It is our custom every year to publish a New Series of Fall and Holiday Books.

The last Christmas of the Nineteenth Century found us with a most excellent set of "Holiday" Books put into our agent's hands. The enormous sales made by our solicitors demonstrated that the most profitable thing to do is to give agents the very best books that can be made for the price. This year we began earlier than usual, and we employed a large number of artists and authors, and have spent a good deal more money than ever before in getting our books ready. The result is, we have the finest set that we or any other house have ever put upon the market. We confidently believe they will outsell any other books published this Fall. For this reason we are in a position to offer all those seeking profitable employment something better than ever before.

No one can begin to appreciate what a beautiful set of books we have until they see the Agent's Outfit, so we propose sending absolutely free of charge, a sample case containing prospectus of the different books, to all worthy persons writing us. This magnificent outfit represents about \$5.00 actual value, and yet we are so confident of an agent's success with these books that if the reader of this advertisement will take up the agency and promise to give the work a trial, we on our part will assume the cost and risk in sending the complete canvassing outfit absolutely free of charge. Remember we make this offer only to worthy persons who will promise to canvass. If you cannot devote your exclusive time to the work, get our sample book at once and do what you can in your spare time. We will pay you our big commission on all you sell, as well as giving premiums. If you can work regularly, we shall be pleased to engage you on salary.

HOW CAN WE AFFORD TO PAY SALARY TO AGENTS? When offered a salary for your time, the question naturally arises "Can I earn the salary offered?" We know from many years' experience, that a person of average ability, who will post himself thoroughly on the merits of the book and work as faithfully as he would at any other occupation, can earn the amount guaranteed even under unfavorable conditions. Where one person fails to earn the salary guaranteed on the basis of our regular commission, most of the others make more, so we can well afford to make up any deficiency to the few who fail to earn the salary. We, therefore, hope you will not delay writing us, saying that you saw our advertisement, and requesting us to mail you our liberal offers and illustrated circulars describing these books. Upon receipt of your inquiry we will write promptly.

NO CAPITAL IS REQUIRED

We pay freight and ship books on credit under very favorable conditions. Do not fail to write before you sleep. It will cost you absolutely nothing. Address,

Miss Maude Candler, while shopping in one of the stores in Toronto, last Wednesday was taken ill and before medical attendance could be secured she expired.

'We frequently use PERRY DAVIS' PAIN-KILLER for pains in the stomach, rheumatism, sciatica, toothache, neuralgia, headache, and all ailments which beset men in our position. The town of Pugwash has been brought into unusually prominence lately by no doubt, partly on account of the fire which visited town a few weeks ago. A Boston paper says the \$50,000 fire was a great misfortune to the little town, but wondered if the town's name was not a greater misfortune. A Portland paper also states that if Pugwash is rebuilt, it is to be hoped its name will be changed.

They Disagreed Materially An Editor of one of our exchanges says that he and his wife disagree with each other materially. She sets things to rights and he writes things to set. She reads what others write, and he writes what others read. She keeps the devil out of the house to the best of her ability while he retains him on all occasions and could not go to press without him. She knows more things than she writes and he writes more things than he knows.

In more than three thousand schools in Great Britain the boys are studying text-books on Canada which set forth her history, explain her system of Government, and lay stress upon her natural resources. These books are supplied free by the Dominion, and Lord Strathcona, Canada's high commissioner to the mother country, will give valuable medals next spring to the scholars who pass the best examinations on them. The laudable aim of Strathcona and his countrymen is to impress British youth with the advantages of the Dominion as a field for emigration.

Many a college graduate renounces a career for the purpose of tackling a steady job. Occasionally a foolish young man flatters a girl until she gets too stuck up to speak to him.

How charming you look! said a coal heaver to the gaily dressed landlady of a small public house. Thank you; but I am sorry I can't return the compliment, she replied with a bland smile. You could if you told a lie, as I have been doing.

Relieve those Inflamed Eyes! Pond's Extract Reduced one-half with pure soft water, applied frequently with dropper or eye cup, the congestion will be removed and the pain and inflammation instantly relieved. CAUTION! Avoid dangerous, irritating Witch Hazel preparations represented to be "the same as" Pond's Extract which easily cure and generally contain "wood alcohol," a deadly poison.

What is an orphan? asked the teacher. None of the children seemed to know. Well, I'm an orphan, said the teacher, which was none too plain a clue. A hand popped up, and the owner exclaimed: An orphan is a woman that wants to get married and can't.

WHY CATARRH IS FATAL. Because it pours a flood of poisons into the circulation that saps strength and digestion so materially as to render the body incapable of resisting disease, and consumption the result. Catarrh is quickly cured by Catarrhoxone, a fragrant germ destroying vapor that goes to the root of the disease. It soothes and heals the inflamed mucous surfaces, clears the head and throat, and positively never fails to perfectly cure Bronchitis, Asthma or Catarrh. Nothing is so good for diseases of the respiratory organs as Catarrhoxone. Large outfit \$1. Small size 25c. Druggists or by mail from Polson & Co., Kingston, Ont.

JUMBO WAS TICKLED The quality of an elephant's hide was demonstrated in the attempt to kill Jumbo II, by electricity on the Buffalo exposition grounds the other evening. The electric wires and the electrodes placed behind his ear and at the end of his spine conveyed a current of 2,200 volts into the beast, but Jumbo II merely felt tickled. The shock was repeated several times but after each attempt the elephant threw his trunk around and gave a pleased sort of grunt. The electricians finally gave it up. A current of 1,800 volts will kill a man. But an elephant's hide needs to be taken into special consideration, it appears, in such an affair.

CRAMPS ARE LIKE BURGLARS they come unexpected and when they are least welcome. Be armed with a one minute cure for cramps and keep Polson's Nervine handy; it acts instantaneously. Nervine has five times greater medicinal value than any other remedy and is sold in large 25 cent bottles. Try it.

Postmaster General Wm. Mullock of Canada conferred with Postmaster General Emory Smith and his Assistant Postmaster General Shallenberger, at Washington, Monday on proposed improvements in the mail facilities between Canada and the United States, principally regarding those transportation routes which run over Canadian territory. Arrangements have been effected under which Canada will take charge of the transportation of the United States mails across a Canadian territory for Alaska July 1 next.

ALIVE, YET HALF DEAD Feeling miserable. This is the condition of thousands of growing girls and women. Can't eat enough to be truly alive. Digest so little of what they do eat, as to scarcely know what life really means. Miserable? Of course. Eat more, digest more, then feel stronger through life's renewed current, the buoyancy, the strength, the hopefulness of youth. Simple dose if you'll just use Ferronine, the wonderful blood maker nerve strength and brain vigor. Dr. G. C. McDougall druggist, knows all about it. Call and ask him about it.

PAIN-KILLER is more of a household remedy than any other medicine. It meets the requirements of every home. Cures cramps and dysentery and is the best liniment made. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. 25c. and 50c.

The title of the Prince of Wales has been borne by sixteen persons. Of these five died before coming to the throne, but were deposed and put to death. One came to the throne and reigned longer, but was insane, four had unbroken reigns, and a fifth is now adding to their number, while the remaining one has just received it.

THE MATERIALS USED IN THE D. & L. EXHIBITION are the finest that market affords regardless of expense. Taken in cases of wasting diseases, loss of weight, or loss of appetite, with great benefit. Davis & Lawrence Co., Ltd., manufacturers.

The election in Galway of Col. Lynch, an ex-officer of the Irish forces, to the British House of Commons, is one of the oldest events in parliamentary annals. In a sense it is a high compliment to British tolerance and to British institutions that an avowed enemy of the nation should be allowed to be put into nomination as a candidate for parliamentary honors. That Col. Lynch will be allowed to take his seat in the house is another question. Undoubtedly, unless he disavows having fought against the British in South Africa, his election will be quashed on the ground that he is a traitor—Sydney Record.

THERE HAS BEEN MUCH TALK about Piny-Balsam, the greatest modern remedy for coughs and colds. It cures quickly and certainly. 25c. Of all dealers. Made by proprietors of Perry Davis' Pain-Killer.
