- 1470 NIGHT TIME (Cohan)—J. W. Myers. A big hit in Geo. M. Cohan's "The Governor's Son."
- 1471 WHISTLE IT (Herbert)—Miss Trix and Messrs. Meeker & Murray. The great comic trio from "The Red Mill."
- 1472 AND A LITTLE CHILD SHALL LEAD THEM (Harris)—Byron C. Harlan. Chas. K. Harris' latest ballad.
- 1473 CHERRY-INTERMEZZO (Albert)—Edison Concert Band. This instrumental selection is given out by its publishers as their "follow up" number to "John."
- 1474 ALICE WHERE ART THOU GOING? (Gumble)—Billy Murray and chorus. This song is already very popular. It's popularity as a record will be even more so. The Edison Quartette sings with Mr. Murray in the choruses.
- All Edison Records have orchestra accompaniments unless otherwise stated.

Governor Swettenham Appeals for Aid in Rebuilding the City—
Subscription List Reopened

EVERY HOUSE ON HARBOR STREET WAS DESTROYED

In response to a message asking if future relief was required and if so what form it had better take, Governor Swettenham of Jamaica cables that he is deeply gratified for the offer of assistance from New Brunswick and Nova Scotia and states that it is preferred that cash should be forwarded to this position.

The contributions to the Star's fund now amount to \$221.03.

The uncertainty as to whether relief was really required having now been removed no doubt many will embrace the opportunity to contribute to assist their fellow Britons rebuild their beautiful city. In this case "He gives twice who gives quickly."

In Halifax already nearly twelve thousand dollars has been subscribed and St. John, with its close trade connections in the West Indies, should not be behind in raising a substantial sum. The Star would like to cable the first thousand dollars by the end of the week. It rests with the people of New Brunswick to make this possible.

CUSHING WANTS ASSISTANT OR ELSE INCREASED PAY

Declines to be Both Director of Public Works and Engineer on One Man's Wages.

Director of public works, R. H. Cushing, has issued his ultimatum to the city. Some time ago Mr. Cushing informed the city that he had no intention of performing the duties of city engineer made vacant through the appointment of Hurd Peters, C. E., as consulting engineer, while only nominally director of public works and while only receiving the salary attached to this position.

"I wrote you on the 5th of December last in regard to my position and on the 14th of December of the same month. You referred the matter to the amalgamations committee.

"I entered the service of the city on the 1st of April, 1901, and therefore my year ends with the 31st of March and I would respectfully request that your honorable body take some definite action in the matter at as early a date as practicable.

R. H. CUSHING.

The matter will be considered at the next meeting of the board.

WANT TO DODGE THE UNCOLLECTED TAXES

Hospital Commissioners Ask for What is Really an Increased Grant—Want Money Paid Monthly

At the next meeting of the treasury board there will be considered a request from the commissioners of the public hospital asking the common council's approval of the passage by the local legislature of an amendment as follows:

"That it shall be lawful for the common council of the City of St. John to allow and require the chamberlain of said city to pay monthly during each year to the commissioners a sum equal to one twelfth of the annual grant."

The granting of this request would place the hospital commissioners on the same footing as the school board and would save to them each year the amount lost through uncollected taxes. The city, of course, would have to bear the difference.

DANIEL OSIRIS, THE PHILANTHROPIST, IS DEAD

PARIS, Feb. 5.—Daniel Osiris, the philanthropist, who presented Mammalison to the French nation, is dead. M. Osiris bequeathed \$5,000,000 to the Pasteur Institute.

Daniel Osiris was a wealthy monk who purchased Mammalison, the chateau a few miles from Paris, which was the residence of the Empress Josephine from 1798 to 1816, renovated it, and in December, 1860, presented it to the French people as a museum. He replaced some of the former fittings and furniture and employed artists to obliterate the traces of pillage left by the Russians and Communists. In 1859 M. Osiris presented to the Institute of France a sum representing an annual income of about \$5,000 for a triennial prize of \$20,000 open to all countries for the most remarkable work of discovery of general interest, especially in the fields of surgery and medicine.

The priest in charge of the Mission church, Paradise Row, wishes to notify the congregation that the regular services and confirmation classes will be discontinued for the rest of the week.

RAILWAY DEAL SET DOWN FOR TOMORROW

Sir Thomas Shaughnessy to See Hon. Mr. Emmerson.

All Montreal Skaters Disqualified by the C. A. A. U.—Toronto Men are Black-Listed Too

MONTREAL, Feb. 5.—Fred Logan leaves tomorrow for St. John and from there will go to Pittsburgh.

Speaking of the two meets, Toronto and the C. A. A. U. and Montreal Independent, he said:

"There were no outside skaters," all Toronto boys, while we had the pick of the country; the only man known outside was Fred Robson, and I beat him four races, once in St. John."

The C. A. A. U. has disqualified all the skaters taking part in the Montreal meet, to which the International Union today replied by putting all the Toronto skaters on their black list.

Sir Thomas Shaughnessy will go to Ottawa tomorrow for the purpose of conferring with the Minister of Railways, Hon. H. R. Emmerson, with regard to the terms upon which the company may obtain a lease of full running rights for the whole of its trains between St. John and Halifax.

Officials said today that the whole question had been left open for discussion with the minister, but as to what arrangement might be made they could give no definite information.

Some ears ago the Canadian Pacific had full running rights over the Intercolonial between St. John and Halifax but these were abrogated during Mr. Blair's ministry on the ground that the C. P. R. took a large part of the local traffic. Since that change the C. P. R. trains that have gone through have been manned by I. C. R. crews and staffs.

The running of the Empire steamers into Halifax means to the C. P. R. a good deal of loss and inconvenience, and it is thought that a readjustment of conditions may be made.

MONCTON, N. B., Feb. 5.—George H. Henderson, the man struck and injured yesterday morning by a Moncton bound freight special was brought to the hospital this morning. His injuries are painful but not serious, consisting of a cut which extends down the side and over his hip together with a number of bruises. The man's name is not Steeves as first reported, the confusion in names being caused by the fact that the injured man was in the employ of Manzer Steeves. Driver Stockford says he did not see the man, as he was in the ditch and does not know what part of the train struck him, while Henderson has not a very clear recollection of the accident.

Westmorland county orange lodge holds a regular meeting at Shediac today and will probably have an all-night session as there is a good deal of business. A hundred delegates are going from this city.

Organized for the Proper Enforcement of the Scott Act—Dow Vandine Gets Permanent Government Job—No Business in Equity Court

FREDERICTON, N. B., Feb. 5.—A meeting of a number of citizens was held last evening in the Y. M. C. A. rooms, when it was decided to form a citizens' league. The objects of the new league are the better enforcement of the Canada Temperance Act and the selection of candidates for mayor and aldermen at the coming civic election pledged to the carrying out of the act.

A committee was appointed to draw up a constitution and also a committee consisting of two representatives from each ward to present names of candidates. These committees will report at a public meeting to be held next Monday evening.

KING EDWARD AND QUEEN ALEXANDRA IN FRANCE

PARIS, Feb. 4.—King Edward and Queen Alexandra today exchanged visits with President Fallieres and Mme. Fallieres, but their majesties did not make a public appearance.

Later the King and Queen rode in automobiles to Versailles, where Dethlefs, the battle printer, was their guest at luncheon. Their majesties afterwards visited the galleries and museum of the palace of Versailles.
