EX-C.P.R. EMPLOYEES SAY COMPANY DISCRIMINATES

Few of the Old Hands Have Been Reinstated—Lively Meeting in North Toronto.

WEST TORONTO, Nov. 15.—In spite of the fact that the C.P.R. mechanics' strike was settled weeks ago, many of the ex-employees will have a hard time to keep the wolf from the door during the coming winter on account of the company's tactics. It would seem that the C.P.R. officials, in spite of their promises to take back the old employees, deliberately planned to refuse work to those who in any way took an active part in the strike proceedings. Whether a man is married or not evidently makes no difference with the company in this regard, judging from the numbers of ex-employees with wives and families to support, for whom no place can be found on the company's pay-roll. "That the strike ended as it did is all due to the weakness of J. H. McVeety and Ed Hardy," said a union official in West Toronto to-night. "These men are not fit to be leaders; they haven't got the ability, and they're simply got to resign the positions they now hold in the union. We had the company beat to a standstill, as is seen now by the fact that the repair shops are being run night and day and every man is working overtime. Not more than 50 per cent. of the men in the local shops who struck have been taken back again."

NORTH TORONTO.
Ratepayers' Association Declines Ours and Want Popular Vote.

NORTH TORONTO, Nov. 15.—What the meeting of the Ratepayers' Association on Saturday evening lacked in numbers was made up in spirit and enthusiasm. At times the meeting became pretty stormy, in keeping with the weather.

The first question discussed was the vexed one of the school enlargement. The following resolution was passed: "Whereas the school board requested the town council to grant them a large sum of money for alterations, improvements and additions to the school properties, and

"Whereas the request is a very large one in proportion to the town's ordinary expenditure, and

"Whereas it is possible that the school board's plan is not approved of by the ratepayers as a whole, therefore be it resolved that the town council take no action upon their request, but throw the responsibility upon the ratepayers by a popular vote."

Appoint Good Committee.
President Ellis and Messrs. Reid, Ball and Clark were appointed a committee to attend the sitting of the Municipal and Railway Board in the parliament buildings on Tuesday at 10:30 a.m.

A motion to keep the Ratepayers' Association and the annexation movement separate was left over till the next meeting.

The next subject under discussion was the hearing of the town's grievances regarding the Metropolitan Railway and many volunteered to assist in the town solicitor's petition to the Ontario Railway Board also. The Ontario Railway Board also received an invitation from the association to take a trip over the Metropolitan line at certain hours to enquire as to why the Glenogrove cars are held at switches from fifteen to thirty minutes for freight cars, as well as to inspect the roadbed.

Meet on Tuesday.
The town council will meet on Tuesday evening at which the school board will renew their application for money to enlarge the town's school accommodations. Their revised plan is to add 1000 seats to the existing school, sufficient to build a school at Bedford Park, which addition will cause them to ask for about \$400,000 more than their former application of two weeks ago.

A joint missionary meeting of the different churches will be held in the East Toronto Methodist Church on Wednesday evening.

The board of works committee and the water committee of light committee will meet to-morrow (Monday) evening.
