An investor buying C. P. R. today at 135 would get 7 1/2 per cent. on his money.
In order to sell on the same revenue basis Union Pacific would have to soar to 254.

Mr. A. R. Peacock, the "Carnegie Millionaire," who was in Montreal last week, was once the subject of a searching article on get-rich-quickers in the Cosmopolitan Magazine.
According to this article Mr. Peacock procured a box at the Metropolitan Opera House, and was fast asleep with his feet on the railing while the shrill whistles rendered the stirring battle cry in the Walcotts.

WINNIPEG, Man., Sept. 1.—The Ogilvie Flour Mills Company received Saturday morning from their laboratory and baking department, in Montreal, seventeen loaves of bread made from four these were made from wheat ground in their experimental mill from individual samples of new wheat received from different parts of the country, each loaf representing wheat from a particular district.
The loaves are all of most excellent volume, very nice texture, and splendid color, and prove conclusively that the milling quality of wheat this year is going to be superior to that of last year.
