BURGLARY ON CHURCH STREET.

Chas. Damery's Beer Shop Broken Into—No Money for the Thieves.

Burglars' operations are again in evidence. This time the attempted break was made on Charles Damery's bar, Church street. The burglar or burglars must have got in their fine work between Saturday and Sunday nights.

Nothing was known of the matter until this morning when Mr. Damery's clerk going to open the door, found that the lock—one of the Yale kind—had been broken from its staple. A "jimmy" or some strong instrument must have been used in the work as the woodwork around the door was cut and indented.

There was no money in the register. However there was a plentiful supply of liquors on the shelves. Mr. Damery's clerk cannot tell as yet as to whether any of the stock is missing. But burglars do not generally let a chance slip by of making themselves acquainted with different brands of liquors when they have a free chance. The cash register was empty so far as the money end of it goes. The burglar or burglars must have felt sore.

FOOTBALL.

Carlton and Y. M. C. A. Teams Play a Tie Game.

The game between the Carlton and Y. M. C. A. football teams on the Victoria grounds Saturday afternoon resulted in a tie. While both teams show the need of further practice the play at times was exceptionally good, and shows that St. John's will put up good fights against the outside teams.

The line-up was as follows:

Carlton.	Full	Y. M. C. A.
Wright	Full	Dowden
Mosher	Stockton	
Tait	Half	Malcolm
Burpee	Backs	Malcolm
Jordan	Stockton	
O'Reilly	Quarters.	Sandall
Ring		Ledingham
Scovill (capt.)		Ellis
Watters		Robb
Norris		Whittaker (capt.)
Pike		
McCaffery	Forwards	Simms
Pittman		Titus
Flaherty		Malcolm
Coram		Gilmore

Carlton had the kick-off and rushed the ball to the Y. M. C. A.'s twenty-five yard line, and after about ten minutes' play Mosher by a thirty yard run and pass enabled Carlton to score. Owing to a change of hands on the ball behind the goal line no try for a goal was allowed. The first half ended with the score 3-0.

In the second half the Y. M. C. A. played a better game and J. Malcolm rushed the ball over for a try. No goal was kicked, and the game ended 3-3.

WHARF OWNERS KICK.

The Renting of the I. C. R. Wharf to Wm. Thomson & Co. Generally Condemned.

The proposal to rent the face of the new I. C. R. wharf for the use of the South Shore steamer Semias is very generally condemned by private wharf owners of this city. The chief objection is on the ground of unjust competition with private properties. Private wharf owners have to pay for the right to extend their wharf properties out to the harbor line. They are also compelled to pay to the city taxes on their properties, and the revenue derived from them. The I. C. R. as a government institution does not pay any such amounts, and the leasing of the wharf to the Semias would be an interference with the rights of private property. It would tend to reduce the value of private wharves and would be a distinct departure from the policy followed hitherto by the dominion government.

The harbor master, Charles S. Taylor, also strongly condemned the proposal and said that if the Semias has a right to go to the face of the I. C. R. pier at the head of the harbor, the same right must be granted to all other vessels, and it would of a necessity have to become a public wharf.

Forecast.—Fresh westerly winds and fair; Tuesday, fresh to strong northwesterly, fair and much colder, local frosts Wednesday morning.

Synopsis.—A shallow depression is spreading eastward across the Gulf and it is likely that the barometer will soon rise in advance of a high area. Weather is fine and cool in Ontario and Quebec. To Banks, strong southwest and west winds today and Tuesday, and to American ports, strong west and northwest winds.

CATHEDRAL SPIRE REPAIRED.

The work on the Cathedral spire is nearing an end. Yesterday the large gilded cross surmounting the steeple was put into position by the contractors, Slaney & Mitchell. This cross, together with its ornamental measures 15 1/2 feet high and is 6 feet across. It is made of the heaviest sheet copper obtainable and weighs over 500 lbs. The top is exactly 240 feet from the ground. The task of lifting this heavy weight was no easy one and it speaks well for those who are in charge of the work that everything was done without a hitch.

In conversation with the star today, Mr. Mitchell, of the firm of Slaney & Mitchell, remarked that the Cathedral possessed the best proportioned spire in Canada, and the cross which has now been put on is the largest in the maritime provinces. Within three weeks the steeple will all be done and the contract completed. The steeple has been entirely re-sheathed with copper and when the steeple is down it will have a fine appearance.

Today the workmen started removing the staging at the top and will gradually work down, putting the finishing touches on as they come.

Slaney & Mitchell have already signed a contract for the copper work on the new post office and custom house at St. John's and will soon commence work there.

POLICE COURT.

Escaped G. P. Recaptured—Ticket of Leave Man Sentenced.

Between ten and eleven o'clock officers Finlay and W. J. Dwyer, of the James Dacey on North Market street, Jimmy had enough supplies on him to last for a good sized hunting trip. The paraphernalia was: \$2.33 in cash, pipe, two knives, pocket book, a pint glass of liquor and a good jag. James handed over \$3 and went.

One of the "G. P.'s," Frank King, has again returned to the fold. He took a vacation from that body of toilers on July 16th, but had a yearning for the old home, so he returned, like the prodigal. Officer Silas Perry acted as his guardian to headquarters. Remanded was his portion.

Michael Donovan got drunk on Pond street Saturday night. Officers White and Bowse thought Silas had no right to imbibe so freely, so did the magistrates. Result eight dollars and two months with the G. P. squad.

The case against Theodore Morrison, the blacked-up man, for malicious injury to the door of Kate Jeffrey's house on Sheffield street was disposed of this morning. The evidence of Samuel Dunham, licensed liquor dealer at the corner of Carmarthen and Sheffield street, was taken. It showed that Morrison was very drunk and very profane and that he sought to break down the door of the house owned by him and occupied by the Jeffries woman. Morrison was adjudged guilty and fined eight dollars or two months in jail with hard labor.

SHARP THUNDER STORM.

St. John Fared Well, However, Compared with Boston.

The storm which worked havoc in Boston for two hours Sunday evening, struck St. John with diminished force about half past one this morning. The stinging was not severe and outside of one or two loud thunder claps the storm here was comparatively light. The rainfall for a time at least was very heavy, and between 2.10 and 2.15 a. m. it came down at the rate of 3 inches an hour. A second shower occurred about half past seven. The total rainfall was not over one half an inch.

In Boston the storm was one of the severest of the year.

Michael J. Tully was killed by a lightning bolt which entered his home. A Revere man had the hair completely burned off his head. Damage was done to the Marine Temple in East Boston, and fifty feet of Union street was torn up and a gas main opened up.

NEW YORK THEATRE OPENING.

Work on the new York Theatre was recommenced this morning to have it in readiness for the formal opening on October 12th. The first balcony is to be brought forward so as to be seen with the new upper balcony. The whole seating plan of the theatre is to be rearranged. The stage is to be enlarged by widening it 15 feet and extending it forward 12 feet. The seating throughout will be new and the seating capacity will be 1,500.

The theatre will be formally opened with a two weeks' engagement of the Bandmann Opera Company, commencing Oct. 12th. Fifteen different operas will be presented during the engagement.

EQUITY COURT.

In the equity court this morning the suit of Cushing Sulphite Fibre Company, Ltd., vs. George S. Cushing was continued.

The examination of the defendant, Geo. S. Cushing, was resumed and will probably occupy the next few days.

A cow was herded by Officer Semple between two and three p. m. on Hillary street. It was taken to John McCarthy's stable, Simonds street.

Officer Ralston found a horse attached to a carriage, wandering on St. James street, between three and four o'clock. The find was left at Hogan's stable for safe keeping.

PERSONALS.

Mrs. John T. Sleeves of Hillsboro and Edgar A. Rowe of Halifax are visiting their parents in this city.

Fred H. Hale, M. P., was in town Saturday, looking particularly well notwithstanding the long session at Ottawa.

Mrs. Harry L. Featherfield left for her home in Dorchester, Mass., Saturday.

Miss Lily Adams of Toronto is visiting in the city.

Mr. and Mrs. Alexander Binning and Miss Binning of St. John and Miss Ida E. McLeod of Fredericton registered at the Elgin Commissioner's office, London, Sept. 13.

Mrs. L. B. Rolfe of Boston and Mrs. F. W. W. Doane of Halifax are visiting their father, E. Fisher, 10 Elliott Row.

Charles Macdougall of St. John, N. B., has arrived in town on a visit, after spending the summer in England with Mr. West and Lieut. Col. Macdougall, who went over to take a special course at Aldershot—Toronto Mail.

Mrs. Edward Manning is home from a visit to Nova Scotia, where she and Alexander Binning, J. Edgar Edgett and Fred C. Miller of St. John, N. B., were saloon passengers on the International Mercantile Marine Company's Dominion liner New England, which arrived in Boston from Liverpool on Friday, Sept. 25.

E. A. McSweeney, formerly of Moncton, but now of New York, passed through the city Saturday night on his way to New York. Mr. McSweeney is on the staff of the New York Times. He reported the recent international yacht race.

Among the guests at the Dufferin and John C. Sledge, of the bride of Halifax. Mr. Calder is of the firm of Black Bros. & Co. of that city.

Fred G. Muggah of the Sydney Record is in the city, staying at the Dufferin. He will take in side of a question is of doubtful utility. It is true that Mr. Tweedie stated his desire for a full investigation and it is possible that at some future sitting of the commission he will hear the evidence of these complainants. The fact remains that at least two men, Joseph Northrup, son of the man who died at the asylum, and Isaac Worden, of Carleton, declare that they went to the government rooms where the investigation was being held on Friday and were informed that they would not be allowed to give evidence. The publication of these statements may reflect discredit on the local government, but the Star cannot agree to waive itself in like discredit by suppressing them.

It is a simple matter for Commissioner Tweedie to clear himself of all suspicion of unfairness by throwing his witness box wide open at the next session.

LEWIS MORRISON TONIGHT.

Tonight Lewis Morrison and his powerful dramatic company will produce his elaborate scenic and dramatic version of "Faust." The place will be mounted with magnificent scenic embellishments. Startling scenes that make the poor miserable mortal feel his weakness, when he compares his power to that of the immortal, come in quick succession. For this reason Mr. Morrison's "Faust" is a worthy moral lesson as well as a gorgeous production of dramatic and scenic art. In obtaining fine scenic effects the power of electricity is taken advantage of. There are many electric surprises and mechanical novelties, making it as a whole one of the most elaborate and brilliant productions ever witnessed.

Mr. Morrison's physique is perfectly fitted to Meplisto; his face is handsome or fiendish, as he depicts Meplisto. To His Meplisto may be said to be a revelation; it certainly is wonderful. The production here will be complete in every detail and the original New York company will be seen at the Opera House with Lewis Morrison himself as Meplisto for the last time here.

The steam barge Richard is in port with a cargo of Sydney coal consigned to the Cushing Sulphite Co. While it is not the first time that this craft has been here, still she attracts considerable attention owing to her difference in build from the majority of coal carriers arriving here. The Richard was at one time a grain boat on the great lakes, but is now owned in Sydney. She furnishes her own motive power.

Though the time for receiving the five per cent. discount on civic taxes does not expire for three days, the rush at the chamberlain's office is now on. This morning a steady stream of taxpayers flowed in and out. Mr. Sandall reports the payments about the same as this time last year.

Harrison's orchestra went to Sussex this morning to furnish music at the opening of the exhibition this evening.
