JUDGE MCKEOWN IS BEREAVED

His Sister, Widow of Former Premier Clarke, Dead at St. Andrews—In Good Health Wednesday, She Passed Away at 6.30 o'Clock Today.

The distressing news of the sudden death of his sister, Mrs. Bessie Clarke, widow of Hon. George J. Clarke, at one time Premier of New Brunswick was received this morning by Chief Justice H. A. McKeown of this city, in a message from her summer home in St. Andrews. Mrs. Clarke was taken suddenly ill on Wednesday afternoon with intestinal trouble and died about 6.30 o'clock this morning. Word of her illness was received by Judge McKeown on his return here from attending the opening ceremonies of the new Albert School last evening, and not believing that her condition was serious, he planned to return to St. Andrews today; news of her death this morning was therefore a great shock to him and to her many friends in and about the city. Judge McKeown had spent the last week-end with his sister and she was then in the best of health. Mrs. Clarke was fifty years of age, and was a daughter of the late Rev. Hazeliah McKewen of St. Stephen. She is survived by two daughters, Mrs. Stewart Lane of Vancouver, and Mrs. Louis Jarvis of Montreal. Mrs. Jarvis was visiting her mother a few weeks and was with her when she took suddenly ill. She also leaves two brothers, Chief Justice McKeown of this city and Arthur W. McKeown, general merchant of Divide, Montana; and two sisters, Mrs. Campbell of Wallace, N. S., widow of Rev. Dr. George M. Campbell, former pastor of the Centenary Methodist Church here, and Mrs. Bonnell, wife of Dr. S. Bonnell of Fernie, B. C.

Since the death of her husband Mrs. Clarke had been spending her winters alternately with her daughters in Montreal and Vancouver, and occupying her St. Andrews home during the summer months. Last winter she spent with Mrs. Lane in Vancouver. Judge McKeown, accompanied by his wife, will leave for St. Andrews this afternoon. He said today that although definite arrangements for the funeral had not yet been completed, it was altogether likely that burial would take place at St. Andrews, where Mrs. Clarke was interred. His Honor will have the sympathy of a wide circle of friends in his acute and sudden bereavement.

Question of Rights To Lake Fishing

South Branch Matter to Be Tested in Chancery Court—Injunction Granted.

Whether a person owning shore rights on a lake is privileged to fish in all parts therein will be one of the questions for consideration in the matter of the South Branch Fishing Club vs. Linton, which will probably be argued in Chancery in September. An injunction was issued by Mr. Justice Grimmer on application of Barnhill, Sanford and Harrison yesterday to restrain the defendants from fishing in that portion of the South Branch over which the club claims exclusive title. The plaintiff club is composed of several local residents who have been fishing the south branch of the Oromocto for years. Some time ago the defendant, Thomas Linton, and others acquired rights to other properties bordering upon the lake and a very attractive camp was constructed on the site. The question of riparian privileges as to non-navigable waters where private rights for fishing and other purposes exist will be followed with interest in both legal and sporting circles.

FORMERLY OF SAINT JOHN

Mrs. Frances Frank Dies in New York Following Injury Sustained in Fall.

(Evening Empire, Prince Rupert, B. C., June 19.)

Mrs. M. Raymond, Fifth avenue, west, received word from New York City yesterday afternoon announcing the death of her youngest daughter, Mrs. Frances Frank. A year ago last March she sustained a fall which injured her hip. Despite skilled treatment, she failed to rally. A second operation was decided on, and she passed away, while this was being done. Mrs. Frank spent the summer of 1917 here, where she made a large circle of friends, who learn with sincere regret of her untimely death. She is survived by husband and sister in New York, and mother and brother in Prince Rupert.

As Miss Fanny Raymond, Mrs. Frank is held in kindly memory by many St. John friends. Her brother in Prince Rupert is William J. Raymond, who some years ago was on the writing staff of the Daily Telegraph.

A NIGHT ADVENTURE

(St. Croix Courier.)

After the close of the Queen Theatre Saturday night, Manager Staples and his wife started in their car for St. John. When just below Pennfield, they encountered a big bull moose which gave them a "run for life" that would have made a good "movie." Mr. Staples "stepped on the gas" but even with the car going at thirty miles an hour they could not shake the infuriated animal which frequently made his displeasure manifest as he ran alongside. When they slowed down to 20 miles at a curve the moose jumped to the centre of the road but refused to be shaken. A little later it jumped to the side of the road and they could hear the impact of the big body against a wire fence as they shot ahead. A few miles farther they encountered a lynx but neither party exhibited any desire for a contest.

ENGAGEMENT. Mr. and Mrs. S. McConnell announce the engagement of their daughter, Miss Lillian Louise, to G. William Foster, the wedding to take place in July.

ONE FROM ST. JOHN. Bangor Commercial: Three Canadian boys enlisted at the local recruiting station Tuesday, for service as follows: Edwin N. Pelton of St. John, N. B., Can.; Edward C. Corey and Paul G. Swin of Woodstock, N. B., Can.; all for service with the Coast Artillery at Ft. Preble, Portland.

PRESENTATION. About twenty members of Roxborough Lodge, No. 32, called on one of their members, Shell McLeod, at Market Place, West St. John on Tuesday evening, and presented a lodge pin to her. Miss McLeod replied feelingly, thanking the donors for their thoughtful gift. Following the presentation games were enjoyed and refreshments were served.

SHOE STORE BY-LAW. It was pointed out this morning that the proposed by-law which provides for only closing of retail shops selling boots and shoes, does not compel shops selling other goods as well as footwear to close between 6 p.m. and 6 a.m. Such shops, however, will be restrained under the by-law from selling boots and shoes during the hours when the shoe shops are closed.

GETS BIG TROUT. A splendid red trout, three and a half pounds in weight, responded to the practiced call of G. Siminalli at Loch Lomond one day this week. He caught it in shallow water not far out on the lake from the highway bridge. Mr. Siminalli also hooked one of the rainbow trout of the kind placed in the lake some time ago. This one had reached seven inches in length. It was returned to the water.

HYDRO PROGRESS. It was announced at the offices of the Civic Power Commission this morning that the steel for the outside sub-station superstructure would be ready for erection early next week and the task of erection would be completed in about three days. The placing of the three big transformers will then be carried out. Some of the outside switching equipment has arrived and will be installed as soon as the transformers are in position. According to the present indication the inside switching equipment will be completely placed on or about July 15. With all branches of the distribution system being hurried towards completion it will not be long before the effect of hydro street lighting.

Tree Across Wires; Current Shut Off

Westfield and vicinity was thrown into darkness for about two hours last evening by the shutting off of the current in the whole system. Some men were clearing a piece of land near the church at Pandemonia and in falling a large tree fell across the hydro transmission line. One of the men was slightly shocked but was not severely hurt. At the request of those in charge of the work the N. B. Commission shut off the current until the tree was removed from the wires and service was again resumed.

MORTGAGE CASE

Judgment was delivered in Chancery this morning by Mr. Justice Grimmer, setting aside as null and void a mortgage in the case of Samuel Rosevear vs. Joseph A. Pelletier, and ordering the same to be discharged upon the records by the defendant. This case concerned a property transaction in Restigouche County where the parties reside. The matter of fraudulent obtaining of the mortgage on the property entered into it. The plaintiff on learning of the alleged fraud brought action to have the mortgage set aside. The court gave judgment for the plaintiff, finding that one of the lots about one acre in quarters, vested in the plaintiff in fee simple and that the mortgage was null and void. The injunction previously granted to restrain the defendant under the power of sale in the mortgage from selling was ordered continued. Costs were struck against the defendant.

PUPILS GIVE RECITAL

She is a pupil of Miss Marjorie Pearce. Dorothy Spillane gave two songs. Those taking part in the recital were: Berj Dean, Purdy Gregg, Louise Cowan, Georgina Earle, Jean Harrison, Jennette Powers, Rupert Haley, Charlotte Fisher, Jean Linton, Shuna Gilchrist, Kenneth Fisher, Grace Fairweather, Ronald Fleming, Jean Stanton and Marjorie Simon. The ushers were Jean McLaughlin, Frances Dunlavy and Margaret Hayward.

FUSILIERS REACH CAMP IN DOWNPOUR

Heavy Rain Since Midnight in Tented City.

Much Interest in Saturday's Sports—An Unusual Form of Address to Colonel in Asking His Selections for Breakfast.

(Special to Times.) Sussex, N. B., June 29—The St. John Fusiliers arrived at Camp Sussex this morning and immediately went into quarters. The arrival was in a down-pour of rain. Heavy rainfall began soon after midnight and kept on all morning. Slung under canvas, the troops were warm and dry and there were few complaints. Little in the way of outside drill could be undertaken, but the time was occupied with lectures and other work. All ranks are looking forward with great interest to the field day tomorrow. Competition will be particularly keen in the cavalry event. An excellent feature of the camp is the efficient way in which the food is cooked. Private Briggs is cook for the subordinate mess and he can flip a flap-jack with the best of them. One dignified officer's mess was rather scandalized at breakfast today when a new waiter appeared in the doorway, stood for a moment with his hands on his hips, and then demanded of the colonel: "Well, boy, waddya gonna have this mornin'?" A young batman started another mess last evening when he appeared at dinner, which is a parade and attended by all officers in dress uniforms, with a forage cap rakishly perched on the side of his head. He asked: "Hey, Captain Blank, will you want your buttons polished in the mornin'?"

The meetings of the New Brunswick Heredity Society were continued this morning in the Health Centre with a good attendance of members and nurses. A word of praise for the public health service of the province was given by Dr. Stewart of Woburn, Mass., formerly of St. John, who was a visitor at the meeting. He spoke of the great advance made in the matter of medical school inspection were continued. There was a considerable discussion also on the recent advances and discoveries in the line of disinfectants and their use. Problems arising in connection with the public health nursing service of the province were taken up and plans for the future were formulated.

HEALTH BUREAU SESSION TODAY

Massachusetts Doctor Gives Praise to N. B. Health Service.

Another matter mentioned was that of the proposed publication of a pamphlet for the sanitary inspectors and other public health officials on the matter of sanitation. It was hoped that this would be ready by the September meeting of the bureau. Only a small amount of business remained to be finished at the close of the morning session.

Ball Players All Night on The Road

St. Peter's Have Break-Down and Manager a Fourteen Mile Walk.

Members of St. Peter's baseball nine arrived home early this morning from Fredericton where they were defeated by the capital team in two contests. The green and white boys are apparently a popular attraction at the capital as their games this season have attracted record crowds of fans. In three out of four games with the league leaders St. Peter's played errorless ball, but last evening cracked the losing record. Despite this the fans say that both contests were real baseball and well worth seeing.

The champions apparently have a jinx about using them this season as the breaks have all been against them. Determined to reach Fredericton on Wednesday in time to have a good night's sleep before the trying double header yesterday they set out from St. John about 9.30 o'clock. While travelling along the broad road between Petersville and Oromocto their auto truck broke down and as a result they failed to arrive at their destination until Thursday morning at 6.15 o'clock. The accident happened before midnight and for nearly an hour the chauffeur labored diligently to make at least temporary repairs. About 12.30 it was decided that someone would have to go for assistance and Manager McCormick, accompanied by two other members, set off in an effort to locate a telephone and get cars from Fredericton. After a tramp of fourteen miles they reached a farm house at 4 o'clock and after rousing the owner arranged to have him drive them to Fredericton where they planned on securing automobiles to bring the players there. After an unavoidable delay they started and arrived at the capital a little after five o'clock. Efforts to awaken chauffeurs, secure cars, and arrange for quarters for the team were well under way when the truck with the players arrived. While the accident was regrettable the boys paid a glowing tribute to the skill and patience of David McKay, their chauffeur, who worked under his car for more than four hours and finally succeeded in getting it in running order. Although playing under this handicap they showed championship form until the break in the sixth inning of the evening contest.

RECEPTION FOR MR. LOGAN. H. J. Logan, M. P., expects to arrive in Amherst on Tuesday night, July 3. The Board of Trade is arranging to have a public reception for him on his arrival.

The Barnet Household Refrigerator

Saves Time, Work, Money, Food. The Barnet means less labor for housewives—better meals—lower costs—foods kept fresh, pure and wholesome by a constant circulation of cold, pure dry air within eleven heat-repelling walls, which protect the ice and guarantee a uniform temperature at all times. This means lower ice bills as well as a bone-dry, cold interior.

You owe it to yourself and family to buy the Barnet—the most efficient protection against contaminated foods and the contaminating summer heat.
