The procession on the "Twelfth" can be improved only by more lavish expenditure on silk hats for the men. The "hat my father wore" won't do for the modern Orangeman.

PUBLICITY AT VARSITY.

Press Agent Might Do the Institution Lots of Good.
Premier Whitney tore away part of the veil of mystery that surrounds university proceedings yesterday and told the press about a visit paid him by a delegation of the board of governors.

A discussion occurred with a view to ventilating the needs of the university with regard to new buildings. Few people realize the extent to which the university has grown. Since 1897 the attendance has trebled itself, which is an unparalleled event. Nothing is specially required at present, but a forward-looking policy is favored by all in authority.

It may once more be remarked that a policy of publicity in university affairs would decidedly enhance the interest taken by the people at large in the great provincial institution. It was understood that arrangements would be made by the board of governors to supply information to the press, but the results so far have not been remarkable. The secretary is either

timid or reluctant and the chairman is practically inaccessible. What the university needs is a live publicity agent.

Congregationalists Must Organize.
LONDON, July 8.—(C.A.P.)—Rev. Hugh Pedley of Montreal, speaking at the International Congregational Council, said there were two courses open to the denomination in Canada, to join the union with the Methodists and Presbyterians or to move towards an organization representing some adequate measure of balance between organization and that freedom which is one of the glories of the Anglo-Saxon race.

Fraser Greet Classmates Here.
LONDON, July 8.—(C. A. P.)—Clan Fraser are sending to Canada by Lord Lovat Fraser, who is going to the tercentenary at Quebec, a greeting to the clansmen of Canada. The message will be in the form of an illuminated address.

CELLULOSE EXPLOSION CAUSES A BAD BLAZE

Sheppard-Street Factory Building Scorched and Damage of \$60,000 is Done.

Fire which started from friction in an engine in the premises of Smith & D'Entremont, 18 and 20 Sheppard-street, exploded a great quantity of celluloid at 7.40 o'clock yesterday morning. The whole building of four storeys was rapidly enveloped in flame and the hundred workers employed by this and other firms were driven to hasty flight.

The fire spread to Nos. 16, 22, 24, 26, 28 and 30 before it was drowned out by the firemen, who responded from almost every station in the city to the several alarms sent out.

Many of the smaller firms were hit for whatever damage they sustained owing to the high rate of insurance, making policies scarce in the block.

The blaze was handled ably under the direction of Chief Thompson and Deputy Chief Noble. When the Bay-street sections, a block away, arrived, the flames were belching almost across the street, and Bond's heavy stable was igniting. It was only by determined bucking against great heat and beastly smoke that the firemen were able to confine the fire as well as they did. The block has been scorched two or three times before.

Deputy Chief Noble was away the first to arrive and was told that twenty persons were still in the building. With a couple of firemen he hurried to the rear and found it as well as the front of the building, in flames. Then he was told that all employees were safe. Ladders were erected to protect Jones Brothers' premises, but while the deputy was away one ordered the section down, as it had been said that the floors were heavily weighted and might collapse.

The losses and insurance are: Losses—No. 16, Wilson & Cousins, machinists, \$250; Armstrong Bros., machinists, \$100; Charles Bush, Limited, printing ink, \$75; No. 18, Smith & D'Entremont, Co., comb manufacturers, \$15,000; No. 22, P. J. Corcoran, builder, \$600; John W. Bowman, machinist, \$100; No. 24, E. B. Carroll, file manufacturer, \$100; No. 26, S. W. Davidson, wood-turner, \$100; Nos. 28 and 30, Jones Bros. & Co., barbers' supplies, \$20,000; Lockwood & Snider, picture frames, \$3000; Cameron & Campbell, planing mill, \$900; F. A. Job, cabinetmaker, \$100; No. 30, Cameron & Campbell, \$2600; other firms, \$2600; total, \$40,000.

COUPLE OF MILLION MORE.

Mr. Borden Underestimated the Cost of the G. T. P.

OTTAWA, July 8.—In the house of commons this morning a motion for the adoption of the report of the special committee of the house of commons in regard to the Hodgins charge afforded an opportunity for a review of the accusations which had been brought against the transcontinental Railway Commission.

Before this debate was begun Mr. Borden explained that he had underestimated the obligations assumed by the Dominion Government by the construction of the new transcontinental railway. The interests which the government had guaranteed to pay on three-quarters of the cost of the mountain section would amount to \$1,304,300, instead of \$9,889,400, and this would bring the total cash expenditures up to \$182,920,823, and the total liability assumed by the country, including the G.T.P. bond guarantee, up to \$250,968,723.

LONG TERM FOR ASSAULT.

Windsor Man Gets Heavy Sentence From Detroit Judge.

WINDSOR, July 8.—(Special).—John Guilfoyle of Windsor was to-day sentenced in Detroit to a penitentiary term of not less than twelve and a half years, and not more than twenty-five years, with recommendation that it be a longer term. Guilfoyle was convicted of a criminal

attack upon two girls who accepted his invitation to take a buggy ride with him. After the assault, which was committed on Belle Isle, Guilfoyle stole his victim's purse and she had to walk home. "I could sentence you to life," said Judge Phelan, "but I have a reason for not doing so. Your mother has been to see me, and interceded for you, but I told her I could do nothing for her. This was because of Guilfoyle's record. He has been arrested for theft and twice before attempted criminal assault.
