MANUFACTURERS OF

PURE UNFERMENTED JUICE OF THE GRAPE

For Sacramental
and Medicinal Purposes

THE FIRST House in Canada to begin the business of supplying the churches and the trade with a pure unfermented article.

We are still in the business, with a better stock of Grape Juice this year than ever before, at prices quite below those of any other house.

No longer any excuse for half-spoiled, musty grape juice, or fruit syrup, or watered jelly at the Lord's table.

Our stock is the pure "Fruit of the Vine" put up without antiseptics or adulteration of any kind, and if kept from light or frost preserve its freshness and flavor indefinitely.

We like to deal with local W. C. T. Unions, which supply the neighboring churches with Sacramental Wine. To these we give our lowest wholesale rates, thus enabling them to make a profit for the Union. The W. C. T. U. of Winnipeg is our chief agent for Manitoba.
