

*The World of music in your home! It is yours for all time whenever you want it—a permanent wonderful delight.*

## *The* EDISON PHONOGRAPH

WHEN friends drop in and conversation lags, when you feel like dancing and laughing, you need Edison music. When you are alone, you want the companionship of Edison music. When you desire a particular piece sung or played by a particular artist, the Edison makes answer.

NO musical, mechanical thing has approached the triumph of Edison's remarkable invention. Its beauty of tone and volume enhanced by the diamond reproducing point that never needs changing, is incomparable. The range of Blue Amberol Records—those four minute, practically unbreakable, never wearing cylinders that unwind every conceivable kind of selection from requiem to ragtime—is certain to meet your musical taste.

Go to your Edison dealer to-day. See the new hornless types, made of beautiful wood in stunning designs. Listen to your favorites. The decision will be easy.
