Mr. Jamieson made his customary speech in presenting the resolution. He accused Mr. Fisher of importing partyism into this debate, his reason being, as well as it could be understood, that Mr. Fisher had failed to criticise the Ontario Government's administration of the Scott Act. He spoke of the Prohibition caucus of this morning and said that the Liberals there had sought to condemn the action of Governor Royal, which action Mr. Taylor by implication defended, or at least appeared to defend. By the way, it should be explained that Mr. Taylor was not allowed to speak (having already)

Under the old method the drivers carried a side-bag in which all letters intended for delivery before reaching the head offices could be deposited, and when the office was reached to which the respective letters were addressed they could be delivered. Under existing arrangements a letter tween Chatham and Frederickon except Boiestown must go to Fredericton or Chatham and be returned to the office to which it is addressed; consequently it takes longer for correspon between way offices than it did when the mails were carried by horses.
