hot spell, natural or artificial. Shellac is a fair jailor until varnish comes along and softens its heart. Cement lays down on the job gradually as the days go by.

BUT— that everlasting grip of hard rubber in RUBBERSET Brushes imposes and enforces a genuine "life sentence."

That's why good dealers offer you RUBBERSETS when you ask for brushes in which the bristles will stay put.
