**BAPTIST UNION.**  
After the action at Truro yesterday,  
it can no longer be said that there is  
an agitation for Baptist union in the  
Eastern provinces. The project has  
passed that stage, and has reached the  
period of organization. It may be pos-  
sible to delay the consummation by  
long negotiations over the basis, but it  
seems to be accepted on both sides that  
union is necessary and inevitable.  
Both bodies are congregational in po-  
lity and the representative bodies have  
far less to do in the matter of  
union than they would have if the  
churches were organized on the Pres-  
byterian or Methodist system. The  
question of open or closed communion is  
largely settled at present by congrega-  
tions. While the Baptists are repre-  
sented as close communions, the  
practice in many congregations is  
such that union on the proposed basis  
would make no change. No one would  
think of proposing to dis-  
cuss the question of open or closed  
communion on the ground that the  
ordinance was the same as that of the  
Free Baptists. The difference in faith  
which gives the Free Baptists their  
distinctive name has almost ceased to  
be regarded as a barrier among churches.  
Methodists and Presbyterians are tradi-  
tionally supposed to be at opposite poles on  
this question. Yet they are discussing the  
question of union, and whatever ob-  
stacles stand in the way of this question  
of doctrine is not supposed to be one  
of them.

The union of the two Baptist bodies,  
of three if we consider the Nova  
Scotia Free Will Baptists as a differ-  
ent church from the Free Baptists of  
this province, may call for some  
difficult and delicate business adjust-  
ments. These bodies have their educa-  
tional interests, their home and for-  
eign missionary work, their provision  
for aged and infirm ministers, all of  
which will need to be re-arranged.  
Even men of the same faith and of  
this kind every day and it should be  
possible to find in the church organiza-  
tion the same capacity and the same  
disposition to make concessions. The Baptist bodies  
are to be congratulated on the fraternal  
feeling, the earnest desire to in-  
crease their power for good, and the  
"sanctified common sense" displayed  
in these negotiations.

**THE STAFF OF LIFE.**  
The subject of rust in western wheat  
has probably more real importance to  
the people of this continent than any  
other now under discussion. It is a  
question which the people at large  
cannot settle by debate and specula-  
tion, but it is vital to all. Unfortun-  
ately the reports from the west are  
so affected by the interests of the  
people who circulate them, and by the  
hopes and fears of the settlers them-  
selves, that a calm and accurate es-  
timate is hard to obtain. If the loss by  
rust is only in a few scattered localities,  
or if, being somewhat general, it is  
still light, the price of wheat is  
much higher than it ought to be, or  
will be a few weeks or days hence. A  
purely speculative rise in price can-  
not be maintained, but an advance  
based on a crop shortage is another  
matter. In one case the speculators  
are the gainers and losers, and in-  
cidentally the farmers will get more  
for their crop if they sell while the  
panic is on. In the other the whole  
consuming population will suffer, and  
the farmers will gain or lose according  
as he is smitten with the rust or es-  
capes his share of it. At the present  
moment the grain statisticians have  
cut down by five to ten per cent. their  
estimate of the wheat yield of the  
United States and Canada. It seems  
like a small percentage but it makes  
a great hole in the volume of exports.  
The latest reports from Manitoba and  
our own west are encouraging, though  
not exactly sanguine. From millers  
and grain buyers generally we might  
expect at this time such re-assuring  
reports as might fairly make panic  
reports make panic prices.

**DUEL OF THE CRUISERS.**  
It turns out that the Russian Novik  
was driven ashore by the Tushima  
alone. The fight between these two  
ships should be not too unequal. The  
Japanese cruiser was 3,400 tons and  
the Novik 3,000. Perhaps the victori-  
ous cruiser had some advantage in  
protection, and she carried six 6-inch  
guns, whereas the Russian cruiser de-  
stroyer had none larger than four  
point seven. The Novik had five  
knots greater speed, which would give  
her the advantage in tactics. Still  
there is sufficient advantage with the  
Japanese to explain away the re-  
sult.  
This incident illustrates the value of  
wireless telegraphy in war. It is re-  
ported that the Chitose and Tushima  
were in search of the Novik in differ-  
ent directions, and that when the latter  
found her she was able to announce  
the fact to the comrades then out of  
sight.

There is a mystery about the attempt  
to get Mr. Aylesworth with the cabinet.  
The project was announced from To-  
ronto, and the Globe, the chief Liberal  
organ there devoted an able and en-  
thusiastic editorial to the projected  
move.

new minister. But at Ottawa and  
Quebec the idea was ridiculed in the  
government organs, and the Ottawa  
Free Press declared the report to be a  
Tory invention. The facts seem to be  
that the Toronto wing of the party, in-  
spired, perhaps, by Senator Cox, desired  
to give Ontario more strength in the  
ministry. But the ministers at Ottawa,  
and notably Mr. Fitzpatrick, resented  
the intrusion. Hence Sir Wilfrid was  
led to declare that he had never sug-  
gested the Aylesworth programme.

The Solei, chief government organ  
of Quebec, has discovered a new rea-  
son why the government should not  
extend the Intercolonial to the west.  
It says that this plan would not give  
the province of Quebec a single mile  
of new railway or a single new sleeper.

Russia appears to be waiting her-  
self out of the international court by  
her disregard of the law of nations.  
And yet she is likely to need the in-  
tervention of the powers on her own  
behalf before the end of the war is over.

**BAPTIST UNION**  
Convention at Truro Unanimously  
In Favor of It.  
TRURO, Aug. 23.—The report of the  
committee on union between the Bap-  
tists and Free Baptists was adopted  
by a unanimous vote.  
Monday evening's session of the regu-  
lar business of the Free Baptist confer-  
ence of N. B.; Rev. David Long, of  
the Victoria street church, St. John;  
and Rev. W. E. McIntyre, field secre-  
tary of home missions for New Brun-  
swick. All favored union and empha-  
sized the necessity of securing by it  
to its body. The differences which now  
exists between the two bodies is not  
sufficient to longer warrant the exist-  
ence of two denominations. If the  
Baptists and Free Baptists of New  
Brunswick were to join hands, their  
power in the home mission field would  
be double, and instead of having \$2,  
700 a year, \$5,000 would be available.  
The next evening's session of the  
union committee was heard. Dr.  
Gates moved the adoption of the re-  
port and gave an outline of the move-  
ment. Rev. W. E. McIntyre seconded  
the motion and pointed out the split-  
ting up and overlapping that existed  
by reason of the separation. Rev. Dr.  
McLeod followed and declared that the  
Free Baptists were almost a unit in  
favor of union. He remarked upon  
the change that had come over the  
denomination within the last twenty  
years.  
Other speakers were Dr. E. M.  
Saunders, Rev. Isiah Wallace, Dr. E.  
M. Kierstead, Rev. E. J. Grant, and  
Dr. Thomas Trotter. It is noteworthy  
that without exception they favored  
union.

A burst of applause greeted Presi-  
dent Cummings' call for the report of  
the committee on union. It was  
given by Dr. Gates, who outlined the  
work of the committee and the pur-  
poses which animated them as a whole.  
The proposed doctrinal union of 1887  
was taken as a basis.  
This had been acceptable to the Bap-  
tists, but the Free Baptists objected  
to two of the sections and the committee  
after lengthy deliberation recom-  
mended that these sections be changed  
to read: The Lord's Supper. The  
Lord's Supper is a memorial of the  
sufferings of Christ and to repre-  
sent in the use of bread and wine  
the communion of His blood in the  
community, but is under obligation  
to commemorate His death. Perse-  
verance—We believe that a persever-  
ing attachment to Christ is necessary  
for the final saving of the soul. The  
responsibility, therefore, is placed up-  
on the Christian of making his calling  
and election sure.

**GARDEN PARTY IN CARLETON.**  
The Carleton Baptist Church held a  
very successful garden party on the  
church grounds last evening.  
Among lanterns and other gay decora-  
tions adorned the grounds. The gam-  
ing booths set up on the lawn were  
kept busy and the people spent their  
money freely at the refreshment tables,  
all to a good programme of music  
from the Carleton Cornet Band.  
The people in charge were:  
Fruit table—Mrs. E. Young, Miss  
Bessie Wetmore, Miss Holder, Miss  
Sister Pollock.  
Flower table—The Misses Alexina  
and Edith Allen.  
Ice cream—Mrs. Capt. Fitzpatrick.  
Air gun—R. J. Anderson, M. J. Las-  
ke; prize, parlor lamp.  
Bean bag—Genl. Mr. Brown; prize,  
lemonade set. Ladies' Willows Brown,  
berry set.  
Excelsior—E. R. Gardiner, set of  
dishes.  
A handsome sum was realized, which  
will be applied to the choir fund.  
The band programme was:  
Bodas March, Thompson.  
Overture, Algonquin, Sherman.  
Fantasia, Canadian Patrol, Bliton.  
Valse, Castles in the Air, Rollinson.  
Punjabi March, Payne.  
Overture, The Spartan, Bernard.  
Valse, Love's Awakening, Karger.  
Victory March, Souton.  
Song and Dance, Hayes.  
God Save the King.

**WILL REMOVE TO CALIFORNIA.**

who has been visiting her sons, Her-  
bert and Oscar Price of north end for  
a few months, will leave for the west

Nichol will be accompanied by Mr.  
and Mrs. Herbert Price and child, who  
are to take up their residence in the  
near-off city on the golden coast. Mr.  
Nichol, stepfather of Mr. Price, has re-  
served for the St. John survey a li-  
censable position in one of the large  
lumber yards out there.

**MAY LOCATE IN CLINTON, MASS.**  
Miss Polly of Main street, north end,  
an energetic worker in young people's  
circles in Main street Baptist church,  
has gone to Clinton, Mass., possibly  
to locate there. Miss Polly was en-  
gaged in the printing trade here for  
some years and latterly had worked  
with Geo. E. Day, Canterbury street.

the practice.  
A meeting of the Seamen's Mission  
committee was held last evening. The  
only business done was to go through  
the report of the annual report, which  
will be issued very shortly.  
A party of St. Elizabeth people of  
Monquash held a picnic at Lepreau  
yesterday. On the return quite a num-  
ber missed the train, which is  
claimed by some of the picnicers left  
a half hour before schedule time.  
The sidewalk along Union street,  
west end, from the corner of Rodney  
to the post office, is being taken up  
for the purpose of having a new re-  
taining wall built. The section above  
the post office was repaired a month  
ago.  
Master Willie Nelson, formerly a sol-  
dier of Trinity church, New York city,  
and now with the Volunteer Grangist  
Co., will sing at the Sunday morning  
service at St. Andrew's church, and  
Samuel Golden will sing at the evening  
service.  
A meeting of property owners and  
residents of Murray street will be held  
on Thursday evening in Murray street  
mission hall, through the courtesy of  
the executive of the mission, to take  
steps to have the street put in proper  
repair. The chair will be taken at 8  
o'clock, and all interested are invited  
to attend.  
An accident occurred to the C. P. R.  
train which left St. Stephen at six  
o'clock last evening. About ten  
miles out the engine struck the square  
ends of the points of a cross over  
the tracks and the train was derailed.  
The car next the engine left the  
rails as did also two wheels of  
the next one. The train was delayed  
about an hour.  
The Sovereign Grand Lodge of Odd-  
fellows will meet at San Francisco

F. W. Jenkins, deputy chief of po-  
lice, arrived home last night on the  
Canadian Cal. Austin, from Boston,  
after ten days' vacation. In addition  
to seeing the Hub, the genial deputy  
enjoyed a few days in Providence, R.  
I., and at Newport, the noted summer  
resort.  
The Eastern line steamer Calvin  
Austin, Capt. Pike, arrived at 8:30  
o'clock last evening from Boston and  
Maine ports. The Austin had about  
700 passengers leaving Boston, and 300  
of these disembarked here.

**ELBRIDGE BATMAN'S WANDER-  
INGS.**  
The report circulated yesterday to  
the effect that Elbridge Batman, the  
Carleton colored sprinter, is now dying  
of tuberculosis in a London hospital  
seems to be entirely without founda-  
tion.  
Young Batman early in December  
last went to Newcastle, England, and  
since that time has contested in sev-  
eral races with success.  
Some time ago he wrote his people  
in Carleton that it was his intention  
to go to New York, then to St. Louis  
for the Olympic games, back again to  
England, returning to St. John for the  
exhibition races. Since that time no  
direct word has been heard of him.  
A man, however, who had been to  
the fair told a brother of Batman a  
week ago that he had seen Elbridge  
in St. Louis. And a Boston summer  
visitor in the city mentioned having  
seen him in Boston a few days ago.  
His family expect him home by the  
time exhibition opens.

**DYNAMITE EXPLODED**  
And Three Men at Hampstead Hurt on  
Monday.  
A serious accident occurred Monday  
morning in B. H. Appleby's quarry,  
Hampstead, Queens county. Three  
men, Allan Appleby, son of Mr. Apple-  
by, Burnham Cameron and Ralph  
Jones, were killed. The latter being  
quite badly injured.  
The men had touched off a charge,  
which hung fire. Thinking the fuse  
had gone out, they began to drill out  
the hole for another charge, when the  
original one went off.  
Young Appleby had his face and  
arms quite badly burned. His hammer  
was knocked out of his hands and the  
handle broken. Cameron was not seri-  
ously injured. Mr. Jones had his face  
and eyes badly burned, and it is fear-  
ed he may lose the sight of one eye,  
and possibly both. The drill he was  
holding was blown out of his hands,  
tearing away a thumb as it went.  
Medical aid was at once summoned,  
and the wounds of the men were  
dressed. Mr. Jones was brought to the  
city by the steamer Elaine yesterday  
and taken to the public hospital.
