case if possible, but it appeared that some others were satisfied with less.

A petition was read from Archibald Wright, a resident of Newcastle up to the present time, but who unfortunately by an accident had lost the fingers of his right hand. He prayed, therefore, that the sum of \$3.99, the amount of his assess ment for 1880, be remitted. After some discussion it was finally

moved and seconded that the prayer of the petition be granted. Carried. The bills for mileage of Councillors

Coun, W. S. Brown said that he should not feel justified if the Land Committee did not bring in a report.

Coun. James Brown said that the Committee appointed at last session with rethis matter could not agree. In answer to an enquiry as to what pieces of land were under consideration he might, state there was a small piece of a road, part of which is occupied by Judge Williston, another piece, which now was nothing but an eye sore, Bishop Rogers had declined at present to take; there were also two other pieces, one occupied

by A. A. Davidson Esq., and the other by Mr. Ramsay. Coun. W.S. Brown moved, seconded by Coun. Johnson, that these parties be offered the land in question on the same terms

as had been offered other parties. It was moved and seconded in amendment, that the Secretary be instructed to

take possession of the piece of land held by A. A. Davidson Esq. Carried. W. S. Brown then withdrew his origina motion, saving that all the parties should be treated alike.

Coun. W.S. Brown asked the Sec.-Treas. if the Auctioneers had paid their fees. The Sec. -Treas, said there were some o them in arrears, but the matter would be dealt with.

Coun. Johnson reminded the Secretary of the failure on the part of the Justices to make returns according to law. The Sec. Treas. promised that the law

should be complied with. Coun. Betta then moved that a com mittee of five be appointed to report on County lands at next January Sessions. The following Committee were then ppointed viz, Coun. Betts, Loggie,
