**The Man In The Street**

Going to the fair?  
You'll be lonesome if you don't.

No, not the one in California—the patriotic fair in Ononette.

Something dropped in Manitoba yesterday, or collapsed, rather.

Slow Up!

"Speed up" seems to be the newest slogan of the Allies, but from the tone of yesterday's dictum from police headquarters it won't apply to any of our city motorists.

The Austrian archduke may get a job as policeman after the war. The Kaiser has just presented to him a nice new hat.

Commissioner Wigmore has satisfactorily explained the impracticability of night work on the Main street sewer construction. It's up to the street railway in its work at the avenue.

Seems to be the off season for injunctions. We've heard no threats for a week or more.

Meanwhile, what of the rails in Mill street?

Thomas H. Cannon of Chicago was yesterday elected High Chief Ranger in the Foresters. A "big gun" as it were.

Someone Kicked Over the Hill

The revolution in Portugal is said to have been partly caused by a body known as "The White Ants." Well, if they're any worse than mosquitoes, suburbanites won't wonder.

The Balkans seem to be up at auction for the highest bidder on their neutrality.

Or Palm Beach Soils, Perhaps

Some of those new-style shirts we've noticed on tourists this week, give a low impression that men may be wearing midday-blouses next summer.

Well, at any rate, the Germans have won a more "pronounced" victory at Warsaw than at Paris.

Or Introduce Him to a "Pair"

After trying to borrow cash from Chief Simpson at central station this week, a stranger in the city gave his name as William Peache, of Boston. No doubt, the chief murmured "fresh fruit."

Or else he might have gurgled "too much 'nut-stuff'."

But on the Bank, Apparently

Somewhere we've read that "the Balkans are all mountainous countries." From the uncertain manner in which they've been acting lately, one would really feel they were not on the level.

**BOARD OF TRADE HAS BEEN ACTIVE IN THE RAILWAY MATTER**

Letter From President J. A. Likely Relative to the Transcontinental Railway

To the Editor of the Times:—

Sir:—In the Times of last evening, the statement was made in the editorial columns that the Board of Trade seemed to be apathetic, so far as Transcontinental matters were concerned. The opinion does not seem to be at all just.

The board of trade has been very much alive on this important subject, so much so that some of its members have been accused of being actuated by partisan motives.

Ever since the destruction of the I. C. R. grain elevator, twelve months ago, the board has been appealing to the railway department, either through Mr. Gutelius, or through Hon. Mr. Cochrane, to have it rebuilt.

When the Quebec board of trade asked the St. John board to stand behind it in its appeal to the government for a special rate on export grain that would attract shipments to maritime provinces this board not only agreed to do so, but wired the Quebec board that if necessary a delegation would be sent to Ottawa at the board's expense to support its appeal.

When it was stated in the local press that the work on Courtenay Bay—the proposed Transcontinental harbor—was stopped, a telegraphic protest was promptly sent to our representative at Ottawa and a satisfactory assurance received from him in reply.

The council of the board secured the opinion of a leading provincial engineer with respect to alternative routes to St. John.

On at least three occasions, a special committee of the board waited upon the local government with respect to the bridge crossings on the St. John river, urging that complete surveys and data with respect to the several sites suggested, should be procured and a start made on the bridges as speedily as possible.

More recently strong resolutions, approved by the full board, were sent to the Ottawa and Fredericton governments with respect to the Transcontinental situation.

Conferences have been obtained with Hon. Mr. Hazen, Hon. Mr. Clarke, the provincial premier; Hon. Attorney General Baxter; Hon. Frank Cochrane and Mr. F. P. Gutelius for the purpose of ascertaining their views and the reasons for delay, and urging the prosecution of the enterprise. The co-operation of the city council has also been requested in this connection.

In view of all this patient and determined effort to improve the Transcontinental situation and hasten connection with this port, does it not seem a little unfair to the board of trade that it should be accused of apathy? Apathy there may be, but it is not the board of trade that is the guilty party.

Yours truly,  
J. A. LIKELY,  
President Board of Trade.

**HAD BEEN SIXTY THREE YEARS AN ORANGEMAN**

Isaac W. Pitt of Greenwich Dead at Age of Eighty Three

The death of a lifelong resident of Greenwich, N. B., occurred this morning when Isaac W. Pitt passed away at his home there after a short illness, aged eighty-three years. He was one of the oldest members of the Orange order in Eastern Canada, having been on its roll for sixty-three years. He belonged to Royal Scots Chapter, King's West, and was an honorary member of the grand lodge of the province.

Mr. Pitt, who was of Loyalist descent, was well known about St. John. He was engaged in farming at Greenwich all his life. Besides his wife, he is survived by two sons, Wilmet, engineer on the steamer "May Queen," and Frederick, residing in St. John, and three daughters, Mrs. F. E. H. McKel of Greenwich; Mrs. Worden of St. John, and Miss Minto at home. The funeral will be held on Monday at 3 p.m., from his late home, with interment at Brown's Plains.

**THE ONONETTE FAIR**

With the continuance of fine weather today there is every reason to expect very large crowds at the patriotic fair on the grounds of Mrs. O. H. Warwick at Ononette. The lighting plant at the grounds was tried last night, and worked with excellent success. The decorations with the special lighting effects are attractive.

All the attractions along the "pike," the various games and booths about the grounds, the refreshment and supper centres are in readiness for the big event, while a supply of tempting, delicious home-made pies, stacked seven feet high, is awaiting disposal to different bidders. The St. Mary's band will give a good programme of music. In fact, nothing within reason has been left undone to make the affair a success, and a real, old-fashioned, good time is guaranteed all who attend.

**A Race of Athletes**

Surely we are becoming an athletic people.

Look at the tennis courts, the golf links, the ball grounds on every side and consider how few there were ten years ago.

It is a healthy sign of the times. It means greater things ahead—with stronger men and women to do the world's work.

These sports have, of course, developed specialized breeds in dress and equipment, but they are needs easily supplied.

A glance through the advertising columns of the Telegraph and Times will nine times out of ten answer the questions of the athletic man or woman.

**HAS CHARGE OF ALL THE MAIL AT BIG CAMP IN ENGLAND**

Times' Correspondent Sends Tribute to Lieut. Bruce Caldwell

ANOTHER ST. JOHN MAN

Elmer Ingraham Has Important Part in the Distribution—How the Letters and Parcels Are Handled—A Suggestion to Those at Home

(Written for The Times.)

Shorncliffe Camp, July 22.

To a St. John man has fallen the responsibility for the delivery of all mail addressed to the some 40,000 Canadian soldiers encamped in Kent county, and Lieut. Bruce Caldwell, a former member of the staff of the railway mail service, is the person to whom the credit for the safe delivery of mail to the men should be given.

Under him is Elmer Ingraham, a former postal employe at St. John, who now looks after the delivery of mail matter from the general post office to the units in and about Shorncliffe Camp. When one considers the number of men receiving mail, there is reason to congratulate Mr. Caldwell and his staff for the efficient manner in which their work is carried out. This undertaking, even under the most favorable circumstances, would be arduous enough, but with the moving about of brigades and battalions, as well as the perplexing methods adopted by some people (in good faith, no doubt), in addressing mail, the job is no light one. Nevertheless, but very few complaints of non-delivery or even delays of mail matter have been made. In this regard, conditions are greatly in contrast to those existing in the case of the First Contingent on Salisbury Plain.

If one would follow the route of a letter, parcel or paper, after it reaches England, he would realize that the delivery is exceptionally rapid. The mail is first sorted in the general post office and then turned over to the Canadian G. P. O. for distribution. Here it is divided and forwarded, some to France, some here and some to other places where there may be Canadian stations. Then comes the sorting into camps and finally into units. And all this is done with remarkable dispatch.

It would be of great assistance to the men who have the task of sorting and distributing mail, if their friends would put a full and correct address on all packages of mail matter. This should include regimental number, rank, name, company (battery or squadron), brigade and camp. It is reasonable to suppose that an average of at least one letter per man arrives every mail, and this, together with the avalanche of newspapers and parcels, makes the distribution of mail something that requires consideration and time.
