CERTAIN-TEED ROOFING
IS SOLD IN ST. JOHN BY
W. H. Thorne & Co., Ltd
Market Square -- King Street

The home guard

To be in a position to repel attack and to preserve inviolate the home and hearth is the reason for the wide-spread movement of the "Home Guard" throughout Canada.

For defense against invasion of the elements CERTAIN-TEED Roofing is the real "home guard".

"Certain-teed" Roofing

protects homes and other buildings from storms; successfully resists the attacks of rain, hail, sleet and snow; is unaffected by the sharp assaults of frost, and the withering fire of mid-summer sun. It even withstands the ravages of time, for CERTAIN-TEED Roofing is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it will out-last the period of guarantee.

The long life of CERTAIN-TEED is due to the fact that it does not dry out, as ordinary roofing does. This is because it is made of the best quality roofing felt, thoroughly saturated with a blend of soft asphalt—the formula of the General's Board of Expert Chemists. This soft saturation is then covered with a coating of a harder blend of asphalt, which prevents the drying-out process, and keeps CERTAIN-TEED impervious to the elements for years after the harder, drier kinds of roofing have dried out and gone.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED Roofing for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building. CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.
