

Its flavor tempts!

Your first taste of London Lager will make your palate thrill with a new delight! For its flavor is surpassing. You have never found a lager so tempting, yet so wholesome, as this deliciously mild lager. Some of the best Bavarian beers equal London Lager's rare quality. But they are seldom exported; and they are expensive. This newest Labatt triumph is not expensive. Yet its ingredients are the very choicest; and it is brewed with utmost care for absolute purity. London Lager

sharpens appetite

—makes your food taste better. Greatly assists digestion. Benefits the blood. And, on a hot and sultry day, London Lager refreshes you like a cool breeze. You'll surely appreciate it. And it will do you much good. London Lager is

ideal at dinner

—stimulates tired appetite; adds savor to meat; allays thirst. Quit imported lagers, not nearly so fine and twice as costly. Just try it and judge.

Order it next time

—from all usual dealers in beverages or direct from John Labatt, of London, Canada.

Continued from page 4.
At a beauty show is certainly some class when it comes to the grey matter and the artist's touch for her act of a lady of fashion. For her act the stage is set with a room setting and the Lady is supposed to be at home. Her first duty on entering is to feed the large rag doll which occupies a position of vantage in a cradle on the stage. Dolly fed from a liberal sized bottle of "pap" the Lady proceeds to order her own meal. Sitting up to the table and ringing for the waiter she writes her order and the waiter reads it. The food is brought and Lady Betty eats with a knife and fork, after which she orders liquid refreshment. This is brought in a bottle and with glasses accompanying. The champagne is opened, the bottle and pours the liquid into the glasses and drinks apparently with much relish. Then she forgets that she is a perfect lady for she orders cigarettes and enjoys a smoke. Following this the animal does some wonderfully clever work on a bicycle and also exhibits her skill as an equilibrist on a large globe. Taken in all the show is a very clever one and the remarkable intelligence shown by the lady was the subject of much comment.

While this is the feature act the programme includes the three Shorters on the flying rings, the Cole Trio acrobats and gymnasts and Chester Johnson who does a thrilling bicycle act. The show was well attended at both performances yesterday.

Press Men Entertained.

The newspaper men were guests of the executive of the association at a pleasant dinner in the main dining room last evening. Covers were laid for forty, and there were no vacant seats. R. O'Brien, second vice-president of the association, occupied the chair, and the dinner was served in Caterer Menzies' best style. A three course dinner was served. The most enjoyable feature of the affair was the lack of all formality. The boys took seats as they pleased, and there was no speech to prolong the function. When the guests had finished dining the chairman in a few brief remarks gave graceful expression to the debt which the exhibition association felt they were under to the newspaper men, and the singing of the National Anthem brought the affair to a close.

MANY AT FUNERAL OF MISS ODESSA SMITH

Esteem in Which Deceased
Was Held Attested by Large
Attendance at Obsequies—
Floral Tribute.

Albert, Albert Co., Sept. 2.—The funeral of Miss Odessa Smith, daughter of Mr. and Mrs. James N. Smith, of this place, took place yesterday, and was very largely attended. The services at the Baptist church and the grave side were conducted by Rev. J. H. Markham, of Harvey. Interment was made in the Hopevale cemetery. The pall bearers were H. L. Wry, R. Williamson, W. Perry, and W. S. Jones. The church service was very impressive, sorrowing friends filling the large auditorium, testifying to the popularity of the deceased. The floral tributes were abundant and beautiful from the following friends: Mrs. G. D. Prescott, pillow; H. L. Wry and staff, wreath; Mrs. W. L. Carnwath, wreath; Mrs. Wm. Larsen, cross; Mrs. L. C. Prescott, bouquet; Mrs. H. D. Cleveland, wreath; Mrs. E. Stiles, lilies and ferns; Mrs. D. Murray, cut flowers; Mrs. R. L. Fullerton, bouquet; roses; Mrs. R. C. Atkinson, wreath; Mrs. W. J. McKinnon, wreath; Miss Minnie Harris, cross; Miss Grace Wood, bouquet; Miss Nora McLeod, bouquet. The deceased was a grand daughter of Mr. and Mrs. Ira A. McConnell of LeTang, Charlotte County, and has spent a good deal of her time with her relatives there; and at the time of her illness was preparing to make another visit there, and with her aunt visit friends and relatives in Boston, but these plans were cut short by an illness of less than one week of fever and typhoid pneumonia, heart failure being the immediate cause of death.

OBITUARY.

Frederick Junction, Sunbury Co., N. B., Sept. 2.—One of the saddest deaths occurring in this community for some time took place this noon, when Mrs. Geo. Hawkes passed away after a short illness from embolism on the brain. The deceased lady was greatly beloved in the place and besides leaving a husband and three young children (one newly born) leaves a father, mother, four brothers, and one sister. Mrs. Hawkes was the eldest daughter of Henry Messerieu, of Frecey, and was in her 23rd year. The young husband was less than a year married to her, his first wife dying under similar circumstances some years ago. The Frederick Junction Brass Band intend holding a picnic the 8th inst. The Frederick Junction Band will furnish the music for the occasion. Barring bad weather a highly entertaining time may be anticipated.

Strangers Throng To The "Nickel."

It was like holding a grand reception to the strangers in town at the Nickel yesterday morning, afternoon and evening. All day long the popular big theatre was packed with people, most of whom were visitors to the Dominion Exhibition, which is such a grand success. A fine bill was enjoyed by these strangers too, and it is more than probable that after the rush of yesterday at the buildings, many more will avail themselves of the opportunity today and again tomorrow to take in this show. The renovated interior seemed to please all and Miss Hall in her Southern dainties and talks, John W. Myers in his great song "Bonnie Mc Highland Lassie," were recalled time and again. The pictures were enjoyed also and the orchestra added greatly to the entertainment. The show Wednesday. Doors open at 10.15 1 p. m., and at 6.30 p. m.

NOTES.

The art room was the centre of attraction yesterday. The display already hung is very fine. It will be augmented today by 25 English pictures which were loaned for the occasion and which arrived in the city yesterday and will be hung this morning. Space has been particularly reserved for them.

The first death occurred on the grounds on Saturday evening and this was evened yesterday when the first births occurred. Twin calves were born to one of the finest of the Ayrshire cows in the exhibit and a large sow also brought into the world a litter of pigs.

Arthur E. King, formerly of this city, but now of Toronto, was a visitor to the buildings and grounds yesterday. Mr. King was at the Toronto exhibition one evening last week, and he says that for the size St. John has it on Toronto.

A fine exhibit of old English china was sent to the women's department yesterday afternoon by Mrs. E. H. S. Flood. It is a most beautiful collection and well repays inspection. Some choice Maltese lace, the work of a 14 year old girl was also placed in position yesterday.

By last evening all the exhibits in the main building were in shape and the verdict now is that the fair is the best ever held east of Toronto.

One of the tanks in the agricultural building containing the live fish in the provincial government, burst yesterday afternoon and the water splashed the bystanders. One wrathful gentleman was observed hunting for the manager as he claimed the accident had cost him a new pair of trousers.

This afternoon the tea room will be in charge of the ladies of the Natural History Society. Mrs. George F. Mathew will be the chairwoman of the forces.

Police headquarters have been located in the agricultural building. Up to last evening there had been no arrests.

Two keys found on the grounds were taken to police headquarters where they may be obtained.

The old familiar merry-go-round with the addition of a really good orchestra occupies a position of vantage on the grounds and was well patronized by the children and many of the grown-ups as well. This year there is opposition to the merry-go-round in the form of a circle wave. It has a double motion and is guaranteed to shake the most solid visitor to the fair.

When lighted up as they were last night the Pike and the grounds present a brilliant and animated spectacle.

Madame Melba was a visitor to the big fair yesterday afternoon. She made the tour of the grounds and buildings under the personal escort of members of the executive committee. She was greatly pleased with the fair and expressed herself to this effect. During her tour she visited the women's work department and purchased some of the work shown. Among the articles purchased by her were a set of crocheted mats, exhibited by Mrs. Alma Wilson, and a set of crocheted dinner mats exhibited by Mrs. Carlyle of Stewarton, N. B. In all Madame Melba made purchases to the extent of \$18.

The following newspaper men from outside the city visited the press room yesterday:
R. N. Jarvis, Greetings, St. George; M. A. MacLeod, A. S. News, G. P. Black, Maritime Farmer, Sussex; L. H. Johnston, Publicity agent, N. S. Co., Halifax; Theodore Rand McNally, Mail, Fredericton; Robert L. Cotton, The Examiner, Charlottetown; Walter P. Clarke, Daily Mail, Fredericton; James T. Fraser, Eastern Chronicle, New Glasgow; Miss E. M. Blair, and Miss Blanche Goudy, Yarmouth Times; K. B. Cameron, Daily News, Omaha, Nebraska; J. E. H. McCready, Daily Guardian, Charlottetown; Geo. McDade, Leader, Newcastle, N. B.; H. B. Anselow, Graphic, Campbellton; J. Douglas Black, Glenora, Fredericton; J. M. Miller, of the Maritime Daily Post, visited The Standard booth yesterday.

**INTERESTING EXHIBIT
OF PLATE AND CUTLERY**
For admirers of plate and jewelry, no more attractive exhibit than the exhibit of J. Grondines. An article reprinted by this firm, it is said, is quite as good as new. Mr. Grondines being a specialist in the art of plating. All manner of jewelry is also repaired at rock-bottom prices, and satisfactory work assured. A most complete and up-to-date line of cutlery and table silver is displayed at this exhibit, where many are kept. Its facts will be learned by a brief visit and inquiry. The motto of the firm is "Old things made new," and a glance at some of the results of their work will convince the most skeptical of the justice of their claim.

MASON & RISCH DISPLAY OF PIANOS

In the Northern balcony of the exhibition building, the Clark & Sons piano exhibit in charge of Mr. W. A. Buchanan, is attracting a large share of attention. A half dozen of fine instruments are on exhibit, including one of the Mason & Risch famous pianos. This well known concern is strictly up to date in this business. In patterns of instruments displayed there is evidence of the present day leaning towards the modern line effects, and in some cases even to an extreme plainness of style. The finish on the Mason & Risch piano is perfect and this coupled with the simplicity of design makes this instrument particularly attractive as to appearance. With regard to the tone and lasting qualities of the Mason & Risch piano there are no two opinions, and Mr. Buchanan and his assistants in the booth are kept busy explaining to numerous visitors the advantages of this instrument. There is on display a regular little beauty, in the form of a miniature grand, beautiful alike in tone and in construction, to which a great deal of attention has been given.

WHAT WOULD YOU DO IN CASE OF FIRE?

If the electric wiring started a fire? If the gas jet and the curtain came together? If the oil stove upset? What would you do to avoid \$1000 water damage for a small fire. Think it over and ask

FIRE EXTINGUISHERS THAT PUT OUT FIRES

Frank R. Fairweather, the only insurance agent having a booth in the fair, has a large exhibit of the different manufacturing agencies held by him. The back of the booth is made up of a large bank of chemical fire extinguishers manufactured by the American La France Fire Engine Company. Tastefully arranged around the booth are the Empire typewriters. In this connection Mr. Fairweather is conducting a public stenography bureau, so that those wishing to have any letters written at the exhibition can have it done at this booth. The charges are moderate and it should prove a great convenience to business men at the fair.
In case any insurance is required on any of the exhibits, they can be covered at the booth.
Mr. Fairweather is supplying everything for fire prevention and has samples of fire pails, fire buckets, tanks, watchman's clocks, hose, pumps etc., in his exhibit.
Each evening a demonstration of the chemical extinguisher will be given in the northeast corner of the grounds. The first of these took place last night. A large bonfire was built and soaked with kerosene oil, yet the chemical extinguisher easily handled the blaze.

A FEW FACTS WORTH KNOWING

1—The Dominion Exposition is all right.
2—You and your friends should go not once, but often.
3—The Maritime Oxygenator Co. are making two splendid exhibits.
